Hi Ana:

The lease requires the lessor in Harlem to shampoo the carpet every two (2) years. I have attached a copy of the lease to this e-mail (page 64 under Periodic Services shows that the carpet cleaning requirement is on a 2-year schedule).

I have copied Melinda Johnson from the GSA Property Management Office on this e-mail (Melinda ... if this is not your location please pass this along to the proper person within GSA Property Management).

Thanks,
Walter

Hi Ana:

Hope that all is well at the Harlem office of President Clinton.

I will check the lease and get back to you ASAP (however ... I believe that there is a set schedule for the shampooing of the carpet for either every year or every other year of the lease).

Let me check the lease and I will get back to you by NLT tomorrow morning.

Thanks,
Walter

Hi Steve,

1. The boxes contain files related to the OFP and items necessary for the staff to provide support to President Clinton.

2. The Foundation purchased Laura's furniture and in conjunction with OFP decided it was more cost effective to bring the furniture to Harlem than have OFP or GSA purchase new furniture. The existing furniture in Laura's Harlem office is being reused by other departments.

Hope this helps, thanks.

Ana,

Steve and myself will need to research some of the below items including obtaining an opinion from our Regional Counsel's Office.

Regarding the request for bed bug services, is there currently a bed bug issue at the OFP lease location or is the request for some type of on-going maintenance services.

Gregory,

I recently forwarded to you the Fy 2012 June status of funds. I am also forwarding the FY 2013 approved budget amounts. Since some of the items below seem to be yearly recurring costs, when a final determination is made of allowable items, we should discuss how the items will impact the FY 2013 budget and the budget during a continuing resolution period.

Hi Joe,

As you know some of the staff will be transitioning back to the Harlem office soon. We need to begin setting up new vendor accounts through GSA, though most are already set-up. A complete list of the vendors is below. Can GSA pay for these services through the companies listed below or do we need to set-up an accounts with different GSA approved company?

Blondies Treehouse – waters the plants

Cintas – shredding services

Coffee distributing corp – rents coffee machines and provides k-cups

Consolidated vending enterprises – rents vending machines and provides snacks

Coca cola refreshment usa – provides beverages

De lagelanden – services the printer/copies but keeping this company depends on who will provide our IT services.

Precise continental – stationery printing

Horton brothers – stationery printing

Pitney bowes – postage meter

Uline – office supplies

Staples – office supplies

Dk connections – sets up cable connection

East coast – staff car service for Office of President Clinton related trips only

Need it now – courier service

Federal express – we already have a GSA acct

Nationwide – staff car service for Office of President Clinton related trips only

Level 3 – internet provider but keeping this company depends on who will provide our IT services.

Verizon – phone service

Tcc online – conference call line provider

Jillcaitling/tzell – travel agent

K-9 Bed Bug Services

Best,

Peter,

Thanks. Please add Ana and myself to the GSA OFPC list and subtract Deborah. Genevieve needs to remain on the GSA list for now but will be swapped out next month. We can also remove Bruce Lindsey and John Podesta from the current GSA list.

Thanks,
Greg

So that we can start inprocessing new employees and outprocessing some of the current employees, I just want to confirm that you wish to add to the Office of Former President Clinton Gregory Milne and Ana Maria Coronel and subtract Deborah Reed-Jones and Genevieve Schanoes and that you want these personnel actions to be effective on July 1, 2012.

I've enclosed a sample of a recent biweekly report regarding the Office of Former President Clinton for reference purposes.

Thank you.

Greg,

Please find attached a proposed FY 2014 budget that we can use as a starting point to discuss the FY 2014 budget.

The OFP FY 2013 budget amounts to \$734K. For FY 2014, because of a lower Rent Estimate provided by Walter Moldovan (GSA's Realty Specialist assigned to the OFP lease); there is a reduction in the Rent line item of \$21K which brings the starting point for the FY 2014 budget to \$713K. (\$21K = decrease in tax escalation amount from \$50K to \$25K offsetting by an increase in the rental operating cost of \$4K).

However, before we finalize your FY 2014 budget; we should discuss your purchase requirements, and possible benefits costs that may incur (\$32K reserve is needed that will decrease each month as the possible cost is not incurred; if we use the \$21K from the lower Rent Estimate, then the reserve is reduced to \$11K).

Once you have reviewed the files, please contact me so we can begin discussions.

The excel file named "Summary FY09 to FY 14.xls" provides a summary of approved budget amounts and spending amounts for FY 09; FY 10; FY 11 and FY 12 (up to May). It also provided FY 13 and FY 14 budget amounts. Therefore, it presents comparable amounts for each FY

Our Central Office typically will request a FY 2014 budget data call sometime in late July or August (after they receive a budget call from OMB). So, we are prepared for the budget call, I would like to have the initial discussions by mid July.

Once we finalize your budget, as with past years I will request a concurrence of the final approved amounts.

Gregory,

Late last month, you discussed with Peter Feffer (GSA HR) and myself of the upcoming changes in the composition of the OFF's staff.

Are there any further developments regarding this matter.

Please advise

Peter,

Thanks. Please add Ana and myself to the GSA OFPC list and subtract Deborah. Genevieve needs to remain on the GSA list for now but will be swapped out next month. We can also remove Bruce Lindsey and John Podesta from the current GSA list.

Thanks,
Greg

So that we can start inprocessing new employees and outprocessing some of the current employees, I just want to confirm that you wish to add to the Office of Former President Clinton Gregory Milne and Ana Maria Coronel and subtract Deborah Reed-Jones and Genevieve Schanoes and that you want these personnel actions to be effective on July 1, 2012.

I've enclosed a sample of a recent biweekly report regarding the Office of Former President Clinton for reference purposes.

Thank you.

Michelle,

In accordance with the Former Presidents Act of 1958 (see attachment, I would also like to point out that GSA administers the budget on behalf of the OFP CLinton. The Act entitles each Former President to an office staff (up to \$96,000), related benefits, frank postage, office space (a lease location), office equipment, furniture and supplies.

Over the years, the budget has been reduced:

FY09 - 1,008,000
FY10 - 878,000
FY11 - 882,000
FY12 - 767,000
FY 13 - 734,000

As demonstrated in the file "FY 2014 Impact.xls", by reducing the budget further will not allow GSA to fully administer some basic expenses such as the office staff/benefits/office space/frank postage and so on. I have not had any discussions with the OFP yet, first I would like to discuss this internally; and have additional discussions with the Budget Officer in DC.

Michelle,

I Have performed an impact worksheet showing the negative impact on the OFP CLinton.

Because the starting point is so low, the 10% reduction will not even cover Salaries, Benefits, Rent and DHS Security Charges.

This analysis is before any discussions with the OFP regarding this matter.

Further, the starting point is before any FP Pensions yearly cost of living increases and does not include any amounts for equipment or furniture. The expenses just represent current on-going costs

MEMORANDUM FOR HEADS OF SERVICES AND STAFF OFFICES

FROM: GARY GRIPPO
ACTING CHIEF FINANCIAL OFFICER (B)

SUBJECT: FY 2014 Budget Submission Guidance

Attached are guidance to develop your budget submission for FY 2014.

We are asking you to submit budgets for two scenarios. One scenario requires a budget request 5 percent below the net discretionary total provided to you for F Y 2014 in the F Y 2013 budget, in accordance with the Office of Management and Budget's government-wide budget formulation guidance. The second scenario requires a budget request that is 10 percent below the F Y 2014 level in the F Y 2013 budget.

I should point out a few changes in this budget call from prior years. First, we are asking for your budget numbers not just by top level account or fund, but also by two-letter office or program level, to provide more insight into the agency's spending decisions. Second, your

submission will be the first step in multi-stage formulation process. Both my office and the senior management team in GSA will be reviewing the submissions, and some changes to your numbers should be expected as a result of these reviews. In this regard, we would like a collaborative dialog with your offices that results in the best options for lowering costs, achieving efficiencies, and tying our budget decisions to GSA's top priorities. Independent of the traditional formulation process, you should also expect other changes in the coming months resulting from the Top-to-Bottom Reviews.

Third, you will note that the budget guidance contains no request for updated performance goals and measures. Because the Top-to-Bottom Reviews will likely result in significant changes in how we target and measure our effectiveness as an agency, at this time we are not asking for updates to the current performance goals and measures. We will issue separate guidance in July that addresses your performance metrics.

We are asking for submissions with reduction plans of both 5 and 10 percent to provide the Administrator with choices to present the best possible budget narrative to the President and ultimately to the American people. We should all agree that our FY 2014 budget request must demonstrate that GSA intends to be the Federal Government's leader in fiscal responsibility and that we are prepared to make difficult decisions on our spending.

The ideas and choices in your budget request should be driven by GSA's core mission – saving the Federal taxpayer money through efficient central services – and by GSA's value proposition to its customers – helping agencies deliver more for their missions at lower costs. Given the Federal Government's fiscal constraints and the Administration's priorities to promote efficient spending, you will need to focus on eliminating projects or services that have questionable returns, getting rid of duplicative activities, cutting lower priority spending, and reforming your operations. Your request should make clear how you will focus your resources on core activities that will be managed as efficiently as possible.

Your initial budget submission is due June 29. I look forward to working with you to build a GSA budget request that presents the best of our organization.

There is no provision in the lease covering overtime freight elevator usage under the lease for former President Clinton in Harlem (LNY23137). As such, it is a chargeable type of expense.

I copied Anabel Mulero on this e-mail as someone from her shop may be able to determine if the proposed freight elevator charges are fair and reasonable.

"Purchase 1,500 small envelopes to be used for President Clinton's personal correspondence. Printed by Precise Continental of Harrison, NJ."

To avoid any potential conflicts may I suggest the description be revised to read:
"Purchase 1,500 small envelopes for use by the Office of Former President Clinton...."

Thanks you.

Good Afternoon

Per your request on the summary of benefits that information is automated and can be obtained by going to www.opm.gov/insure at the bottom of the screen you will see all the benefits that are offered to our employees. Under Health, click on plan information, click on the state that you live in (NY,NJ etc.). All the plans that are available in your area are on that site, then if you wish you can click on Plan Brochure for complete information on the plan that you have chosen on the last page of the brochure you will find the premium information. On that web site you can also click on dental,vision,life,flexible saving account, and long term care, you will be able to find prices and benefit information as well. If you require additional information please let me know. Thank you and have a good weekend.

Joe,

As you know, some of the staff will be transitioning back to Harlem while others move down to Water St. In order to accommodate everyone in Harlem, we will need to restructure some of the cubicles. Can you send David Beale and I a list of GSA vendors we can use for this project and are there GSA funds available in the current budget we can use for this project?

Hi Marie,

I have attached information on corbra (TCC). If you go to opm.gov/insure, under Health, click on Guides to Federal Benefits, then view the RI-70-5 booklet (it's a large booklet), you will be able to view the prices for the corbra coverage. As for when the 31 days expire, it will depend on when the employee leaves, if they leave in the middle of a pay period, then the termination of coverage will end at the end of that pay period, then the 31 days count down will begin. So if you have a date for me, I can tell you better. Let me know if you have any questions. Have a great day.

Joe,

It was a pleasure to talk with you today. To recap, I'm expecting to hire two vendors for the relocation of staff to 55 West 125th from 77 Water St.

A mover to relocate staff and their contents probably on a Friday evening. I'll ask for a quote from Capital Moving . They handled the move to 77 Water.

And a furniture/workstation specialist to reconfigure an existing work cluster to accommodate eight interns. I'll ask JAD Contracting for a quote. They likewise did work at 77 Water.

All costs related to moving staff **from** 55 125th will be covered by the Clinton Foundation. The quotes will be approved by Laura Graham. Please let me know if you have any questions.

Regards,
Dave

As you know, some of the staff will be transitioning back to Harlem while others move down to Water St. In order to accommodate everyone in Harlem, we will need to restructure some of the cubicles. Can you send David Beale and I a list of GSA vendors we can use for this project and are there GSA funds available in the current budget we can use for this project?

They are related. We are trying to figure out what GSA has purchased for OWJ in terms of IT equipment and expanding on the details like item, quantity and price would help a great deal. If you have information pre-2009 that would be helpful too.

Steve,

I am wondering if it is going to be possible to get a report on the amount spent on IT purchases by G S A for O W J C and the items purchased from your Finance System. I just need that information if possible.

The information I got from my finance dept is in no way accurate since they did only have the quotes from April 2009 and don't know which invoices were approved and paid.

I am trying to avoid sending any wrong info to Senior Management. I am out of office completing PMP training and will be back on Friday. In the meantime I am available via email.

Funding is approved based on Regional Counsel decision in that they approved the attached request as they consider it a part of supplies. This is still subject to your normal approval process.

Good Day Ana Maria:

Attached is the 07/24/12 payment request for \$690.00 to Precise Continental. The reason for expenditure reads as follows:

"Purchase 1,500 small envelopes to be used for President Clinton's personal correspondence. Printed by Precise Continental of Harrison, NJ."

To avoid any potential conflicts may I suggest the description be revised to read:

"Purchase 1,500 small envelopes for use by the Office of Former President Clinton...."

Thanks you.

Hi Michelle,

I will need a resume (including full name and home address) for the on-boarding process. In addition to the resume, please complete the attached appointment documents. Your appointment will be effective on Monday, August 13, 2012. All documentation should reflect the August 13th date. For the OF-306, please sign and date as an appointee. All documents may be scanned and emailed to alicia.boston@gsa.gov.

If you have any questions, please call me on (212) 264-8300.

Thanks.

Joe,

Wanted to alert you to an employee transition. Nicole Mouton, former director of correspondence, has left the foundation. Meaghan and Steven, copied on this traffic are the interim directors of correspondence. They are CF employees, not on GSA payroll. Can you alert your staff, lockheed martin and any other GSA vendors that deal with correspondence. I have asked Ana to set up a call with myself, Ana, you, your staff as you deem needed, steven, meaghan and genevieve for today or tomorrow so that we can touch base on where we are as relates to GSA issues as well as any concerns or questions your team may have. Thx lg

All the other items purchased this week had an invoice attached which stated the OFP, this one does not have an invoice. Therefore, the order that is being asked for us to purchase can be viewed as being for the Foundation.

Please cross off the Foundation and re-submit with the OFP.

Linda,

We are still awaiting a signature from Laura on the Quill order for three chairs. If we order by tomorrow, there is free shipping.

Please do not use the Foundation letterhead.

On behalf of Laura I will respond:

MNJ Technologies – Please hold. Laura has placed a hold on the purchase of the server.
OLI – Helen will have the vendor correct the addressee to read OFP and will resend.
Robin Wilson – Please disregard the quote for \$3,887 it was sent by Helen in error. Helen will have the vendor correct the addressee to read OFP and will resend.
Quill- Helen will have the vendor correct the addressee to read OFP and remove shipping cost. She will resend.

Please let me know if you have any questions.

Best regards,
Linda

Colleen,

I'm a bit confused. This is the form that Laura normally signs to approve GSA purchases. The process has been to send you this form along with the quote or invoice provided by the vendor. As this item is being charged on the GSA credit card and purchased directly from Quill.com there is no additional quote/invoice to provide.

Can you please let me know what needs to be done so we can proceed with this order? Thanks for your assistance.

Best regards,
Linda

Linda,

We cannot accept this, as it is still on Clinton Foundation stationary. From now on, please do not submit any invoices that do not say office of former President Clinton on them.

Thanks for your cooperation.

On behalf of Laura I will respond:

MNJ Technologies – Please hold. Laura has placed a hold on the purchase of the server.
OLI – Helen will have the vendor correct the addressee to read OFP and will resend.
Robin Wilson – Please disregard the quote for \$3,887 it was sent by Helen in error. Helen will have the vendor correct the addressee to read OFP and will resend.
Quill- Helen will have the vendor correct the addressee to read OFP and remove shipping cost. She will resend.

Please let me know if you have any questions.

Laura,

There are some issues with orders received today for your office. The following needs to be done before we can complete the orders:

MNJ Technologies	\$7737.98	Please approve the invoice for the complete amount.
Quill.com	500.00	Shipping charges are not included for the three chairs. Additionally, we would need an invoice addressed to OFP.
OLI	4659.20	The quote needs to be addressed to OFP, not Foundation.
Robin Wilson Home	4000.00	Shipping address should be for OFP, not Foundation. There are two invoices with the same number for two different amounts(\$3887.50; 3907.80). Which is the correct one?

Thank you for your assistance.

Joe,

Wanted to alert you to an employee transition. Nicole Mouton, former director of correspondence, has left the foundation. Meaghan and Steven, copied on this traffic are the interim directors of correspondence. They are CF employees, not on GSA payroll. Can you alert your staff, lockheed martin and any other GSA vendors that deal with correspondence. I have asked Ana to set up a call with myself, Ana, you, your staff as you deem needed, steven, meaghan and genevieve for today or tomorrow so that we can touch base on where we are as relates to GSA issues as well as any concerns or questions your team may have. Thx lg

Clarification:

Nicole is leaving GSA payroll as well. If so, this Friday is the end of a pay period so GSA HR should be notified soon.

Please ignore the last email.

The 5% reduction level mentioned below should have been at \$1,038K and the 10% reduction level mentioned by the CFO's Office should have been at \$984K.

The FY 2013 budget submitted is at \$944K so we are already below the 10% reduction level.

Laura,

Please review the email I received this morning from GSA's CFO's Office. We should have a conference call tomorrow to discuss.

The FY 2013 revised Budget submitted last month is at \$944K (including Mr Clinton's pension).

The 5% impact reduction level mentioned below results in a budget at \$926K and the 10% reduction level mentioned below results in a budget at \$872K (see file attached in my email).

Please ignore the last email.

The 5% reduction level mentioned below should have been at \$1,038K and the 10% reduction level mentioned by the CFO's Office should have been at \$984K.

The FY 2013 budget submitted is at \$944K so we are already below the 10% reduction level.

Laura,

Please review the email I received this morning from GSA's CFO's Office. We should have a conference call tomorrow to discuss.

The FY 2013 revised Budget submitted last month is at \$944K (including Mr Clinton's pension).

The 5% impact reduction level mentioned below results in a budget at \$926K and the 10% reduction level mentioned below results in a budget at \$872K (see file attached in my email).

The Offices of the former Presidents have now been requested to participate in the 5-10% Reductions from the FY 2011 Enacted level as targets for the FY 2013 Budget Submission. As result, I need impact statements explaining the impact of the reductions **as soon as possible** in order to incorporate this into the OMB Budget Submission that is due Friday, September 9, 2011. Please separate your impacts by 5% and 10%.

Please be aware, that it is understood that the former President's office will not be able to operate at these levels. This is the purpose of the impact statements, to explain the magnitude of effect the reductions will have on the office.

Please see the attached spreadsheet showing the targets for each former President's office. I apologize for the short turn-around. This information is extremely important.

On behalf of Laura I will respond:

MNJ Technologies – Please hold. Laura has placed a hold on the purchase of the server.
OLI – Helen will have the vendor correct the addressee to read OFP and will resend.
Robin Wilson – Please disregard the quote for \$3,887 it was sent by Helen in error. Helen will have the vendor correct the addressee to read OFP and will resend.
Quill- Helen will have the vendor correct the addressee to read OFP and remove shipping cost. She will resend.

Please let me know if you have any questions.

Laura,

There are some issues with orders received today for your office. The following needs to be done before we can complete the orders:

MNJ Technologies	\$7737.98	Please approve the invoice for the complete amount.
------------------	-----------	---

Quill.com	500.00	Shipping charges are not included for the three chairs. Additionally, we would need an invoice addressed to OFP.
-----------	--------	--

OLI	4659.20	The quote needs to be addressed to OFP, not Foundation.
-----	---------	---

Robin Wilson Home	4000.00	Shipping address should be for OFP, not Foundation. There are two invoices with the same number for two different amounts(\$3887.50; 3907.80). Which is the correct one?
-------------------	---------	--

Thank you for your assistance.

On behalf of Laura I will respond:

MNJ Technologies – Please hold. Laura has placed a hold on the purchase of the server.
OLI – Helen will have the vendor correct the addressee to read OFP and will resend.
Robin Wilson – Please disregard the quote for \$3,887 it was sent by Helen in error. Helen will have the vendor correct the addressee to read OFP and will resend.
Quill- Helen will have the vendor correct the addressee to read OFP and remove shipping cost. She will resend.

Please let me know if you have any questions.

Laura,

There are some issues with orders received today for your office. The following needs to be done before we can complete the orders:

MNJ Technologies	\$7737.98	Please approve the invoice for
the complete amount.		

Quill.com	500.00	Shipping charges are not
included for the three chairs. Additionally, we would need an invoice addressed to OFP.		

OLI	4659.20	The quote needs to be
addressed to OFP, not Foundation.		

Robin Wilson Home	4000.00	Shipping address should be for
OFP, not Foundation. There are two invoices with the same number for two different amounts(\$3887.50; 3907.80). Which is the correct one?		

Thank you for your assistance.

All the other items purchased this week had an invoice attached which stated the OFP, this one does not have an invoice. Therefore, the order that is being asked for us to purchase can be viewed as being for the Foundation.

Please cross off the Foundation and re-submit with the OFP.

Next FY, we would appreciate if this form is not used

Colleen,

I'm a bit confused. This is the form that Laura normally signs to approve GSA purchases. The process has been to send you this form along with the quote or invoice provided by the vendor. As this item is being charged on the GSA credit card and purchased directly from Quill.com there is no additional quote/invoice to provide.

Can you please let me know what needs to be done so we can proceed with this order? Thanks for your assistance.

Ladies,

Sorry about the confusion.

It is correct that the servers will be shipped to Water Street Site. Their final location is going to be Water Street based on the following:

-IT Systems Staff is located at the Water Street Site; any troubleshooting with the servers can be done ASAP.

-AC cooling at Harlem is not guaranteed to handle the load, while we can add about 10-15 more servers in the Water Street Site.

-We have setup a dedicated line between Water and Harlem so that the staff in Harlem can take full advantage of every IT Resource. The GSA sponsored IQ Server is housed at the Water Street Site and provides services to Correspondence Dept based in the Water Street Office and Scheduling Dept at Harlem.

All the other items purchased this week had an invoice attached which stated the OFP, this one does not have an invoice. Therefore, the order that is being asked for us to purchase can be viewed as being for the Foundation.

Please cross off the Foundation and re-submit with the OFP.

Next FY, we would appreciate if this form is not used

Colleen,

I'm a bit confused. This is the form that Laura normally signs to approve GSA purchases. The process has been to send you this form along with the quote or invoice provided by the vendor. As this item is being charged on the GSA credit card and purchased directly from Quill.com there is no additional quote/invoice to provide.

Can you please let me know what needs to be done so we can proceed with this order? Thanks for your assistance.

On behalf of Laura I will respond:

MNJ Technologies – Please hold. Laura has placed a hold on the purchase of the server.
OLI – Helen will have the vendor correct the addressee to read OFP and will resend.
Robin Wilson – Please disregard the quote for \$3,887 it was sent by Helen in error. Helen will have the vendor correct the addressee to read OFP and will resend.
Quill- Helen will have the vendor correct the addressee to read OFP and remove shipping cost. She will resend.

Please let me know if you have any questions.

Laura,

There are some issues with orders received today for your office. The following needs to be done before we can complete the orders:

MNJ Technologies	\$7737.98	Please approve the invoice for the complete amount.
Quill.com	500.00	Shipping charges are not included for the

three chairs. Additionally, we would need an invoice addressed to OFP.

OLI	4659.20	The quote needs to be addressed to OFP, not Foundation.
-----	---------	---

Robin Wilson Home	4000.00	Shipping address should be for OFP, not Foundation. There are two invoices with the same number for two different amounts(\$3887.50; 3907.80). Which is the correct one?

Ladies,

Sorry about the confusion.

It is correct that the servers will be shipped to Water Street Site. Their final location is going to be Water Street based on the following:

-IT Systems Staff is located at the Water Street Site; any troubleshooting with the servers can be done ASAP.

-AC cooling at Harlem is not guaranteed to handle the load, while we can add about 10-15 more servers in the Water Street Site.

-We have setup a dedicated line between Water and Harlem so that the staff in Harlem can take full advantage of every IT Resource. The GSA sponsored IQ Server is housed at the Water Street Site and provides services to Correspondence Dept based in the Water Street Office and Scheduling Dept at Harlem.

Hi Marie,

I have attached information on corbra (TCC). If you go to opm.gov/insure, under Health, click on Guides to Federal Benefits, then view the RI-70-5 booklet (it's a large booklet), you will be able to view the prices for the corbra coverage. As for when the 31 days expire, it will depend on when the employee leaves, if they leave in the middle of a pay period, then the termination of coverage will end at the end of that pay period, then the 31 days count down will begin. So if you have a date for me, I can tell you better. Let me know if you have any questions. Have a great day.

Hi Luz,

We need to give the GSA staff who are losing GSA benefits (i.e. Doug Band and Justin Cooper) information on receiving cobra, when the last date of coverage is, etc. Is it possible you can send that information to Charles Ferguson, our Compensation & Benefits Manager? He has been added to this email.

Good Afternoon

Per your request on the summary of benefits that information is automated and can be obtained by going to www.opm.gov/insure at the bottom of the screen you will see all the benefits that are offered to our employees. Under Health, click on plan information, click on the state that you live in (NY, NJ etc.). All the plans that are available in your area are on that site, then if you wish you can click on Plan Brochure for complete information on the plan that you have chosen on the last page of the brochure you will find the premium information. On that web site you can also click on dental, vision, life, flexible saving account, and long term care, you will be able

to find prices and benefit information as well. If you require additional information please let me know. Thank you and have a good weekend.

Hi Alicia,

I've opted to go with the other health insurance that the office offers and not through GSA. Do I still need to fill out the paperwork? Also, if I ever decide that I want to go through GSA for health care insurance, what are the restrictions and guidelines? Do I have to wait until it is open season which I believe is in December?

Thanks,
Jacqueline

Ms. Miller,

Please be advised that your effective start date in the Office of Former President Clinton will be Monday, September 21, 2015.

I have attached the forms that need to be completed by new employees for the Office of Former President Clinton, serviced by GSA. You may return copies of each of the forms to my attention

via fax ([212-264-6798](tel:212-264-6798)) or email to alicia.boston@gsa.gov by 9/22/15, however, you will also need to mail the originals to my attention to the following mailing address:

U.S. General Services Administration
26 Federal Plaza (Room 18-110)
New York, NY 10278
Attn: Alicia M. Boston-Grimes, HR

The Oath of Office (SF-61 Appointment Affidavit), as well as the I-9, need to be completed by you, as well as Tina Flournoy, or another staff member from the Office of Former President Clinton, on your start date, 9/21/15.

Please bring photo identification (e.g. **state driver's license and your social security card (only if you do not have a U.S. Passport)**) for proof of identity. This is needed to complete the I-9, *Employee Eligibility Verification form*.

PLEASE NOTE: New employees must select FEHB (Federal Employees' Health Benefit) and FEGLI (Federal Employees' Group Life Insurance) within 60 days of their appointment. If you would like to "waive" your Federal Employee Group Life Insurance, (FEGLI) you must fill out the form, SF 2817, and select "option 5". If you do not return the FEGLI form, you will automatically be charged for basic life only.

As a new federal employee, to obtain benefits information such as Health Insurance Plans, Vision Plans, Dental Plans, Life Insurance etc, please go to the following OPM website:
http://www.opm.gov/insure/new_employ/index.asp

Please note - to enroll in the Health Benefits, you will need to submit a Health Insurance Election form SF 2809; however, to enroll in Dental, you must enroll online through BENEFEDS at www.BENEFEDS.com

Also, below is a link for the Thrift Savings Plan (TSP) which is a retirement savings and investment plan for Federal employees.

Ms. Miller,

Please be advised that your effective start date in the Office of Former President Clinton will be Monday, September 21, 2015.

I have attached the forms that need to be completed by new employees for the Office of Former President Clinton, serviced by GSA. You may return copies of each of the forms to my attention via fax ([212-264-6798](tel:212-264-6798)) or email to alicia.boston@gsa.gov by 9/22/15, however, you will also need to mail the originals to my attention to the following mailing address:

U.S. General Services Administration
26 Federal Plaza (Room 18-110)
New York, NY 10278
Attn: Alicia M. Boston-Grimes, HR

The Oath of Office (SF-61 Appointment Affidavit), as well as the I-9, need to be completed by you, as well as Tina Flourney, or another staff member from the Office of Former President Clinton, on your start date, 9/21/15.

Please bring photo identification (e.g. **state driver's license and your social security card (only if you do not have a U.S. Passport)**) for proof of identity. This is needed to complete the I-9, *Employee Eligibility Verification form*.

PLEASE NOTE: New employees must select FEHB (Federal Employees' Health Benefit) and FEGLI (Federal Employees' Group Life Insurance) within 60 days of their appointment. If you would like to "waive" your Federal Employee Group Life Insurance, (FEGLI) you must fill out the form, SF 2817, and select "option 5". If you do not return the FEGLI form, you will automatically be charged for basic life only.

As a new federal employee, to obtain benefits information such as Health Insurance Plans, Vision Plans, Dental Plans, Life Insurance etc, please go to the following OPM website:
http://www.opm.gov/insure/new_employ/index.asp

Please note - to enroll in the Health Benefits, you will need to submit a Health Insurance Election form SF 2809; however, to enroll in Dental, you must enroll online through

B E N E F E D \$t www.BENEFEDS.com

Also, below is a link for the Thrift Savings Plan (TSP) which a retirement savings and investment plan for Federal employees.

Steve,

I developed this schedule from GSA accounting system and my internal status of funds.

In some cases, I have just listed "computer hardware" because that is all the information in the CL or in my records.

For those cases, I have listed the CL and date in case you want to research additional details in Colleen's records. Or, we can send the file as is and see if they want more information

Please call/advise

Do you have an approximate date as to when the inventory took place? I've searched through all the files left and did not find an IT inventory.

Colleen,

Tried setting the account up online using the information that you provided. It kept failing so I called up DirectTV and found out that Commercial Accounts cannot register online to create an account. All recordings have to be set manually onsite on the DVR itself.

Neil,

The summary on the current DirecTV bill is addressed to the Office of Former Pres. Clinton for service at attn: Colleen Pappas, 55 W. 125th Street, 14th floor, NY, NY 10027-4516. However, the address at the bottom of the bill is to me at 26 Federal Plaza, NY, NY 10278. You might want to give them all this info. The account number is 021660344.

Please let me know if you need anything else.

Colleen,

Hope you are well and enjoying Spring time weather.

Would you please check on the Cardboard Vender. If they are no longer in business we have found similar cardboard with a company
Called ULINE 1-800-295-5510. The cardboard that they have is not the same quality as we had so we have to make it work for us.

This is the item number for the cardboard S-8292. Let me know if you need more information.

Thanks,
Helen

I spoke to Gary at the Copy Room. He told me if we order 2000 sheets, the price is \$200 plus \$20 for delivery by messenger, hopefully on Wednesday if I can get approval today. Anything more than that would have to go by truck and would cost considerably more, so it's probably best to order 2000 at this time and reorder whenever needed.

Hi Helen,

One of our local vendors, the Copy Room in NYC is offering us a very nice deal on the 85 x 11 cardboard (which is called chip board) \$200 for 2000 sheets plus \$20 delivery. I've worked with them in the past and they are very accommodating and generous with their services. Their phone number is (212) 371-8600.

We are running critically low on cardboard. All we have left is a small emergency stash to use for VIPs and WJC's friends.

Many thanks,
Gen

Hi Colleen:

There is an hourly overtime rate of \$200.00 for HVAC beyond the normal hours of bldg operations under the lease. I have printed out the applicable lease language and left it on your desk.

Let me know if you have any questions.

Colleen,

I have no record of this invoice, can you please forward to me? Normally the invoices come to me first for review & processing, then I submit to Laura for approval. Thanks.

Linda

Michelle,

In accordance with the Former Presidents Act of 1958 (see attachment, I would also like to point out that GSA administers the budget on behalf of the OFP CLinton. The Act entitles each Former President to an office staff (up to \$96,000), related benefits, frank postage, office space (a lease location), office equipment, furniture and supplies.

Over the years, the budget has been reduced:

FY09 - 1,008,000  
FY10 - 878,000  
FY11 - 882,000  
FY12 - 767,000  
FY 13 - 734,000

As demonstrated in the file "FY 2014 Impact.xls", by reducing the budget further will not allow GSA to fully administer some basic expenses such as the office staff/benefits/office space/frank postage and so on. I have not had any discussions with the OFP yet, first I would like to discuss this internally; and have additional discussions with the Budget Officer in DC.

Joe

Michelle,

I Have performed an impact worksheet showing the negative impact on the OFP CLinton.

Because the starting point is so low, the 10% reduction will not even cover Salaries, Benefits, Rent and DHS Security Charges.

This analysis is before any discussions with the OFP regarding this matter.

Further, the starting point is before any FP Pensions yearly cost of living increases and does not include any amounts for equipment or furniture. The expenses just represent current on-going costs

#### MEMORANDUM FOR HEADS OF SERVICES AND STAFF OFFICES

FROM: GARY GRIPPO  
ACTING CHIEF FINANCIAL OFFICER (B)

SUBJECT: FY 2014 Budget Submission Guidance

Attached are guidance to develop your budget submission for FY 2014.

We are asking you to submit budgets for two scenarios. One scenario requires a budget request 5 percent below the net discretionary total provided to you for F Y 2014 in the F Y 2013 budget, in accordance with the Office of Management and Budget's government-wide budget formulation guidance. The second scenario requires a budget request that is 10 percent below the F Y 2014 level in the F Y 2013 budget.

I should point out a few changes in this budget call from prior years. First, we are asking for your budget numbers not just by top level account or fund, but also by two-letter office or program level, to provide more insight into the agency's spending decisions. Second, your submission will be the first step in multi-stage formulation process. Both my office and the senior management team in G S A will be reviewing the submissions, and some changes to your numbers should be expected as a result of these reviews. In this regard, we would like a collaborative dialog with your offices that results in the best options for lowering costs, achieving efficiencies, and tying our budget decisions to G S A 's top priorities. Independent of the traditional formulation process, you should also expect other changes in the coming months resulting from the Top-to-Bottom Reviews.

Third, you will note that the budget guidance contains no request for updated performance goals and measures. Because the Top-to-Bottom Reviews will likely result in significant changes in how we target and measure our effectiveness as an agency, at this time we are not asking for updates to the current performance goals and measures. We will issue separate guidance in July that addresses your performance metrics.

We are asking for submissions with reduction plans of both 5 and 10 percent to provide the Administrator with choices to present the best possible budget narrative to the President and

ultimately to the American people. We should all agree that our F Y 2014 budget request must demonstrate that G S A intends to be the Federal Government's leader in fiscal responsibility and that we are prepared to make difficult decisions on our spending.

The ideas and choices in your budget request should be driven by GSA's core mission – saving the Federal taxpayer money through efficient central services – and by G S A ' s value proposition to its customers – helping agencies deliver more for their missions at lower costs. Given the Federal Government's fiscal constraints and the Administration's priorities to promote efficient spending, you will need to focus on eliminating projects or services that have questionable returns, getting rid of duplicative activities, cutting lower priority spending, and reforming your operations. Y our request should make clear how you will focus your resources on core activities that will be managed as efficiently as possible.

Your initial budget submission is due June 29. I look forward to working with you to build a G S A budget request that presents the best of our organization.

Joe,

As per my conversation with Laura, for FY2013 she would like to have the equipment and other services equal to the final enacted amounts for FY2011 (Other services from \$31K to \$25K and Equipment from \$36K to \$26K). I am responding on her behalf.

Best regards,

**Subject:** FY 2013 Budget-Follow Up-Response due 8/11

Laura,

As described in the GSA CFO's guidance below, in developing the FY 2013 budget, we have been asked to compare the FY 2013 budget to the FY 2011 budget.

The following schedule supports the discussion below:

| <u>FY 2013</u>         | <u>FY 2011</u>   | <u>FY 2011</u>     | <u>FY 2012</u> |
|------------------------|------------------|--------------------|----------------|
|                        | Original         | Final Enacted      |                |
|                        | Amount Submitted | Amount in May 2011 | Amount         |
| Submitted              | Amount Proposed  |                    |                |
| Total Budget<br>\$747K | \$898K           | \$882K             | \$747K         |

Line Items Included:

|                |       |       |       |
|----------------|-------|-------|-------|
| Other Services | \$31K | \$25K | \$31K |
|----------------|-------|-------|-------|

\$31K

Equipment  
36K

36K

26K

36K

Even though the FY 2013 budget is less than the FY 2011 Budget, the 2 line items for Other Services and Equipment are more than the final enacted amounts for FY 2011.

Would you like to:

(a) leave the budget as is; or

(b) have the equipment and other services equal to the final enacted amounts for FY 2011 (Other services from \$31K to \$25K and Equipment from \$36K to \$26K)

If you would like, we can have a conference call early next week. I have attached a schedule of approved amounts and spending from FY 2010 thru FY 2013

A response is requested by Thursday August 11th

All,

The purpose of this email is to request the necessary materials for the FY 2013 Budget Request to OMB, which is due on September 12th. Presently, we have not received additional guidance from the Office of Management and Budget (OMB) for FY 2013. Based on the current Federal budget environment and on conversations with the OMB's Resource Management Officer, FY 2013 is projected to be the same or less than FY 2011 levels.

Most likely, significant austerity measures will be imposed on all Federal agencies; therefore, the Former Presidents FY 2013 budget is expected to be flat with increases solely for pensions from the baseline FY 2011 budget. Given the current economic environment, there will be no increases for Regional Former Presidents offices for 2013.

To prepare for GSA's budget request to OMB, please review the attached object class breakout of the FY 2011 budget and adjust for any realignments. Please provide updates by Wednesday, August 17<sup>th</sup>. If you have any questions or concerns about this request, please feel free to contact me. Thanks.

Neil,

The summary on the current DirecTV bill is addressed to the Office of Former Pres. Clinton for service at attn: Colleen Pappas, 55 W. 125th Street, 14th floor, NY, NY 10027-4516. However, the address at the bottom of the bill is to me at 26 Federal Plaza, NY, NY 10278. You might want to give them all this info. The account number is 021660344.

Please let me know if you need anything else.

Laura,

Please review the email I received this morning from GSA's CFO's Office. We should have a conference call tomorrow to discuss.

The FY 2013 revised Budget submitted last month is at \$944K (including Mr Clinton's pension).

The 5% impact reduction level mentioned below results in a budget at \$926K and the 10% reduction level mentioned below results in a budget at \$872K (see file attached in my email).

On Wed, Sep 7, 2011 at 11:19 AM, Leah Anderson (BBA) <leah.anderson@gsa.gov> wrote:  
To All:

The Offices of the former Presidents have now been requested to participate in the 5-10% Reductions from the FY 2011 Enacted level as targets for the FY 2013 Budget Submission. As result, I need impact statements explaining the impact of the reductions **as soon as possible** in order to incorporate this into the OMB Budget Submission that is due Friday, September 9, 2011. Please separate your impacts by 5% and 10%.

**Please be aware, that it is understood that the former President's office will not be able to operate at these levels. This is the purpose of the impact statements, to explain the magnitude of effect the reductions will have on the office.**

Please see the attached spreadsheet showing the targets for each former President's office. I apologize for the short turn-around. This information is extremely important.

Laura,

As described in the GSA CFO's guidance below, in developing the FY 2013 budget, we have been asked to compare the FY 2013 budget to the FY 2011 budget.

The following schedule supports the discussion below:

|                      | <u>FY 2011</u>   | <u>FY 2011</u>     | <u>FY 2012</u>   | <u>FY 2013</u> |
|----------------------|------------------|--------------------|------------------|----------------|
|                      | Original         | Final Enacted      |                  |                |
|                      | Amount Submitted | Amount in May 2011 | Amount Submitted |                |
| Amount Proposed      |                  |                    |                  |                |
| Total Budget         | \$898K           | \$882K             | \$747K           | \$747K         |
| Line Items Included: |                  |                    |                  |                |
| Other Services       | \$31K            | \$25K              | \$31K            | \$31K          |
| Equipment            | 36K              | 26K                | 36K              | 36K            |

Even though the FY 2013 budget is less than the FY 2011 Budget, the 2 line items for Other Services and Equipment are more than the final enacted amounts for FY 2011.

Would you like to:

- (a) leave the budget as is; or
- (b) have the equipment and other services equal to the final enacted amounts for FY 2011 (Other services from \$31K to \$25K and Equipment from \$36K to \$26K)

If you would like, we can have a conference call early next week. I have attached a schedule of approved amounts and spending from FY 2010 thru FY 2013

A response is requested by Thursday August 11th

All,

The purpose of this email is to request the necessary materials for the FY 2013 Budget Request to OMB, which is due on September 12th. Presently, we have not received additional guidance from the Office of Management and Budget (OMB) for FY 2013. Based on the current Federal budget environment and on conversations with the OMB's Resource Management Officer, FY 2013 is projected to be the same or less than FY 2011 levels.

Most likely, significant austerity measures will be imposed on all Federal agencies; therefore, the Former Presidents FY 2013 budget is expected to be flat with increases solely for pensions from the baseline FY 2011 budget. Given the current economic environment, there will be no increases for Regional Former Presidents offices for 2013.

To prepare for GSA's budget request to OMB, please review the attached object class breakout of the FY 2011 budget and adjust for any realignments. Please provide updates by Wednesday, August 17<sup>th</sup>. If you have any questions or concerns about this request, please feel free to contact me. Thanks.

Hi everyone,

Attached is a purchase request, signed by Tina, for 2,500 large franked envelopes. The Office of Former President Clinton uses these envelopes to send military retirement letters, 100th birthday letters, and other correspondence in the scope of President Clinton's role as a former President.

We'd like to do a reorder of our 4/22/2015 purchase from Jim Donnelly of Precise Continental. The price for 2,500 envelopes (\$624.50 + \$75 est. shipping) remains the same from the previous order.

Upon GSA's approval, I will be happy to email the order to the vendor, ccing Liz, with instructions to invoice Liz for payment.

I should note that when I order, I will ask the vendor to personally confirm the delivery address before shipping. Our previous order mistakenly delivered to Liz at the Varick Street office-- she coordinated the logistics of redelivery with record speed and enviable composure. I recognize the inconvenience that caused and don't anticipate it will be a repeat problem.

Many thanks,

Genevieve

Hi Carol:

Attached please find the signed modified OA page for the Harlem office of former President Clinton.

You just need to counter-sign this OA and also the Secret Service OA that was signed and returned yesterday. If you are not going to be in the office on Monday let me know and I will counter-sign the OAs.

Thanks,  
Walter

No conversation with Peter.

Will they get paid retroactive for the week. I believe CPO is awaiting missing paperwork

I just checked Finance's payroll report for the PPE 4/9 and new staff workers Flores and Cooper did not receive pay (they are listed below). I believe this is because the papaerwork has not been completed yet by the OFP.

**Attachments:** Revise Summary FY 09 to FY 13 version 1.xlsx ; April 2011.xls

There has been a slight reduction to the OFP Clinton budget for this FY (FY 2011). The amount is reduced by \$16,407; or, from \$899,017 to \$882,610. GSA CFO's Office informed me that the reduction is because Congress did not enact the requested FY 2011 budget amount for any of the Former President's Offices. Instead, each Former President's final FY 2011 budget is essentially at the FY 2010 funding level, off-set slightly for any annual increased pension payments to the FPs.

The FY 2011 budget was not passed by object class; rather a bottom line approved budget amount. As such, for the interim, I have reduced the bottom line approved budget by \$16,407.

I have attached a Summary of Approved Budget and Spending Amounts from FY 2009 to FY 2011 with the projected budget amounts for FY 2012.

Also, the April Status of Funds Report is attached.

If you have any additional questions, please feel free to contact me.

Please find attached a **proposed** FY 2013 budget which can be used as a starting point to discuss the budget.

The FY 2013 proposed budget amounts to \$749,970K which represents an increase of \$2,672 from the FY 2012 budget of \$747,298. The increase is a result of Rent increase of \$3,253 less FPS' (DHS) decrease of \$581.

In addition to the attached 2013 budget projections, I have attached (1) a summary file which presents totals by major category from FY 2009 thru FY 2013 and (2) details of each budget line item.

I am available to discuss the FY 2013 budget in detail and we should try and have the budget finalized by **July 8th**. As with past years, once you approve the budget, please provide a written concurrence.

Please find attached a **proposed** FY 2013 budget which can be used as a starting point to discuss the budget.

The FY 2013 proposed budget amounts to \$749,970K which represents an increase of \$2,672 from the FY 2012 budget of \$747,298. The increase is a result of Rent increase of \$3,253 less FPS' (DHS) decrease of \$581.

In addition to the attached 2013 budget projections, I have attached (1) a summary file which presents totals by major category from FY 2009 thru FY 2013 and (2) details of each budget line item.

I am available to discuss the FY 2013 budget in detail and we should try and have the budget finalized by **July 8th**. As with past years, once you approve the budget, please provide a written concurrence.

*(See attached file: OFP FY 2013 projections.xlsx)*

*(See attached file: Summary FY 09 to FY 13 version 1.xlsx)*

*(See attached file: Details of FY 2013 Proposed Budget.docx)*

Hi All,

Today is my last day at the Clinton Foundation. I just wanted to say thank you for everything and that it has been great working with you all. While saddened to leave, I am excited to start law school and embark on this new journey. That being said, work still needs to get done, so please copy and email Mahalia Herbert (Deputy Comptroller) regarding all GSA budget matters. She will be working with Laura on all GSA matters from here on out. Mahalia can be reached at (b) (6) or 646.775.9126.

I wish you all success, and I hope to hear from you in the future. My personal email address is (b) (6) so please stay in touch.

Thanks,

Helen,

I was informed that Mr. Marc Gross's last day with the Clinton Foundation was July 24, 2009. Is this correct? If so, then it appears that Mr. Gross should only be paid for 40 hours during pay period ending 8/01/2009.

Please confirm.

Thanks,  
Kristine

Hello Joe and Liz,

Attached for GSA's consideration is a purchase request from the Office of Former President Clinton for congratulatory cards for Eagle and Girl Scouts. Tina has signed off on behalf of our office. Upon Joe and Liz's approval, I can place the order and advise them to contact Liz for payment.

The vendor is Scott Horton of Horton Brothers Printing (b) (6) – we reorder cards from them annually. The total cost, including delivery, for this request is \$3,588.82.

Hope you all have a great summer weekend!

Best,

Genevieve

Hi Ana Marie:

Hope that all is well.

I saw some of the e-mail correspondence today on the planned GSA site audit of the Clinton leased space scheduled for 10:00 am on Wednesday (July 28th).

I am not involved in this site audit but I wanted to let you know that Josef Yannotti is Juan Gonzalez's supervisor so it appears that GSA Property Management is just conducting their own internal inspection of President Clinton's leased space to ensure that your office is being properly serviced.

Thanks,  
Walter

Ms. Miller,

Please be advised that your effective start date in the Office of Former President Clinton will be Monday, September 21, 2015.

I have attached the forms that need to be completed by new employees for the Office of Former President Clinton, serviced by GSA. You may return copies of each of the forms to my attention via fax ([212-264-6798](tel:212-264-6798)) or email to [alicia.boston@gsa.gov](mailto:alicia.boston@gsa.gov) by 9/22/15, however, you will also need to mail the originals to my attention to the following mailing address:

U.S. General Services Administration  
26 Federal Plaza (Room 18-110)  
New York, NY 10278  
Attn: Alicia M. Boston-Grimes, HR

The Oath of Office (SF-61 Appointment Affidavit), as well as the I-9, need to be completed by you, as well as Tina Flourney, or another staff member from the Office of Former President Clinton, on your start date, 9/21/15.

Please bring photo identification (e.g. **state driver's license and your social security card (only if you do not have a U.S. Passport)**) for proof of identity. This is needed to complete the I-9, *Employee Eligibility Verification form*.

**PLEASE NOTE:** New employees must select FEHB (Federal Employees' Health Benefit) and FEGLI (Federal Employees' Group Life Insurance) within 60 days of their appointment. If you would like to "waive" your Federal Employee Group Life Insurance, (FEGLI) you must fill out the form, SF 2817, and select "option 5". If you do not return the FEGLI form, you will automatically be charged for basic life only.

As a new federal employee, to obtain benefits information such as Health Insurance Plans, Vision Plans, Dental Plans, Life Insurance etc, please go to the following OPM website:  
[http://www.opm.gov/insure/new\\_employ/index.asp](http://www.opm.gov/insure/new_employ/index.asp)

Please note - to enroll in the Health Benefits, you will need to submit a Health Insurance Election form SF 2809; however, to enroll in Dental, you must enroll online through BENEFEDS at [www.BENEFEDS.com](http://www.BENEFEDS.com)

Also, below is a link for the Thrift Savings Plan (TSP) which is a retirement savings and investment plan for Federal employees.

Hi,

Sorry this is so confusing, but this list was already approved by Laura. The confusion stems from the IT items which were taken off and sent to you separately. This is the original list with all of the approved items. The AP machine has been ordered, but not paid for – they will bill us later. Should the AP bill go directly to you? The shredder and mail cart (in bold on the attached list) have not been ordered.

Again, sorry for the confusion.  
Thanks a lot for all your help, Nicole

Ana Maria

Please find attached an excel file which lists all the attached items. I have indicated a Yes for those items which GSA will fund for the Office of Former President Clinton. Some items still need to be discussed and/or finalized (TBD).

Also, all items are based on availability of funding in FY 2012 and FY 2013 and we will start FY 2014 budget discussions soon.

While the below is provided as guidance, the actual orders should be approved in advance.

Hi Joe,

As you know some of the staff will be transitioning back to the Harlem office soon. We need to begin setting up new vendor accounts through G S A ,though most are already set-up. A complete list of the vendors is below. Can G S A pay for these services through the companies listed below or do we need to set-up an accounts with different G S A approved company?

Blondies Treehouse – waters the plants

Cintas – shredding services

Coffee distributing corp – rents coffee machines and provides k-cups

Consolidated vending enterprises – rents vending machines and provides snacks

Coca cola refreshment usa – provides beverages

De lage landen – services the printer/copies but keeping this company depends on who will provide our I T services.

Precise continental – stationery printing

Horton brothers – stationery printing

Pitney bowes – postage meter

Uline – office supplies

Staples – office supplies

Dk connections – sets up cable connection

East coast – staff car service for Office of President Clinton related trips only

Need it now – courier service

Federal express – we already have a GSA acct

Nationwide – staff car service for Office of President Clinton related trips only

Level 3 – internet provider but keeping this company depends on who will provide our IT services.

Verizon – phone service

Tcc online – conference call line provider

Jill caitling/tzell – travel agent

K-9 Bed Bug Services

PURCHASE LIST REQUEST (2).docx

Hi,

Sorry this is so confusing, but this list was already approved by Laura. The confusion stems from the IT items which were taken off and sent to you separately. This is the original list with all of the approved items. The AP machine has been ordered, but not paid for ? they will bill us later. Should the AP bill go directly to you? The shredder and mail cart (in bold on the attached list) have not been ordered.

Again, sorry for the confusion.

Thanks a lot for all your help, Nicole (See attached file: PURCHASE LIST REQUEST (2).docx)

Hi Laura

Yesterday, I received notification from my CFO's Office that the OFP Budget call will be due to their Office by 6/25 (the end of next week). Therefore, I would like to discuss the budget with you early next week.

Basically, unless Linda or yourself direct me otherwise, the proposed budget is the same set amounts as this FY with the exception of the Rent Decrease of \$143K plus the slight benefit increase of \$5K. Since Linda is on vacation next week, I can brief her this week followed by a final discussion at a later date.

OFP Budget Call FY 2012

Please find attached a proposed FY 2012 budget which can be used as a starting point to discuss the budget next Thursday (May 17th).

The FY 2012 proposed budget amounts to \$761K which represents a decrease of \$138K from FY 2011 budget of \$899K. The decrease is a result of Rent decrease of \$143K plus a benefit increase in the amount of \$5K.

In addition to the attached 2012 budget, I have attached (1) a summary file which presents totals by major category from FY 2009 thru FY 2012 and (2) some details of the budget which I can further explain and review with you.

Please find attached a proposed FY 2012 budget which can be used as a starting point to discuss the budget next Thursday (May 17th).

The FY 2012 proposed budget amounts to \$761K which represents a decrease of \$138K from FY 2011 budget of \$899K. The decrease is a result of Rent decrease of \$143K plus a benefit increase in the amount of \$5K.

In addition to the attached 2012 budget, I have attached (1) a summary file which presents totals by major category from FY 2009 thru FY 2012 and (2) some details of the budget which I can further explain and review with you.

Hi Laura

Yesterday, I received notification from my CFO's Office that the OFP Budget call will be due to their Office by 6/25 (the end of next week). Therefore, I would like to discuss the budget with you early next week.

Basically, unless Linda or yourself direct me otherwise, the proposed budget is the same set amounts as this FY with the exception of the Rent Decrease of \$143K plus the slight benefit increase of \$5K. Since Linda is on vacation next week, I can brief her this week followed by a final discussion at a later date.

Hi Colleen,

We received an invoice in the amount of \$308.14 from MNJ Technologies Direct for memory that was purchased for the Correspondence Dept. IQ server. The invoice bill to address is the Foundation which is incorrect. Should we go ahead and have Laura approve the invoice and send it to GSA for payment or should we call the vendor and have them re-issue the invoice with the correct GSA bill to address?

Please advise.

Thanks!

Hi Laura,

Can I propose the following Tuesday or Thursday (the 22nd or 24th) at 1pm for the budget discussion. Colleen has a scheduling conflict the week of the 21st and will need to perform a inventory of GSA furniture at a later date and plans to contact Helen (the following week of the 28th, I am on travel status, so I would like to have the budget discussions the week of the 21st since the CFO's budget call may be soon).

Laura,

It may be a good idea to begin the process on the 17th because I spoke to my CFO's Office in Washington, and the FY 2012 Budget call may be early this year in late June/ early July. I plan to send a proposed FY 2012 budget in the next couple of days and a narrative that I can begin discussions with Linda on the 17th.

I spoke to Gary at the Copy Room. He told me if we order 2000 sheets, the price is \$200 plus \$20 for delivery by messenger, hopefully on Wednesday if I can get approval today. Anything more than that would have to go by truck and would cost considerably more, so it's probably best to order 2000 at this time and reorder whenever needed.

Hi Helen,  
One of our local vendors the Copy Room in NYC is offering us a very nice deal on the 85 x 11 cardboard (which

is called chip board) \$200 for 2000 sheets plus \$20 delivery. I've worked with them in the past and they are very accommodating and generous with their services. Their phone number is (212) 371-8600.

We are running critically low on cardboard. All we have left is a small emergency stash to use for VIPs and WJC's friends.

Many thanks,  
Gen

Do you just want to order 2000 sheets, or a larger quantity? They might give a discount if you order more.

Hi Helen,  
One of our local vendors, the Copy Room in NYC is offering us a very nice deal on the 85 x 11 cardboard (which is called chip board) \$200 for 2000 sheets plus \$20 delivery. I've worked with them in the past and they are very accommodating and generous with their services. Their phone number is (212) 371-8600.

We are running critically low on cardboard. All we have left is a small emergency stash to use for VIPs and WJC's friends.

Many thanks,  
Gen

Hello Joe and Liz,

Attached for GSA's consideration is a purchase request from the Office of Former President Clinton for congratulatory cards for Eagle and Girl Scouts. Tina has signed off on behalf of our office. Upon Joe and Liz's approval, I can place the order and advise them to contact Liz for payment.

The vendor is Scott Horton of Horton Brothers Printing ((b) (6)) – we reorder cards from them annually. The total cost, including delivery, for this request is \$3,588.82.

Hope you all have a great summer weekend!

Best,

Genevieve

Hi Helen,

Please distribute to all GSA paid staff members.

If anyone plans to change their plan or enroll in a plan, I will serve as the liaison between your office and GSA's Consolidated Processing Center (CPC).

The Federal Benefits Open Season begins Nov. 8 and includes the Federal Employees Health Benefits program, Federal Employees Dental and Vision Insurance Program, and the Federal Flexible Savings Account Program. You may enroll or change current enrollment from one plan to another, from self to self and family, or any combination of these changes. Remember that you must re-enroll each year in FSAFEDS. Your current enrollment in a health or dental/vision plan will automatically roll over into the new 2011 plan year, unless you change or cancel your enrollment. The Affordable Care Act has made several changes to FEHB and FSAFEDS effective Jan. 1, 2011. One important change is extending FEHB coverage to dependents up to age 26. Take a look at these changes in the "[Open Season Fact Sheet](#)," and review general information on each health plan, 2011 premiums, and more on [OPM's website](#).

You are encouraged to make changes to your FEHB program enrollment through [Employee Express](#). All dental and vision program enrollments or changes must be made through [BENEFEDS](#). FSAFEDS enrollments should be made at through the [FSAFEDS](#) website. Contact: CPC, 800-651-4826, Option 2.

Hi Joseph,

Hope that everything is going well for you!

We are dusting off our shutdown plan for a quick walk through with the executives in OCFO who weren't here during the 2013 shutdown.

That got me thinking that now would be a good time to update our POC list for the letters that we have to send (via email) to the FP offices notifying them of what happens to their funding during the shutdown. Last shutdown we were here late on Sept 30 trying to get the messages out the door so I want to make sure I stay on top of it...just in case.

This is the salutation and contact email we have on file for the FP Clinton office. Can you verify that it is correct, or provide an updated salutation and contact email?

Hello,
I've attached two purchase requests for GSA's approval. Tina is out of the office so in lieu of her signature, her emailed approval is pasted into the PDFs and the bottom of this message.

Upon GSA's approval, I will place the orders with the vendors, and cc Liz for payment.

5,000 Eagle Scout cards and envelopes - Horton Brothers Printing - \$2,727- with shipping
2,500 large envelopes - Precise Continental - \$700-shipping included

With many thanks,

Genevieve

HR FAQ Video Series; Learn how to address many of your HR related needs such as accessing your personnel record in CHRIS, changing your address, what to do if your family situation changes and more! Included are companion reference guides and checklists covering topics such as Employee Express, GCIMS, Health and Life Insurance, Qualifying Life Events, etc. Be sure to check back often for future videos.

CSRS/FERS retirement package (SF 2801/3107, SF 2818, and W-4P forms) is available **online**. Click on the underlined link to access all retirement forms. If you decide to apply for retirement for best results we recommend that you submit your retirement application forms to the Consolidated Processing Center **within 8 weeks of your retirement date. For end of the year retirements we recommend submitting your retirement forms in early October** due to the fact that it is common for employees to retire in December and early January. Hi Joseph,

Thanks for providing this information for the shutdown file.

I wanted to reach out to you on a different topic.

Early last week our Office of Congressional and Intergovernmental Affairs got a request from a staffer on the minority side of the Senate Homeland Security and Governmental Affairs Committee. The person is looking to better understand the value of the program from the office's perspective and the way the office utilizes the funding to support the Former President.

We had originally provided the contact information for the office managers in the GHWB and GWB offices in coordination with Terry (since I was validating 2 out of 4 POCs I thought I'd check the other two at the same time).

Since we provided the GHWB and GWB contacts, the requestor has asked that we provide contact information for the other two offices and we are in the process of doing that, but want to make sure the office is aware that they may be contacted. Terry preferred that we in CO reach out to the office managers to let them know that this person from Senate. For the Clinton office, would you like us to convey this or would you like to do it directly? I understand that you may still be on leave so apologies for interrupting.

Here is the message I sent to the other two offices to let them know that this request was coming.

Dear NAME,

I hope that you are well. To introduce myself briefly, I work in the General Services Administration's Office of the Chief Financial Officer on appropriations-related matters.

I am reaching out to you because I was provided your name as a point of contact by your local GSA representative, in response to a recent request our Congressional Affairs office received.

As you may be aware, there have been recent efforts in Congress to revise the Former Presidents Act.

Related to those efforts, GSA has received a request from Congress for points of contact in the offices of Former Presidents to discuss the Former Presidents Act.

The Minority of the Senate Homeland Security and Governmental Affairs Committee is looking to better understand the value of the program from the office's perspective and the way the office utilizes the funding to support the Former President.

We wanted to let you know that this requester may be contacting you regarding their questions. Please let me know if you would like to discuss. I am available by email or at 206-**(b) (6)**

We are dusting off our shutdown plan for a quick walk through with the executives in OCFO who weren't here during the 2013 shutdown.

That got me thinking that now would be a good time to update our POC list for the letters that we have to send (via email) to the FP offices notifying them of what happens to their funding during the shutdown. Last shutdown we were here late on Sept 30 trying to get the messages out the door so I want to make sure I stay on top of it...just in case.

Hi Helen,

I hope that you had a nice long weekend.

I have accepted another position within GSA. Therefore Vivienne Ferrer-Morton [vivienne.ferrer-](mailto:vivienne.ferrer-morton@gsa.gov)

morton@gsa.gov will be your new payroll contact. Alicia Boston-Grimes will continue to be your back up.

Since Monday was a holiday, the payroll reminder did not populate on my calendar so I am a little behind this pay period. Please provide the pay roll for the Office of Former President Clinton for PPE 9/5/2015.

Thanks!
Kristine

Hi Helen:

Hope that you are staying cool.

Just wondering if you had a chance yet to investigate Ross Jacobs' (Landlord) claim that your office authorized Landlord to spend \$32,750.43 of the \$81,000 work allowance credit for additional millwork restoration work back in mid-2010.

I don't appear to have any records showing that a portion of the \$81,000 work allowance credit

(negotiated as part of the 10 year lease extension) has been used to date but Ross Jacobs advised me that your office had approved the \$32,750.43 in work back in 2010.

If accurate, I will need to document the expenditure and adjust the work allowance credit balance accordingly. Please advise accordingly.

Thanks,
Walter

Hi Helen:

Hope that all is well.

Back in September 2009 (under Supplemental Lease Agreement No. 3) I contracted for various finish upgrades for the 14th floor leased offices of President Clinton that included new paint and carpet throughout the office space. Ross Jacobs (Landlord) also included/provided approximately \$12,000 of free millwork restoration work (at no charge to the Government).

My files show that the original scope of work called for a considerable amount of millwork restoration to be performed ... but that this work was cut from the project due to a lack of available funding. However, and as noted, Ross Jacobs agreed to provide approximately \$12,000 of millwork restoration work at no cost to the Government.

As part of Supplemental Lease Agreement No. 4 (awarded in May 2010) I negotiated a work allowance credit totaling \$81,000 that could be used for either a supplemental HVAC installation for President Clinton or for other work as needed within the 14th floor office space. In speaking with Ross Jacobs the other day ...he informed me that you had approved the use of \$32,750.43 of the work allowance credit for additional millwork restoration work back in mid-2010.

I do not have a record of any such agreement between you and Ross Jacobs for the \$32,750.43 millwork restoration work order ...so can you please check your files to see if what Ross has told me is accurate? Ross should have come thru me for the use of any portion of the \$81,000 work allowance credit since I am the GSA Contracting Officer for President Clinton's lease. However, if you did give him such an approval .. I can update the official file to capture this deduct from the work allowance credit.

Thanks,
Walter

I asked Ana to email you this question. Some of Nicole's responsibilities are changing, taking more on for the foundation messaging and we are giving some of her OFP correspondence related responsibilities to another employee so I wanted to see if we could make the change on funding to ensure the changes in responsibilities align with the appropriate funding entity. As you know, we are always mindful of ensuring that the funding aligns with relevant responsibilities. Happy to discuss further at your convenience.

Joe,

I got a call from Helen Robinson of the Clinton office. They would like to get a DVR and have it included in their DirecTV bill. Is that OK?

Sorry, Helen, I just realized that DVR service is internal and does not require additional equipment, except for a box, so am I correct in assuming you just want to add DVR service to your bill?

Hi Helen:

Hope that all is well.

Back in September 2009 (under Supplemental Lease Agreement No. 3) I contracted for various finish upgrades for the 14th floor leased offices of President Clinton that included new paint and carpet throughout the office space. Ross Jacobs (Landlord) also included/provided approximately \$12,000 of free millwork restoration work (at no charge to the Government).

My files show that the original scope of work called for a considerable amount of millwork restoration to be performed ... but that this work was cut from the project due to a lack of available funding. However, and as noted, Ross Jacobs agreed to provide approximately \$12,000 of millwork restoration work at no cost to the Government.

As part of Supplemental Lease Agreement No. 4 (awarded in May 2010) I negotiated a work allowance credit totaling \$81,000 that could be used for either a supplemental HVAC installation for President Clinton or for other work as needed within the 14th floor office space. In speaking with Ross Jacobs the other day ...he informed me that you had approved the use of \$32,750.43 of the work allowance credit for additional millwork restoration work back in mid-2010.

I do not have a record of any such agreement between you and Ross Jacobs for the \$32,750.43 millwork restoration work order ...so can you please check your files to see if what Ross has told me is accurate? Ross should have come thru me for the use of any portion of the \$81,000 work allowance credit since I am the GSA Contracting Officer for President Clinton's lease. However, if you did give him such an approval .. I can update the official file to capture this deduct from the work allowance credit.

Thanks,
Walter

Hope that all is well.

Back in September 2009 (under Supplemental Lease Agreement No. 3) I contracted for various finish

upgrades for the 14th floor leased offices of President Clinton that included new paint and carpet throughout the office space. Ross Jacobs (Landlord) also included/provided approximately \$12,000 of free millwork restoration work (at no charge to the Government).

My files show that the original scope of work called for a considerable amount of millwork restoration to be performed ... but that this work was cut from the project due to a lack of available funding. However, and as noted, Ross Jacobs agreed to provide approximately \$12,000 of millwork restoration work at no cost to the Government.

As part of Supplemental Lease Agreement No. 4 (awarded in May 2010) I negotiated a work allowance credit totaling \$81,000 that could be used for either a supplemental HVAC installation for President Clinton or for other work as needed within the 14th floor office space. In speaking with Ross Jacobs the other day ...he informed me that you had approved the use of \$32,750.43 of the work allowance credit for additional millwork restoration work back in mid-2010.

I do not have a record of any such agreement between you and Ross Jacobs for the \$32,750.43 millwork restoration work order ...so can you please check your files to see if what Ross has told me is accurate? Ross should have come thru me for the use of any portion of the \$81,000 work allowance credit since I am the GSA Contracting Officer for President Clinton's lease. However, if you did give him such an approval .. I can update the official file to capture this deduct from the work allowance credit.

Thanks,
Walter

Joe/Terry, I have requested further clarification of where this FOIA request is being emanated. Travis Lewis who heads up the FOIA Office is on leave and returning 6/17. Until we hear back from Travis, please note item #3 (highlighted in yellow) requiring spend data. You'll also note I've asked Sherry to clarify how this FOIA is being processed. My concern is it may be the same data request we all worked on a few months ago.

All, HSGAC is likely going to mark up [this bill](#), known as the Presidential Allowance Modernization Act of 2015, which from what I understand looks to means test the resources provided to Former Presidents.

I am hoping that folks can take a look and assess, if this passed, how it would change the program. I don't anticipate GSA taking a position one way or the other on the legislation itself, but we are starting to get questions about what this would mean if it is passed. If folks do have strong opinions about the relative merits as well, I'm good with those, but I'm mostly interested in determining how this would alter current operations.

Can folks let me know their thoughts by COB Tuesday, June 23rd? Markup of the legislation will likely occur next week, though where it goes from there is not yet clear. Also feel free to loop in people who may have a good understanding of the program as it exists. I'm not sure everyone who is involved.

All, HSGAC is likely going to mark up [this bill](#), known as the Presidential Allowance Modernization Act of 2015, which from what I understand looks to means test the resources provided to Former Presidents.

I am hoping that folks can take a look and assess, if this passed, how it would change the program. I don't anticipate GSA taking a position one way or the other on the legislation itself, but we are starting to get questions about what this would mean if it is passed. If folks do have strong opinions about the relative merits as well, I'm good with those, but I'm mostly interested in determining how this would alter current operations.

Can folks let me know their thoughts by COB Tuesday, June 23rd? Markup of the legislation will likely occur next week, though where it goes from there is not yet clear. Also feel free to loop in people who may have a good understanding of the program as it exists. I'm not sure everyone who is involved.

The citation provided is only for security and **related travel costs** when GSA is allowed to pay for such items- see

link for section 102 (g).

It is not for TDY travel (i.e when staff members travel with the FP) or "general" local travel unless it meets the requirements under section 102 (g).

We do pay a security cost to DHS FPS. I have been told it is for a basic building security charge; it is not in lieu of; or, in addition to secret service protection. It is associated with a lease location - it is not a payment under the section

<http://www.archives.gov/about/laws/former-presidents.html>

Also, I am reading the below as a request under the FP's Act (payments after the the first 6 months) , not payments under the Transition Act (first 6 months after office).

We can discuss if you believe it is otherwise.

Please find attached a **proposed** FY 2012 budget which can be used as a starting point to discuss the budget next Thursday (May 17th).

The FY 2012 proposed budget amounts to \$761K which represents a decrease of \$138K from FY 2011 budget of \$899K. The decrease is a result of Rent decrease of \$143K plus a benefit increase in the amount of \$5K.

In addition to the attached 2012 budget, I have attached (1) a summary file which presents totals by major category from FY 2009 thru FY 2012 and (2) some details of the budget which I can further explain and review with you.

Hi Laura

Yesterday, I received notification from my CFO's Office that the OFP Budget call will be due to their Office by 6/25 (the end of next week). Therefore, I would like to discuss the budget with you early next week.

Basically, unless Linda or yourself direct me otherwise, the proposed budget is the same set amounts as this FY with the exception of the Rent Decrease of \$143K plus the slight benefit increase of \$5K. Since Linda is on vacation next week, I can brief her this week followed by a final discussion at a later date.

There is an outstanding balance on CL1640322 for 92.20, so I'm assuming I can apply this payment to that log, which was originally for a total of \$4000, 3907.80 of which has been paid and reconciled.

Hi,

Resending this email on our IQ equipment order. To clarify, Neil's updated quote for Nicole's laptop, number 0000475824, is fine to order.

The quotes Neil sent for our printers, quotes 0000474768 and 0000474791, are also fine **except** for they don't include extended warranties to the printers. We do need to purchase these extended warranties for our new printers. Neil said that MNJ could offer us extended warranties.

Thanks,

Genevieve

Hi Laura

Yesterday, I received notification from my CFO's Office that the OFP Budget call will be due to their Office by 6/25 (the end of next week). Therefore, I would like to discuss the budget with you early next week.

Basically, unless Linda or yourself direct me otherwise, the proposed budget is the same set amounts as this FY with the exception of the Rent Decrease of \$143K plus the slight benefit increase of \$5K. Since Linda is on vacation next week, I can brief her this week followed by a final discussion at a later date.

OFP Budget Call FY 2012

Please find attached a proposed FY 2012 budget which can be used as a starting point to discuss the budget next Thursday (May 17th).

The FY 2012 proposed budget amounts to \$761K which represents a decrease of \$138K from FY 2011 budget of \$899K. The decrease is a result of Rent decrease of \$143K plus a benefit increase in the amount of \$5K.

In addition to the attached 2012 budget, I have attached (1) a summary file which presents totals by major category from FY 2009 thru FY 2012 and (2) some details of the budget which I can further explain and review with you.

Anthony, just left you a voicemail regarding the Office of the Former President Clinton.

I spoke to Helen Robinson (212 348-6982) who would like to donate furniture to a local school in the area. I did not thoroughly explain the process but advised that there is a form to fill out and her Lease Administrator will contact her shortly.

Please contact her at your earliest convenience to provide further direction.

Good Morning!

Anthony, just left you a voicemail regarding the Office of the Former President Clinton.

I spoke to Helen Robinson (212 348-6982) who would like to donate furniture to a local school in the area. I did not thoroughly explain the process but advised that there is a form to fill out and her Lease Administrator will contact her shortly.

Please contact her at your earliest convenience to provide further direction.

I thank you!

Elizabeth,

Please see items listed below; Do you remember if you ordered the correct number? I don't think the last item was on the list, can be ordered when we get more funds.

Thanks,
Helen

Here is the original request

:

3. An accounting of all disbursements for security and travel for former presidents under the Former Presidents Act at 3 U.S.C. § 102(g) since January 20, 2001.

The question is does travel include travel related to security matters or all travel.

Here is the 3 USC 102 (g):

<http://www.archives.gov/about/laws/former-presidents.html>

.

Also there is another citation which allows GSA to pay for travel 2 staff members (attached file section 4 paragraph 2)

The citation provided is only for security and **related travel costs** when GSA is allowed to pay for such items- see

link for section 102 (g).

It is not for TDY travel (i.e when staff members travel with the FP) or "general" local travel unless it meets the requirements under section 102 (g).

We do pay a security cost to DHS FPS. I have been told it is for a basic building security charge; it is not in lieu of; or, in addition to secret service protection. It is associated with a lease location - it is not a payment under the section

<http://www.archives.gov/about/laws/former-presidents.html>

Also, I am reading the below as a request under the FP's Act (payments after the the first 6 months) , not payments under the Transition Act (first 6 months after office).

We can discuss if you believe it is otherwise.

Joe,

Will you please help with this request? I tried to reach Liz I think her phone is disconnected. [718 254 7101](tel:7182547101).

I will have Scott to send forms to you.

Thanks,

Hi Helen,

I received a phone call from Elizabeth Molten from GSA office inquiring about the use of a pay card. OFS will accept the card, but unfortunately, I do not have her email address, and her phone is out of service. [\(718\) 254-7101](tel:7182547101)

Please complete the attached form, and return to my attention.

The delivery and installation is on a separate proposal, and should be paid separately.

Thank You,

Scott

Good morning,

I've attached a purchase request for your consideration- Tina has signed off from our office. With GSA's approval, I will place the order and instruct the vendor to reach out Elizabeth Moten for payment.

We'd like to order 2,500 large grey envelopes to be used for military retirement and birthday letters, and other correspondence related to President Clinton's role as a former President. The total including shipping is \$670 and the vendor is Jim Donnelly at Precise Continental.

Best,

Genevieve

Hi Laura

Yesterday, I received notification from my CFO's Office that the OFP Budget call will be due to their Office by 6/25 (the end of next week). Therefore, I would like to discuss the budget with you early next week.

Basically, unless Linda or yourself direct me otherwise, the proposed budget is the same set amounts as this FY with the exception of the Rent Decrease of \$143K plus the slight benefit increase of \$5K. Since Linda is on vacation next week, I can brief her this week followed by a final discussion at a later date.

Please find attached a **proposed** FY 2012 budget which can be used as a starting point to discuss the budget next Thursday (May 17th).

The FY 2012 proposed budget amounts to \$761K which represents a decrease of \$138K from FY 2011 budget of \$899K. The decrease is a result of Rent decrease of \$143K plus a benefit increase in the

amount of \$5K.

In addition to the attached 2012 budget, I have attached (1) a summary file which presents totals by major category from FY 2009 thru FY 2012 and (2) some details of the budget which I can further explain and review with you.

Joe,

>From what we know, the current GSA pay period runs from 1/30/11 through 2/12/11, is that correct?
Therefore, we need to make the change for Nicole effective 2/13/11, changing her to \$9,490 GSA.
Please let me know when this is done.

Thanks,
Laura

Hi Laura

Basically, unless Linda or yourself direct me otherwise, the proposed budget is the same set amounts as this FY with the exception of the Rent Decrease of \$143K plus the slight benefit increase of \$5K. Since Linda is on vacation next week, I can brief her this week followed by a final discussion at a later date.

Hi Ana:

The lease requires the lessor in Harlem to shampoo the carpet every two (2) years. I have attached a copy of the lease to this e-mail (page 64 under Periodic Services shows that the carpet cleaning requirement is on a 2-year schedule).

I have copied Melinda Johnson from the GSA Property Management Office on this e-mail (Melinda ... if this is not your location please pass this along to the proper person within GSA Property Management).

Hi Colleen,

The past due invoices are invoices for GSA to pay (please see below). I have attached invoice #109380 and a copy of the corresponding expenditure request form that was signed by Laura. Please go ahead and pay.

Regarding the 2nd invoice #110567 unfortunately the expenditure request form was lost. I will have Laura approve the invoice and will send it to you shortly.

Thanks,

Linda

Hi Linda,

Anastasia Spanos placed the order for invoice 109380. I'm not sure if she has the expenditure request.

I place the order for 110567. Unfortunately, I longer have a copy of the request. My inbox size was recently cut in half and I had to delete a ton of items – including my scans of my old expenditure requests – in order to have my email turned back on. I do remember that the request was signed and authorized by LG.

I received the order for both requests. They were for GSA funding and should be paid if still outstanding.

Hope this helps,

Gen

Would you happen to have copies of the approved expenditure request forms for these invoices? Do they look familiar? These invoices pre-date me and I'm trying to figure out if they are GSA invoices and if they should be paid. Please advise.

Here is the original request
:

3. An accounting of all disbursements for security and travel for former presidents under the Former Presidents Act at 3 U.S.C. § 102(g) since January 20, 2001.

The question is does travel include travel related to security matters or all travel.
Here is the 3 USC 102 (g):

<http://www.archives.gov/about/laws/former-presidents.html>

Also there is another citation which allows GSA to pay for travel 2 staff members (attached file section 4 paragraph 2)

The citation provided is only for security and **related travel costs** when GSA is allowed to pay

for such items- see

link for section 102 (g).

It is not for TDY travel (i.e when staff members travel with the FP) or "general" local travel unless it meets the requirements under section 102 (g).

We do pay a security cost to DHS FPS. I have been told it is for a basic building security charge; it is not in lieu of; or, in addition to secret service protection. It is associated with a lease location - it is not a payment under the section

<http://www.archives.gov/about/laws/former-presidents.html>

Also, I am reading the below as a request under the FP's Act (payments after the the first 6 months) , not payments under the Transition Act (first 6 months after office).

We can discuss if you believe it is otherwise.

Here is the original request
:

3. An accounting of all disbursements for security and travel for former presidents under the Former Presidents Act at 3 U.S.C. § 102(g) since January 20, 2001.

The question is does travel include travel related to security matters or all travel.
Here is the 3 USC 102 (g):

<http://www.archives.gov/about/laws/former-presidents.html>

Also there is another citation which allows GSA to pay for travel 2 staff members (attached file section 4 paragraph 2)

The citation provided is only for security and **related travel costs** when GSA is allowed to pay

for such items- see

link for section 102 (g).

It is not for TDY travel (i.e when staff members travel with the FP) or "general" local travel unless it meets the requirements under section 102 (g).

We do pay a security cost to DHS FPS. I have been told it is for a basic building security charge; it is not in lieu of; or, in addition to secret service protection. It is associated with a lease location - it is not a payment under the section

<http://www.archives.gov/about/laws/former-presidents.html>

Also, I am reading the below as a request under the FP's Act (payments after the the first 6 months) , not payments under the Transition Act (first 6 months after office).

We can discuss if you believe it is otherwise.

Hi Liz,

I wanted to follow up with you on payment for IQ-an issue which has suddenly become time sensitive as we just encountered an unexpected, serious tech problem that can't be fixed until Lockheed received funding. My desk line is 646 775 9131 if you'd like to reach out.

>From what I understand, there are two separate components of our contract that need to be handled.

- 1) The Annual Maintenance license, which covers basic software updates. This can be paid by credit card or purchase order. I believe Tina emailed approval for payment last month.
- 2) Support hours, which cover the labor to fix any tech issues like we're having now. GSA "approves" our requests for a certain number of hours, and once Lockheed receives your authorization, they will invoice us for hours used. We didn't request hours for FY 14/15, because of a contractual issue related to hours being credited to our account, which I've described below. Liz-in the interest of fixing our IQ ASAP, should we request GSA authorization for additional support hours? If so, I will get approval from Tina before asking you to authorize billing.

3)

As you know, in 2013, service hours were mistakenly paid for in advance, as opposed to authorizing them to be billed as needed. These service hours expired shortly after purchase; Lockheed would not refund them but allowed us to roll them over to be used in FY2014-but not after. We spoke a few months ago about how there were still unused hours from that purchase, and that GSA could reach out to LM to clarify that the credit should be extended another year.

Good morning,

I've attached a purchase request for your consideration- Tina has signed off from our office. With GSA's approval, I will place the order and instruct the vendor to reach out Elizabeth Moten for payment.

We'd like to order 2,500 large grey envelopes to be used for military retirement and birthday letters, and other correspondence related to President Clinton's role as a former President. The total including shipping is \$670 and the vendor is Jim Donnelly at Precise Continental.

Best,

Genevieve

Subject: IQ Warranty - FY 2014

Hi Melinda and Joe,

I hope all is well.

I've attached the ROM to fund the remainder of IQ's Annual Maintenance Warranty for FY2014. The cost, \$3,024.81, covers the Period of Performance from 1/16/14-9/30/14, after the continuing resolution expired. Thank you again, Melinda and Joe, for expertly negotiating a prorated payment for coverage during the CR-and being so patient in explaining it to me:) To authorize payment, you can email Karthik Rau at (b) (6) mailto:(b) (6)

As we discussed in prior emails, Tina gave the OFP approval for the FY2014 Annual Maintenance, in its entirety, on 11/5/2013, and Lockheed credited us for unused hours from FY2013 so as of now, we don't need to authorize billing any additional labor. Hopefully, that makes it easier for everyone.

All the best,

Genevieve

Good morning,

I've attached a purchase request for your consideration- Tina has signed off from our office. With GSA's approval, I will place the order and instruct the vendor to reach out Elizabeth Moten for payment.

We'd like to order 2,500 large grey envelopes to be used for military retirement and birthday letters, and other correspondence related to President Clinton's role as a former President. The total including shipping is \$670 and the vendor is Jim Donnelly at Precise Continental.

Best,

Genevieve

I have been working with Helen Robinson regarding the establishment of Time Warner Cable services at The Office of Former President Clinton, 55 West 125th Street.

The attached illustrative contract indicates the services and fees that are called for.

Please let me know if you would need any additional information from me. Additionally, should you reach a time where you would like to move forward, I anticipate that I may need the following –

- 1) Updated contacts (Name phone and email) for signature and billing contact
- 2) The billing address

I look forward to speaking with you and hope all is well.

Best regards,

Lloyd Nilsen

Subject: Change TV/Cable Service to Time Warner

Elizabeth,

I am in the process of changing Former President Clinton's television service to Time Warner due to the limited services needed for the new TV purchased for President Clinton. I was also informed

that the building offices here at 55 West 125th street are serviced by Time Warner. My contact staffer for Time Warner is Lloyd Nelson. Mr. Nelson will send necessary documents to you today or

tomorrow for review of the new service. Liz you will have to notify Direct TV once everything is approved. We can discuss later.

Thanks,

Helen

I would say something like "For Former Presidents George HW Bush, William J Clinton, and George W Bush, the offices are not in shared space with the library. President Carter's office is located on the larger Carter Presidential Center campus, which also houses the Carter Library."

I concur with Joseph's comments on questions 1-4.

Regarding question 3, I would only add that neither FP Bush office rents space from a Presidential Foundation/Library.

5. Do you have data on the amount of space currently rented for former presidents in FY2015 (in square feet)? The most recent data we have from GSA was for FY2014. Our 2014 data are provided below:

6. Table 3. Annual Office Space Costs for Former Presidents, FY2015

Former President	Location	Square Feet	Cost
Jimmy Carter	Atlanta, GA	7,070	\$109,439
George H.W. Bush	Houston, TX	5,379	\$179,691
William J. Clinton	New York, NY	8,300	\$414,380
George W. Bush	Dallas, TX	8,237	\$420,506

Are these still accurate? If not, can you provide the appropriate data?

Leasing confirms that the figures for George H.W. Bush and George W. Bush are still accurate.

The Houston Lease expires in 2020 and the Dallas lease in 2019. No step increases are indicated in rent in the lease documents.

Dear Saul,

I am currently working with my colleague Wendy Ginsberg to update our CRS report related to the Former President’s Act. Wendy forwarded me the FY2015 data for our report, and we have a few follow-up questions to make sure we’re accurate and thorough in what we provide to Congress. Thanks for taking the time to address these questions and help us update any necessary language. Feel free to give me a call if you have any questions or concerns.

1. The budget line-item structure for FY2015 appears to be different from the budget line-item structure for FY2014 and previous years. For instance, the health benefits line item appears to be rolled into the overall personnel benefits line, while various line items for telephone, postage, and printing, have been aggregated into communications. Are any newly authorized expenses being captured in these changes or is it just a change to categorization and structure? Is it possible to get a definition for each line item?

I believe this is just the difference in how CRS categorized the data from FY 14 to FY 15. The only CJ difference from FY 14 to FY 15 in the regional allowance is a \$4K increase in Rent and a \$4K decrease in Other Services.

I reviewed regional allowances for : the CJ for FY 14 and the actual spending for FY 14; then I compared these amounts to the CRS report and amounts do not agree with the CRS report. Please refer to file Spending OFF CLinton FY 14.

For example, here’s what we have currently in our report:

- “Other Services” include cable television, HVAC services, and consulting services- among other items.
- “Supplies and Materials” include office supplies, newspapers, and periodicals- among other items.
- “Equipment” includes furniture or information technology hardware or software- among other items.

Are these up to date?
We would like to include definitions for each of the line items in the table:

Personnel Compensation - salary amount paid to staff members. This amount is set by law at \$96K per year

--

Personnel Benefits

-government paid contribution for health insurance, employer fica match, tsp match, fers, and life insurance

Pension

- **FP Pension and related benefits- this is a Central Office budget line item**

Travel

- **travel expense for the FP and up to 2 staff members traveling with him. The OFP CLinton has not used this line item for several years**

Office Space

- **Rent paid to PBS who pays the lessor**

Communications

-**cable, phone (OFP Clinton has not incurred any phone expense for several years), ups charges**

Printing

-**costs for stationary, letterhead, envelopes and other similar items**

Other Services

- **security payments to DHS for lease location, license and support hours for IQ contract, postage for flank mail (OFP CLinton fund pays Central Office, who in turn pays USPS so it is under 25.3) , furniture moves, disposal costs.**

Supplies and Materials

-**office supplies, subscriptions**

Equipment

-equipment, IT equipment, furniture and related installation costs

2. In prior years, pensions were uniform for all former presidents. However, for FY2015, the pensions for President Clinton and President George W. Bush are higher than the other former Presidents and don't appear equal to the Executive Level I pay rate. What explains this difference in pension value?

I am not sure I can answer this fully, this is a Central Office Budget line item. The FP act states pay is set equal to the head of a Executive Department - is this the same as Executive Level I pay- some other thoughts -(a) are Government paid benefits included (health insurance); and (b) years ago, there may have been a difference for some FP's because the way federal taxes was handled - (that's all that I remember; this dates back to 2005)

3. Is there any interaction between space rented for former presidents and the presidential libraries, either through public funding or private foundation financing? In short, are any former President's renting office space from a presidential library foundation or a presidential library? Would such an arrangement to share space be prohibited by law?

The OFP Clinton does not Rent space from a Presidential Foundation/Library. Also, the FP Act on the last references the Presidential Libraries Act which may provide more details of the Presidential Library requirements.

Regarding the last question, the FP Act states GSA is responsible for obtaining space; does not mention source of the location. I believe it will be best to address this with General Counsel

4. Does GSA keep annual data on obligations under the FPA as they do for appropriations? Given the ability to reprogram funds, it could be useful to our clients to understand where funding is ultimately being spent. And just to double check, the data provided is appropriated dollars, correct?

Yes, there is annual data for obligations, the excel file shows the regional allowance items for FY 14.

If by appropriated data, you are referring to what is signed into Law and approved budget, then it is appropriated data.

The obligations are from FMIS are by FY, OMB Object Class and OMB Cost element. They may not correspond to historical data as classified by CRS (e.g, other services is not an OMB OC or OMB cost element). Further, please remember, in a FOIA request, we are only required to provide our records, not manipulate them to how the request or wants them.

Also, previous years data, especially prior to FY 12, data may not be consistent from region to region. For example, only after FY 12, the use of miscellaneous vendor and the general contractor SOC was limited.

In January 2007, a memorandum was issued by the CFO requiring credit card logs

5. Do you have data on the amount of space currently rented for former presidents in FY2015 (in square feet)? The most recent data we have from GSA was for FY2014. Our 2014 data are provided below:

6. Table 3. Annual Office Space Costs for Former Presidents, FY2015

Former President	Location	Square Feet	Cost
Jimmy Carter	Atlanta, GA	7,070	\$109,439
George H.W. Bush	Houston, TX	5,379	\$179,691
William J. Clinton	New York, NY	8,300	\$414,380
George W. Bush	Dallas, TX	8,237	\$420,506

Are these still accurate? If not, can you provide the appropriate data?

FY 15 approved budget for Rent is set at \$428,501 (\$423,501 Base plus \$25,000 for tax escalation). The square footage is correct

Elizabeth,

I am in the process of changing Former President Clinton's television service to Time Warner due to the limited services needed for the new TV purchased for President Clinton. I was also informed that the building offices here at 55 West 125th street are serviced by Time Warner. My contact staffer for Time Warner is Lloyd Nelson. Mr. Nelson will send necessary documents to you today or tomorrow for review of the new service. Liz you will have to notify Direct TV once everything is approved. We can discuss later.

Thanks,
Helen

Greetings Elizabeth,

I have been working with Helen Robinson regarding the establishment of Time Warner Cable services at The Office of Former President Clinton, 55 West 125th Street.

The attached illustrative contract indicates the services and fees that are called for.

Please let me know if you would need any additional information from me. Additionally, should you reach a time where you would like to move forward, I anticipate that I may need the following –

- 1) Updated contacts (Name phone and email) for signature and billing contact
- 2) The billing address

I look forward to speaking with you and hope all is well.

Best regards,

Lloyd Nilsen

Subject: Change TV/Cable Service to Time Warner

Elizabeth,

I am in the process of changing Former President Clinton's television service to Time Warner due to the limited services needed for the new TV purchased for President Clinton. I was also informed that the building offices here at 55 West 125th street are serviced by Time Warner. My contact staffer for Time Warner is Lloyd Nelson. Mr. Nelson will send necessary documents to you today or tomorrow for review of the new service. Liz you will have to notify Direct TV once everything is approved. We can discuss later.

Thanks,
Helen

Hi everyone,

Attached a purchase request signed by Tina for your approval. We're hoping to reorder the large grey envelopes used to mail military retirement letters, general public birthday letters, and other correspondence President Clinton sends in his capacity as a former president. Once GSA has approved the request, I can email the order to the vendor (Jim Donnelly at Precise Continental) and cc Liz Moten to arrange payment.

The order would be for 2,500 envelopes for \$624.50, plus estimated shipping charges of \$75.

Many thanks!

I would like to arrange a meeting or conference call to discuss the FY 17 budget. Please propose a date and time.

Your FY 17 proposed budget amounts to \$820K.

Due to Rent increases, this is \$74K greater than your FY 16 budget of 748K

The increase is detailed as follows:

(

a) annual increase in operating expenses (CPI) in the amount of \$
2,500

(b) increase in the BASE Rent amount of \$71

,
000 in the Rent amount that commenced in FY 16 (August 2016) and carried over into FY 17. Note:
The GSA lease calls for an increase in base rent after year 5 (August 2016). Prior to this, from August
2011 thru July 2015 there was no increase in the Base Rent, just the CPI adjustments

Please find a discussion of other budget line amounts in the attached word file (Details of the FY 2017

Hello and good day,
I've attached, for GSA's approval, a request to purchase letterhead to use for military retirement, birthday, and other letters sent in President Clinton's capacity as a former President.

While Tina is travelling and unable to physically sign for approval, she approved this request via email, as shown at the bottom of the attached form. Once GSA approves the request, I will email the vendor our order and instruct him to invoice Liz for payment.

All the best,

Genevieve

Dear Saul,

I am currently working with my colleague Wendy Ginsberg to update our CRS report related to the Former President's Act. Wendy forwarded me the FY2015 data for our report, and we have a few follow-up questions to make sure we're accurate and thorough in what we provide to Congress. Thanks for taking the time to address these questions and help us update any necessary language. Feel free to give me a call if you have any questions or concerns.

1. The budget line-item structure for FY2015 appears to be different from the budget line-item structure for FY2014 and previous years. For instance, the health benefits line item appears to be rolled into the overall personnel benefits line, while various line items for telephone, postage, and printing, have been aggregated into communications. Are any newly authorized expenses being captured in these changes or is it just a change to categorization and structure? Is it possible to get a definition for each line item?

For example, here's what we have currently in our report:

- "Other Services" include cable television, HVAC services, and consulting services- among other items.
- "Supplies and Materials" include office supplies, newspapers, and periodicals- among other items.
- "Equipment" includes furniture or information technology hardware or software- among other items.

Are these up to date?

We would like to include definitions for each of the line items in the table:

Personnel Compensation

Personnel Benefits

Pension

Travel

Office Space

Communications

Printing

Other Services

Supplies and Materials

Equipment

2. In prior years, pensions were uniform for all former presidents. However, for FY2015, the pensions for President Clinton and President George W. Bush are higher than the other former Presidents and don’t appear equal to the Executive Level I pay rate. What explains this difference in pension value?
3. Is there any interaction between space rented for former presidents and the presidential libraries, either through public funding or private foundation financing? In short, are any former President’s renting office space from a presidential library foundation or a presidential library? Would such an arrangement to share space be prohibited by law?
4. Does GSA keep annual data on obligations under the FPA as they do for appropriations? Given the ability to reprogram funds, it could be useful to our clients to understand where funding is ultimately being spent. And just to double check, the data provided is appropriated dollars, correct?
5. Do you have data on the amount of space currently rented for former presidents in FY2015 (in square feet)? The most recent data we have from GSA was for FY2014. Our 2014 data are provided below:

6. Table 3. Annual Office Space Costs for Former Presidents, FY2015

Former President	Location	Square Feet	Cost
Jimmy Carter	Atlanta, GA	7,070	\$109,439

George H.W. Bush	Houston, TX	5,379	\$179,691
William J. Clinton	New York, NY	8,300	\$414,380
George W. Bush	Dallas, TX	8,237	\$420,506

Are these still accurate? If not, can you provide the appropriate data?

Regards,
Dan Richardson

Not necessary. I just like to be kept in the loop for resignations. Only new hirees require approval. On Apr 6, 2015 4:23 PM, "Lynne DiReda - CSSAA" <lynne.direda@gsa.gov> wrote:

Elizabeth,

I am in the process of changing Former President Clinton's television service to Time Warner due to the limited services needed for the new TV purchased for President Clinton. I was also informed that the building offices here at 55 West 125th street are serviced by Time Warner. My contact staffer for Time Warner is Lloyd Nelson. Mr. Nelson will send necessary documents to you today or tomorrow for review of the new service. Liz you will have to notify Direct TV once everything is approved. We can discuss later.

Thanks,
Helen

HR FAQ Video Series; Learn how to address many of your HR related needs such as accessing your personnel record in CHRIS, changing your address, what to do if your family situation changes and more! Included are companion reference guides and checklists covering topics such as Employee Express, GCIMS, Health and Life Insurance, Qualifying Life Events, etc. Be sure to check back often for future videos.

CSRS/ FERS retirement package (SF 2801/ 3107, SF 2818, and W-4P forms) is available online. Click on the underlined link to access all retirement forms. If you decide to apply for retirement for best results we recommend that you submit your retirement application forms to the Consolidated Processing Center within 8 weeks of your retirement date. For end of the year retirements we recommend submitting your retirement forms in early October due to the fact that it is common for employees to retire in December and early January. For more information relating to retirement, you may contact Luz Sanchez luz.sanchez@gsa.gov or [215.446.4957](tel:215.446.4957).

Good Day,

My name is Alicia Boston-Grimes, Human Resources Specialist from General Services Administration (GSA), and I will be responsible for processing your appointment to the Office of Former President Clinton, which is serviced by the GSA. In order to initiate your personnel record, I will need a copy of your resume and a completed **Declaration of Federal Employment - Form OF-306** (attached). Please sign and date both blocks 17a (as the Applicant) and 17b (as the Appointee).

Please include your full name and home address on your resume. You may scan and email the requested documents to me at alicia.boston@gsa.gov or fax it to my attention [212-264-6798](tel:212-264-6798).

Upon receipt of your resume and completed OF-306, I will then initiate your personnel record. At that time, I will also send you an email with additional forms (Health & Life Benefit/Direct Deposit, W-4, etc.) that you will need to complete and submit prior to your effective appointment date. Please let me know if you would like to start working for GSA on 6/1/15 or 6/15/15.

If you have any questions, please feel free to contact me at [212-264-8300](tel:212-264-8300).

Thank you.

Hi everyone,

Attached a purchase request signed by Tina for your approval. We're hoping to reorder the large grey envelopes used to mail military retirement letters, general public birthday letters, and other correspondence President Clinton sends in his capacity as a former president. Once GSA has approved the request, I can email the order to the vendor (Jim Donnelly at Precise Continental) and cc Liz Moten to arrange payment.

The order would be for 2,500 envelopes for \$624.50, plus estimated shipping charges of \$75.

Many thanks!

Dear Saul,

I am currently working with my colleague Wendy Ginsberg to update our CRS report related to the Former President’s Act. Wendy forwarded me the FY2015 data for our report, and we have a few follow-up questions to make sure we’re accurate and thorough in what we provide to Congress. Thanks for taking the time to address these questions and help us update any necessary language. Feel free to give me a call if you have any questions or concerns.

1. The budget line-item structure for FY2015 appears to be different from the budget line-item structure for FY2014 and previous years. For instance, the health benefits line item appears to be rolled into the overall personnel benefits line, while various line items for telephone, postage, and printing, have been aggregated into communications. Are any newly authorized expenses being captured in these changes or is it just a change to categorization and structure? Is it possible to get a definition for each line item?

For example, here’s what we have currently in our report:

- “Other Services” include cable television, HVAC services, and consulting services- among other items.
- “Supplies and Materials” include office supplies, newspapers, and periodicals- among other items.
- “Equipment” includes furniture or information technology hardware or software- among other items.

Are these up to date?
We would like to include definitions for each of the line items in the table:

Personnel Compensation
Personnel Benefits
Pension
Travel
Office Space
Communications
Printing
Other Services
Supplies and Materials

Equipment

-
2. In prior years, pensions were uniform for all former presidents. However, for FY2015, the pensions for President Clinton and President George W. Bush are higher than the other former Presidents and don't appear equal to the Executive Level I pay rate. What explains this difference in pension value?
3. Is there any interaction between space rented for former presidents and the presidential libraries, either through public funding or private foundation financing? In short, are any former President's renting office space from a presidential library foundation or a presidential library? Would such an arrangement to share space be prohibited by law?
4. Does GSA keep annual data on obligations under the FPA as they do for appropriations? Given the ability to reprogram funds, it could be useful to our clients to understand where funding is ultimately being spent. And just to double check, the data provided is appropriated dollars, correct?
5. Do you have data on the amount of space currently rented for former presidents in FY2015 (in square feet)? The most recent data we have from GSA was for FY2014. Our 2014 data are provided below:

6. Table 3. Annual Office Space Costs for Former Presidents, FY2015

Former President	Location	Square Feet	Cost
Jimmy Carter	Atlanta, GA	7,070	\$109,439
George H.W. Bush	Houston, TX	5,379	\$179,691
William J. Clinton	New York, NY	8,300	\$414,380
George W. Bush	Dallas, TX	8,237	\$420,506

Are these still accurate? If not, can you provide the appropriate data?

Regards,
Dan Richardson

Hi everyone,
Attached a purchase request signed by Tina for your approval. We're hoping to reorder the large grey envelopes used to mail military retirement letters, general public birthday letters, and other correspondence President Clinton sends in his capacity as a former president. Once GSA has approved the request, I can email the order to the vendor (Jim Donnelly at Precise Continental) and cc Liz Moten to arrange payment.

The order would be for 2,500 envelopes for \$624.50, plus estimated shipping charges of \$75.

Many thanks!

Genevieve

Attachments: obligations pulled from FMIS on 11.6.2014.xlsx

Joseph, attached is the file I used to create this SOF, also from FMIS. I pulled this yesterday afternoon. Sheet 1 has a pivot table with Clinton's Oct actuals. OC11.8 hit under the regional budget and central office budget for OFP Clinton, which is why the SOF I sent shows \$13,378 for OC11.8 (\$8390 for the regional budget and \$4988 for central office budget). There must be some coding discrepancy somewhere that I'll have to look into.

For OC 25, \$2626 is correct for AP01. I just realized I ran the obligations from Oct 1 - 11/6/2014 instead of just October. Something for about \$2000 hit in the beginning of November.

Thank you.

The only significant change right now is that for Salaries, the yearly projection amount should be at \$96K (this amount is set by law). You have the projection at \$102K. It looks like the discrepancy lies in the October amount entered. I just confirmed in FMIS the amount should be \$8,390 (you have stated 13,378).

Also, the amount in FMIS for October for OC 25 is 2,626 (versus 4,682 you have stated)

I am on leave next week, I will take another review once I return

All,

Attached is the SOF for FY15 AP01. The format has changed since last FY14 to reflect the obligations on a monthly basis. Below the colorful chart, you will see an overall snapshot of the budget by OC, similar to what was presented in the previous SOFs. Some of you may see that there is budget remaining even with the projections (cell D47). If you'd like to place this remaining balance in the projection, please let me know where and how much of it.

Anything in blue font is purely projections based on previous FY trends. If you feel as these projections need to be shifted to another month/quarter/OC, please let me know as soon as possible. As the months pass, the blue font will be replaced with black font to reflect actual spending, as it is for October.

If you prefer to see the data in the same format as the previous FYs, please let me know. If you have any questions, please feel free to reach out.

Thank you,

Hi Tina

Re:GSA's budget submittal for OFP to OMB for FY 16 and FY17

GSA is presenting your OFP budgets for FY 16 and FY 17. The submission will also include columns for FY 14 thru FY 17. From FY 14 to FY 15, your baseline budget was reduced by \$31K. In FY 16, your budget will revert back to the baseline budget (plus a Rent increase). Then, in FY 17, there will be another increase in the Rent amount

Please review the submission and let me know if you would like to discuss it

Good evening,
Attached is a purchase request for letterhead to use for President Clinton's correspondence in his role as former President. Tina has signed the request on behalf of the Office of the Former President.

We've asked to purchase 5,000 sheets of stationery from Precise Continental for \$2,133 + shipping (I estimated \$75)

Once GSA approves the request, I can contact the vendor to place the order and instruct them to contact Melinda for payment-if that works well for you.

Thanks,

Genevieve

Good morning Liz,

I wanted to let you know that it is possible to set up a recurring credit card payment on our web site www.twcbc.com.

If you like, I could meet with you to set that up. It would be great to meet you and to see if there are any other ways that TWC could be of service.

Please let me know how your schedule looks.

Best regards,

Lloyd

Good morning Lloyd,

I am happy to learn that the cable installation went well yesterday at the Office of the Former President Clinton, there is only one thing left for me to do. I would like to set up the account to reflect recurring billing, this way Ms. Robinson does not have to worry about a bill every month. Can you please give me a call at your earliest convenience so that I can set this up.

Again, thank you for all of your help.

Kind Regards,

Liz

HR FAQ Video Series: Learn how to address many of your HR related needs such as accessing your personnel record in CHRIS, changing your address, what to do if your family situation changes and more! Included are companion reference guides and checklists covering topics such as Employee Express, GCIMS, Health and Life Insurance, Qualifying Life Events, etc. Be sure to check back often for future videos.

CSRS/FERS retirement package (SF 2801/3107, SF 2818, and W-4P forms) is available online. Click on the underlined link to access all retirement forms. If you decide to apply for retirement for best results we recommend that you submit your retirement application forms to the Consolidated Processing Center **within 8 weeks of your retirement date. For end of the year retirements we recommend submitting your retirement forms in early October** due to the fact that it is common for employees to retire in December and early January. For more information relating to retirement, you may contact Luz Sanchez luz.sanchez@gsa.gov or [215.446.4957](tel:215.446.4957).

Good Day,

My name is Alicia Boston-Grimes, Human Resources Specialist from General Services Administration (GSA), and I will be responsible for processing your appointment to the Office of Former President Clinton, which is serviced by the GSA. In order to initiate your personnel record, I will need a copy of your resume and a completed ***Declaration of Federal Employment - Form OF-306*** (attached). Please sign and date both blocks 17a (as the Applicant) and 17b (as the Appointee).

Please include your full name and home address on your resume. You may scan and email the requested documents to me at alicia.boston@gsa.gov or fax it to my attention [212-264-6798](tel:212-264-6798).

Upon receipt of your resume and completed OF-306, I will then initiate your personnel record. At that time, I will also send you an email with additional forms (Health & Life Benefit/Direct Deposit, W-4, etc.) that you will need to complete and submit prior to your effective appointment date. Please let me know if you would like to start working for GSA on 6/1/15 or 6/15/15.

If you have any questions, please feel free to contact me at [212-264-8300](tel:212-264-8300).

Thank you.

Hi everyone,

Attached a purchase request signed by Tina for your approval. We're hoping to reorder the large grey envelopes used to mail military retirement letters, general public birthday letters, and other correspondence President Clinton sends in his capacity as a former president. Once GSA has approved the request, I can email the order to the vendor (Jim Donnelly at Precise Continental) and cc Liz Moten to arrange payment.

The order would be for 2,500 envelopes for \$624.50, plus estimated shipping charges of \$75.

Many thanks!

Genevieve

Subject: Fwd: OFP Budget Call - FY 17- Due April 6th

Please find attached your proposed FY 2017 Budget (October 1, 2016 - September 30, 2017).

This FY, GSA is required to submit to OMB there FY 17 Budget requirements which includes your budget

Once we have discussed the FY 17 amounts, I will need your concurrence on the final budget. In order to make a

timely submission to my Central Office, I would like to request a due d

date of April 6th. I would like to arrange a meeting or conference call to discuss the FY 17 budget. Please propose a date and time.

Your FY 17 proposed budget amounts to \$820K.

Due to Rent increases, this is \$74K greater than your FY 16 budget of 748K

The increase is detailed as follows:

(a) annual increase in operating expenses (CPI) in the amount of \$2,500

(b) increase in the BASE Rent amount of \$71

,000 in the Rent amount that commenced in FY 16 (August 2016) and carried over into FY 17.

Note: The GSA lease calls for an increase in base rent after year 5 (August 2016). Prior to this, from August 2011 thru July 2015 there was no increase in the Base Rent, just the CPI adjustments

Please find a discussion of other budget line amounts in the attached word file (Details of the FY 2017 Proposed Budget). For the

other line items, Printing, Other Services, Supplies and Equipment, please review your FY 17 approved budget amounts. You may compare them to FY 13 actual purchases and your office should review your actual anticipated purchase for FY 17

Good morning Lloyd,

I am happy to learn that the cable installation went well yesterday at the Office of the Former President Clinton, there is only one thing left for me to do. I would like to set up the account to reflect recurring billing, this way Ms. Robinson does not have to worry about a bill every month. Can you please give me a call at your earliest convenience so that I can set this up.

Again, thank you for all of your help.

Kind Regards,

Liz

Hello and good day,
I've attached, for GSA's approval, a request to purchase letterhead to use for military retirement, birthday, and other letters sent in President Clinton's capacity as a former President.

While Tina is travelling and unable to physically sign for approval, she approved this request via email, as shown at the bottom of the attached form. Once GSA approves the request, I will email the vendor our order and instruct him to invoice Liz for payment.

All the best,

Genevieve

As a reminder, the due date for your concurrence is this Friday. The FY 18 Budget Submission is the same as FY 17

note: there was no increase in the Rent Amount- the Rent Estimate for FY 18 was obtained from Walter Moldovan who handles the lease with the lessor and his estimate showed no increase.

As a reminder, the due date for your concurrence is this Friday. The FY 18 Budget Submission is the same as FY 17

note: there was no increase in the Rent Amount- the Rent Estimate for FY 18 was obtained from Walter Moldovan who handles the lease with the lessor and his estimate showed no increase.

Once we have discussed and finalized the FY 18 budget amounts, I will need your concurrence on the final budget (via email). In order to make a timely submission to my Central Office, I would like to request a due date of March 25th . I would like to arrange a meeting or conference call to discuss the FY 18 budget. Please propose a date and time.

Your FY 18 proposed budget amount to \$822K which is the same from FY 17 (this year there was no increase in the Rent amounts)

Please find a discussion of other budget line amounts in the attached word file (Details of the FY 2018 Proposed Budget).

Please review your FY 18 budget amounts. You may compare them to FY 18 actual purchases and your office should review your actual anticipated purchase for FY 18

Tina

I wanted to mention that I spoke of the 9/30 cut off date. Please be advised that there are procurement matters that must be completed for example, if the order is greater than \$3K there may be additional procurement steps. So, as we approach 9/30; maybe in July we should meeting with Liz Moten to discuss the procurement requirements and what needs to be done and when the orders need to start to be discussed.

Subject: OFP - Stationery Purchase Request 8.19.2014

Good evening,

Attached is a purchase request for letterhead to use for President Clinton's correspondence in his role as former President. Tina has signed the request on behalf of the Office of the Former President.

We've asked to purchase 5,000 sheets of stationery from Precise Continental for \$2,133 + shipping (I estimated \$75)

Once GSA approves the request, I can contact the vendor to place the order and instruct them to contact Melinda for payment-if that works well for you.

Thanks,

Genevieve

Hi Colleen,

The past due invoices are invoices for GSA to pay (please see below). I have attached invoice #109380 and a copy of the corresponding expenditure request form that was signed by Laura. Please go ahead and pay.

Regarding the 2nd invoice #110567 unfortunately the expenditure request form was lost. I will have Laura approve the invoice and will send it to you shortly.

Thanks,

Linda

Hi Linda,

Anastasia Spanos placed the order for invoice 109380. I'm not sure if she has the expenditure request.

I place the order for 110567. Unfortunately, I longer have a copy of the request. My inbox size was

recently cut in half and I had to delete a ton of items – including my scans of my old expenditure requests – in order to have my email turned back on. I do remember that the request was signed and authorized by LG.

I received the order for both requests. They were for GSA funding and should be paid if still outstanding.

Hope this helps,

Subject: RE: Outstanding Precise Invoices

Hi Linda,

Anastasia Spanos placed the order for invoice 109380. I'm not sure if she has the expenditure request.

I place the order for 110567. Unfortunately, I longer have a copy of the request. My inbox size

was recently cut in half and I had to delete a ton of items ? including my scans of my old expenditure requests ? in order to have my email turned back on. I do remember that the request was signed and authorized by LG.

I received the order for both requests. They were for GSA funding and should be paid if still outstanding.

Hope this helps,

Gen

Hi Genevieve,

Would you happen to have copies of the approved expenditure request forms for these invoices? Do they look familiar? These invoices pre-date me and I'm trying to figure out if they are GSA invoices and if they should be paid. Please advise.

Thanks

Hi Colleen,

The past due invoices are invoices for GSA to pay (please see below). I have attached invoice #109380 and a copy of the corresponding expenditure request form that was signed by Laura. Please go ahead and pay.

Regarding the 2nd invoice #110567 unfortunately the expenditure request form was lost. I will have Laura approve the invoice and will send it to you shortly.

Hello Joe and Liz,

Attached for GSA's consideration is a purchase request from the Office of Former President Clinton for congratulatory cards for Eagle and Girl Scouts. Tina has signed off on behalf of our office. Upon Joe and Liz's approval, I can place the order and advise them to contact Liz for payment.

The vendor is Scott Horton of Horton Brothers Printing (scott@hortonbrothersprinting.com<mailto:scott@hortonbrothersprinting.com>) - we reorder cards from them annually. The total cost, including delivery, for this request is \$3,588.82.

Hope you all have a great summer weekend!

Best,

Genevieve

Joe,

I asked Ana to email you this question. Some of Nicole's responsibilities are changing, taking more on for the foundation messaging and we are giving some of her OFP correspondence related responsibilities to another employee so I wanted to see if we could make the change on funding to ensure the changes in responsibilities align with the appropriate funding entity. As you know, we are always mindful of ensuring that the funding aligns with relevant responsibilities. Happy to discuss further at your convenience. Thanks laura

As long as we have your concurrences. When you are ready to go forward with the change (reduce the

pay for Nicole Mouton to match others at \$9,484.80 and add someone), please let Peter Feffer's staff know.

To avoid any confusion, I would like to suggest that any changes and/or adding someone be done via email (please cc me)

Joe,

I asked Ana to email you this question. Some of Nicole's responsibilities are changing, taking more on for the foundation messaging and we are giving some of her OFP correspondence related responsibilities to another employee so I wanted to see if we could make the change on funding to ensure the changes in responsibilities align with the appropriate funding entity. As you know, we are always mindful of ensuring that the funding aligns with relevant responsibilities. Happy to discuss further at your convenience. Thanks Laura

That is ok.

But, please remember, this is just a rough estimate for budget purposes - the monies expire 9/30/2014 and a new budget becomes effective come 10/1/2014 (a continuing resolution usually is in effect come 10/1)

And, any actual purchases need to go thru the normal acquisition process and submitted to the Acquisition Manager

Hi James

1) Once Liz receives a OFP credit card, the account for the recurring charges (DirectTV, NY Times, and AK) should be transferred in her name.

2) The Inventory is on-going, and in keeping with the Regional Practice, some point in the future, your office should contact Helen Robinson to perform an inventory of GSA furniture. I understand she has the latest listing of inventory items. If you would like, once an appointment is made, I can physically assist your office (because I handle the funds, I can not be the lead for this task)

3) The TV order was transferred from Melinda to Liz (they may have started installation and there was increased costs which I am waiting for your office to review before I approve funding on the increased costs (I already approved funding on the original order)

ALso, some point in the future, the OFP Office should be contacted to let them know about the transfer.

Joe

All,

Thank you for joining the call to discuss the Presidential Transition SOP and the roles that involve OCFO/BB staff and OCFO/BB coordination with Program/Regional Offices.

I am reattaching the the initial draft SOP and providing a Google Drive link that will house related drafts/supporting documents (<https://drive.google.com/a/gsa.gov/folderview?id=0B3dl69DejFOzfnNsZktZcjBnYW5LQUNYTFlyajhpQQVzcGZGN3JQdlZwY1ltaEJmeXZMcEk&usp=sharing>). If you have already received this and are making comments, please disregard the attachment.

REQUEST: Please provide feedback, edits and/or comments either within the Google Drive document and/or you can send directly to me by email kimberly.glenn@gsa.gov. We request your comments by COB Friday, May 29.

A reminder that the original draft was developed by using the 2008 Presidential Transition Guide. From here, we will be requesting subject matter resource comments/edits where there are gaps or made aware of details that are no longer applicable to delete. Additionally, if there are entire sections to be added of a particular procedure, we will want to perform interviews to capture these steps. If there are additional documents permitted to be in the drive, please feel free to send to me.

Thank you for your time and feel free to reach out to me and Bill Campbell if there are questions.

All,

Thank you for accepting the invitation for tomorrow's Presidential Transition SOP Meeting. The purpose of this meeting is to bring together subject matter experts and current GSA staff involved in the Presidential Transition process as the Office of Budget Support Team would like to better understand

the OCFO/Office of Budget's primary role and the OCFO/Office of Budget's coordination role with the Program/Regional Offices.

In advance of the meeting, I have attached a draft SOP as a read-ahead. This draft currently leverages all the information from the 2008 Presidential Outgoing Guide. We understand there may be gaps or necessary changes and would like to receive your feedback during this discussion.

Thank you for your time.

Hello and good day,

I've attached, for GSA's approval, a request to purchase letterhead to use for military retirement, birthday, and other letters sent in President Clinton's capacity as a former President.

While Tina is travelling and unable to physically sign for approval, she approved this request via email, as shown at the bottom of the attached form. Once GSA approves the request, I will email the vendor our order and instruct him to invoice Liz for payment.

All the best,

Genevieve

Hi Melinda and Joe,
Has this order been approved? We are running very low on letterhead so I'd like to expedite the order so we can get back in stock.

thanks,

Subject: OFP - Stationery Purchase Request 8.19.2014

Good evening,
Attached is a purchase request for letterhead to use for President Clinton's correspondence in his role as former President. Tina has signed the request on behalf of the Office of the Former President.

We've asked to purchase 5,000 sheets of stationery from Precise Continental for \$2,133 + shipping (I estimated \$75)

Once GSA approves the request, I can contact the vendor to place the order and instruct them to contact Melinda for payment-if that works well for you.

Thanks,

Genevieve

Hi Joe and Liz,

We'd like to reorder the letterhead used for President Clinton's post-Presidential correspondence such as military retirement and birthday letters. Tina has signed the attached request to purchase 5,000 sheets from Precise Continental-at a cost of \$2,263.00 + shipping, which I estimated at \$50.

Upon your approval, I can email the order to Jim Donnelly, ccing Liz, and request he contact her to arrange payment.

Hope you have a great weekend!

Would you check to see if Steven Rinehart is missing any checks. Ask him to provide us with his banking information so we could send the money to the bank.

Terry

I see your name is referenced in FMIS for DHS charges for the Office of Former President Clinton (fund 106a org code S02f0180).

There was no charges for January and February; can you research this from your end. I am attaching a pivot table linked to a FMIS dabse pull. You can navigate thru book month to see no charges in January and February but charges in previous months.

thanks

Hello,
I've attached two purchase requests for GSA's approval. Tina is out of the office so in lieu of her signature, her emailed approval is pasted into the PDFs and the bottom of this message.

Upon GSA's approval, I will place the orders with the vendors, and cc Liz for payment.

5,000 Eagle Scout cards and envelopes - Horton Brothers Printing - \$2,727- with shipping
2,500 large envelopes - Precise Continental - \$700-shipping included

With many thanks,

Genevieve

Joe, Melinda

As we are waiting for more funding for President Clinton's TV; I would like to know if we can donate the old TV to a non-profit organization or how to dispose of it? We also have the original office furniture (reception area) from 2001 in storage here in Harlem that should to be donated or disposed of. Let me know if you have any suggestions.

Thanks,
Helen

Good afternoon Tina,

We have received OFP full year budget funding and I am requesting approval for the Lockheed Martin Annual Maintenance ROM. If you could please approve funding and forward email back to me so that I can set up the payment I would greatly appreciate it.

Thank you and have a nice day.

Liz

Since we are taking about 1-2 checks it does not really matter....but

Cheryl called me and explained that before a check is re-issued, Finance credits the account, then issues the new check. But she plans just to mail the old check again.

Was this a payroll check. Is it direct deposit or are they mailed?. Will the returned check be mailed again or a new check issued? Maybe we should have a conversation tomorrow.

If a new check or checks are issued - this will increase payroll costs. If this is the case we first need to have the other checks credited in fmis. This is only because we can not exceed 96k and I have a concern that payroll will be counted twice -the original check than the re-issued check.

Good morning,
I've attached a purchase request for your consideration-Tina has signed off from our office. With GSA's approval, I will place the order and instruct the vendor to reach out Elizabeth Moten for payment.

We'd like to order 2,500 large grey envelopes to be used for military retirement and birthday letters, and other correspondence related to President Clinton's role as a former President. The total including shipping is \$670 and the vendor is Jim Donnelly at Precise Continental.

Best,

Genevieve

Was this a payroll check. Is it direct deposit or are they mailed?. Will the returned check be mailed again or a new check issued? Maybe we should have a conversation tomorrow.

If a new check or checks are issued - this will increase payroll costs. If this is the case we first need to have the other checks credited in fmis. This is only because we can not exceed 96k and I have a concern that payroll will be counted twice -the original check than the re-issued check.

Hello and good day,
I've attached, for GSA's approval, a request to purchase letterhead to use for military retirement, birthday, and other letters sent in President Clinton's capacity as a former President.

While Tina is travelling and unable to physically sign for approval, she approved this request via email, as shown at the bottom of the attached form. Once GSA approves the request, I will email the vendor our order and instruct him to invoice Liz for payment.

All the best,

Genevieve

Joe,

I am sending a FedEx package to you with work orders for the office of Former President Clinton. You should receive the package tomorrow afternoon. I have enclosed two copies one for Ms. Mouton. I am available if you have questions. I am out of the office for a few days but still available via phone. [910 322 7711](tel:9103227711).

Thanks,
Helen

Hello and good day,
I've attached, for GSA's approval, a request to purchase letterhead to use for military retirement, birthday, and other letters sent in President Clinton's capacity as a former President.

While Tina is travelling and unable to physically sign for approval, she approved this request via

email, as shown at the bottom of the attached form. Once GSA approves the request, I will email the vendor our order and instruct him to invoice Liz for payment.

All the best,

Genevieve

Good evening,

Attached is a purchase request for letterhead to use for President Clinton's correspondence in his role as former President. Tina has signed the request on behalf of the Office of the Former President.

We've asked to purchase 5,000 sheets of stationery from Precise Continental for \$2,133 + shipping (I estimated \$75)

Once GSA approves the request, I can contact the vendor to place the order and instruct them to contact Melinda for payment-if that works well for you.

Thanks,

Genevieve

Subject: OFP - Stationery Purchase Request 8.19.2014

Good evening,
Attached is a purchase request for letterhead to use for President Clinton's correspondence in his role as former President. Tina has signed the request on behalf of the Office of the Former President.

We've asked to purchase 5,000 sheets of stationery from Precise Continental for \$2,133 + shipping (I estimated \$75)

Once GSA approves the request, I can contact the vendor to place the order and instruct them to contact Melinda for payment-if that works well for you.

Thanks,

Genevieve

All,

Thank you for accepting the invitation for tomorrow's Presidential Transition SOP Meeting. The purpose of this meeting is to bring together subject matter experts and current GSA staff involved in the Presidential Transition process as the Office of Budget Support Team would like to better understand the OCFO/Office of Budget's primary role and the OCFO/Office of Budget's coordination role with the Program/Regional Offices.

In advance of the meeting, I have attached a draft SOP as a read-ahead. This draft currently leverages all the information from the 2008 Presidential Outgoing Guide. We understand there may be gaps or necessary changes and would like to receive your feedback during this discussion.

Thank you for your time.

Kimberly

Subject: OFP - Eagle Scout and Envelope Purchase Request

Good afternoon Melinda and Joe,

I've attached two purchase requests for your consideration- Tina has signed off from The Office of the Former President. Once GSA authorizes payment, I can place the orders and instruct the vendors to contact Melinda for payment- if that is okay with you.

Thanks,
Genevieve

1) \$665 for 2,500 large grey envelopes to be used for military retirement and birthday letters, and other correspondence related to President Clinton's role as a former President. To be purchased from Jim Donnelly at Precise Continental.

2) \$1,712 (+ shipping) for 5,000 Eagle Scout congratulatory cards and envelopes from Horton Bros. Printing. With the intent to more efficiently fulfill Eagle Scout requests with reduced delay, we are requesting the envelopes be pre-stuffed and sealed. Previously, we ordered pre-stuffed cards through the same vendor- they were great- but I wasn't directly involved in the GSA approval so I'm afraid that I don't have additional details on that order.

If you could believe it, the number of Eagle Scout requests received has increased even more.

By the end of the month, we'll have used up our 4/15/2014 order of 2,500 cards- and still have a backlog of requests. Pre-stuffed envelopes will enable us to clear that backlog and I estimate the order of 5,000 will last us until the end of year.

5,000 Cards	\$958
5,000 Envelopes	\$929
Additional cost to stuff & seal envelopes	\$655

Good Afternoon Angel,

Please be advised that your effective start date in the Office of Former President Clinton will be Monday, June 1, 2015.

I have attached the forms that you will need to complete as a new employee for the Office of Former President Clinton, serviced by GSA. You may return them to my attention via fax (212-264-6798) or email to alicia.boston@gsa.gov by June 1st; however, you will also need to mail the originals to my attention:

U.S. General Services Administration
26 Federal Plaza (Room 18-110)
New York, NY 10278
Attn: Alicia M. Boston-Grimes, HR Specialist

The Oath of Office (SF-61 Appointment Affidavit), as well as the I-9 (Employment Eligibility Verification), will need to be completed by you, as well as another staff member from the Office of Former President Clinton, and then returned to me by the 6/1/15 start date. Please bring photo identification (e.g. state driver's license and your social security card (only if you do not have a U.S. Passport) in order to verify proof of identity and employment eligibility.

PLEASE NOTE: New employees must select HHB (Federal Employees' Health Benefit) and FEGLI (Federal Employees' Group Life Insurance) within 60 days of their appointment.

As a new federal employee, to obtain benefits information such as Health Insurance Plans, Vision Plans, Dental Plans, Life Insurance etc, please go to the following OPM website:

http://www.opm.gov/insure/new_employ/index.asp

Please note - to enroll in the Health Benefits, you will need to submit a Health Insurance Election form SF-2809.

Also, below is a link for the Thrift Savings Plan (TSP) which is a retirement savings and investment plan for Federal employees.

<https://www.tsp.gov>

If you would like to "waive" your Federal Employee Group Life Insurance, (FEGLI), you must fill out the form, SF 2817, and select "Option 5". If you do not return the FEGLI form, you will

automatically be charged for basic life only.

If you have additional benefits related questions, please contact Luz Sanchez, our Benefits HR Specialist, at [215-446-4957](tel:215-446-4957), or luz.sanchez@gsa.gov.

If you have any questions, please feel free to contact me at 212-264-8300.

Hi Melinda and Joe,

I've attached a purchase request form, signed by Tina, for a desktop organizer to store the labels we use for military retirement letters and eagle scout cards.

The organizer, Safco model number 3111bl, is sold on GSA advantage as well as overstock.com (\$51.99) and Walmart (\$63.00)

I should mention that I've never used GSA advantage before so I'm unfamiliar with the ordering process, but our office does not have a vendor preference. If GSA places the order on our behalf, it should be delivered to my attention in the Harlem office.

Have a great weekend!

Tina/Helen:

My name is Alicia Boston-Grimes, Human Resources Specialist for the General Services Administration (GSA), and I will be responsible for processing Jacqueline's appointment to the Office of Former President Clinton, which is serviced by the GSA. In order to initiate her personnel record, I will need a copy of her resume and a completed **Declaration of Federal Employment - Form OF-306** (attached). Please have her sign and date both blocks 17a (as the Applicant) and 17b (as the Appointee).

Please have her include her full name and home address on her resume and she may scan and email the requested documents to my attention at alicia.boston@gsa.gov or fax it to [212-264-6798](tel:212-264-6798).

I will then initiate her personnel record upon receipt of her resume and completed OF-306. At that time, I will also send her an email with additional forms (Health & Life Benefit/Direct Deposit, W-4, etc.) that she will need to complete and submit prior to her appointment date. Please let me know if you would like her to start working for GSA on 9/21/15 or 10/5/15.

If you have any questions, please feel free to contact me at [212-264-8300](tel:212-264-8300).

Please find attached your proposed FY 2016 Budget (October 1, 2015 - September 30, 2016).

Once we have discussed the FY 16 amounts, I will need your concurrence on the final budget. In order to make a timely submission to my Central Office, I would like to request a due date by April 29th . I would like to arrange a meeting or conference call to discuss the FY 16 budget. I will be in office except the period April 18 thru April 22. Please propose a date and time.

Your FY 15 submitted budget amounted to \$734K; and the starting point of your FY 16 budget will be \$751K. The increase is due to a Rent increase of \$17K, detailed as follows:

(a) annual increase in operating expenses (CPI) in the amount of \$3,000

(b) increase in the BASE Rent amount of \$15,000 for August 2016 and September 2016 (or \$7,500 per month). Note: The GSA lease calls for an increase in base rent after

year 5 (August 2016) of \$7,500 increase per month. Only 2 months are effected in FY 16, in FY 17 all 12 months will be effected with an additional increase of \$75K).

(c) off -set of the above for postage costs by \$1K

Please find a discussion of other budget line amounts in the attached word file (Details of the FY 2016 Proposed Budget). For the line items, Printing, Other Services, Supplies and Equipment, please review your FY 16 approved budget amounts. You may compare them to FY 13 actual purchases and your office should review your actual anticipated purchase for FY 16.

FY 16 Budget effect on Outlaying year FY 17

Your FY 16 Budget will impact your spending during a continuing resolution (CR) period in early FY 17. If

a FY 17 budget is not passed into law by 10/1/2016, then a continuing resolution may be enacted until an appropriation is signed into law. As such, your FY 16 Budget will act as the control total during the FY 17 CR.

The increase in Rent for FY 17 (about \$75K), will effect your budget and spending levels during a FY 17 CR. As such, if the benefit reserve is not used (historically, the benefit reserve has not been used); we will have about \$18K in discretionary spending* during a CR period until December 2016 (\$23K, if it extended for the entire year). Without a increase in FY 16, the amount is reduced to \$6K.

Good evening,

Attached is a purchase request for letterhead to use for President Clinton's correspondence in his role as former President. Tina has signed the request on behalf of the Office of the Former President.

We've asked to purchase 5,000 sheets of stationery from Precise Continental for \$2,133 + shipping (I estimated \$75)

Once GSA approves the request, I can contact the vendor to place the order and instruct them to contact Melinda for payment-if that works well for you.

Thanks,

Genevieve

Hi Tina

I would like to inform you next week or shortly thereafter, I will provide you with your office's proposed FY 16 Budget for your review. The Realty Specialist is providing me with the Rent Estimate soon, and once I have these amounts, I will incorporate them.

This year, my CFO's Office is starting the FY 16 process early; and your review and concurrence will be requested about 2-3 weeks after I provide you with your budget. To expedite the process, I am available for a meeting or conference call (In the mean time, you may start to consider your GSA funded purchase requirements for FY 16)

I suspect that these may belong to another OFP and might have been processed in error to OFP Clinton.

I know Peter would have told me about any new hirees; but I needed to start researching this matter somewhere-so I thought I would first double check with you. Then, I plan to reach out to Cherly Williams (unless you felt you would like to contact her-please let me know)

Two employees from the OFPs in R7 were recorded to OFP Clinton. I am probably going to have to perform a cost transfer for those. Can you provide with the funding codes. Once we hear back from Payroll I will let advise you further.

I just reviewed my payroll report of actual pay for the period ending 2/8. And, there are 2 people on the report I never heard of

Catherine Branch
Christina Mendoza

I suspect that these may belong to another OFP and might have been processed in error to OFP Clinton.

I know Peter would have told me about any new hirees; but I needed to start researching this matter somewhere-so I thought I would first double check with you. Then, I plan to reach out to Cherly Williams (unless you fell you would like to contact her-please let me know)

I've revised the Eagle Scout purchase request to fix an error in calculating the total cost. The correct total cost is \$2,542 +Shipping.

Tina- may ask you to approve the updated cost?

For reference, we've spent about \$1,200 on stationery in this fiscal year to date.

Good afternoon Melinda and Joe,
I've attached two purchase requests for your consideration- Tina has signed off from The Office of the Former President. Once GSA authorizes payment, I can place the orders and instruct the vendors to contact Melinda for payment- if that is okay with you.

Thanks,
Genevieve

1) \$665 for 2,500 large grey envelopes to be used for military retirement and birthday letters, and other correspondence related to President Clinton’s role as a former President. To be purchased from Jim Donnelly at Precise Continental.

2) \$1,712 (+ shipping) for 5,000 Eagle Scout congratulatory cards and envelopes from Horton Bros. Printing. With the intent to more efficiently fulfill Eagle Scout requests with reduced delay, we are requesting the envelopes be pre-stuffed and sealed. Previously, we ordered pre-stuffed cards through the same vendor- they were great- but wasn’t directly involved in the GSA approval so I’m afraid that I don’t have additional details on that order.

If you could believe it, the number of Eagle Scout requests received has increased even more. By the end of the month, we’ll have used up our 4/15/2014 order of 2,500 cards- and still have a backlog of requests. Pre-stuffed envelopes will enable us to clear that backlog and I estimate the order of 5,000 will last us until the end of year.

5,000 Cards	\$958
5,000 Envelopes	\$929
Additional cost to stuff & seal envelopes	\$655

Joe, Melinda

We are having problems with President Clinton's T.V. in his office. We had the vendor that we usually use to come out and give us an estimate to repair it and they suggested that we replace it. The T.V. is eleven years old. Please see estimate.

Thanks,

Helen

Joe, Melinda

We are having problems with President Clinton's T.V. in his office. We had the vendor that we usually use to come out and give us an estimate to repair it and they suggested that we replace it. The T.V. is eleven years old. Please see estimate.

Thanks,
Helen

Good morning!

CRS has contacted us in regards to their annual report on the Former Presidents fund. They had a few questions which I've answered below, but I wanted your input to see if there's anything you'd like to add from a program perspective.

Specifically, Cynthia/Janice, would you please find out more information about answer #1. I went into the system and saw that the office obligated \$80 thousand last year (FY 2013). Can you confirm with the office that this was for his staff salaries and benefits? Were there any other obligations associated with his staff?

We need your input on this by COB tomorrow. Thank you!

--

1. For the first time in the years I've been examining former Presidents' benefits, Jimmy Carter did not accept funding for personal staff or their benefits. I wanted to double check this point, and inquire as to why he chose not to accept the funding (if that is the case).

Former President Carter is still funding personal staff and their benefits under a separate contract that is outside of the GSA payroll system and these obligations are categorized under "Other Services". We did this in order to be consistent with our financial reporting system, which lists these obligations under this separate category.

2. The office space appropriations are much higher than the actual costs. I have asked in the past whether this can be accurate, and I'm assuming that it is. But with the costs so drastically different (for example, former President George W. Bush's office space appropriation for FY2013 was \$612,000 and the cost was \$420,000), I again wanted to check and to ask what is done with the remaining appropriation.

The only costs that are locked to a particular category under this appropriation are the pensions and benefits for former presidents, while the remaining funds are allocated to each category based on estimates that can be reallocated on a needed basis as long as they do not exceed amounts specified in the Former Presidents Act. These estimates are based on prior year actuals and anticipated changes, and sometimes can over-estimated; when this does happen and funds are not needed elsewhere within the Former Presidents fund, they will be set to expire and returned to Treasury when cancelled.

3. FY2013 is also the first year that no former President received appropriation for mailing services. Is this a trend away from use of mail to use of other communication technologies? Do those costs crop up in other categories (telephone, maybe)? Printing costs also are dropping in some cases (Clinton). Have you seen this as part of a larger trend in less use of printing?

Yes, former presidents are using this service provided by GSA increasingly less and these costs are usually offset to a small extent through the use of other technologies. However, it is difficult to say with certainty whether increases in costs in these other technologies are directly attributable to forgoing mailing services.

4. I see, in some cases, large increases in appropriations for "other services" (especially in the case of

Jimmy Carter), but this increase is not consistent across all the former Presidents (for example, George H.W. Bush's and George W. Bush's "other costs" dropped significantly). Is there a special purchase made for Jimmy Carter? Did George H.W. Bush stop a particular service?

The increase for Carter in this category is a result of using a contract to fund his staff, as explained in question 1.

5. Equipment costs are getting lower all four former Presidents. Is there a reason why? In some cases, supplies and materials (Particularly for George W. Bush) costs also drop. Is there something prompting these changes?

Due to sequestration this past year and overall budget reductions in recent years, offices have chosen to reduce and limit their expenses in these categories.

In response to question 3, Fedex decreased slightly, USPS decreased slightly, BOTH because of actual usage in past years. Printing approved amounts were slightly less bc of the sequestration (18K vs 15K, but actual was \$16K)

Bush's and George W. Bush's "other costs" dropped significantly). Is there a special purchase made for Jimmy Carter? Did George H.W. Bush stop a particular service?

The increase for Carter in this category is a result of using a contract to fund his staff, as explained in question 1.

5. Equipment costs are getting lower all four former Presidents. Is there a reason why? In some cases, supplies and materials (Particularly for George W. Bush) costs also drop. Is there something prompting these changes?

Due to sequestration this past year and overall budget reductions in recent years, offices have chosen to reduce and limit their expenses in these categories.

Subject: Follow up Questions on Former Presidents
To: Saul Japson - S <saul.japson@gsa.gov>

Saul,

I finally found some time to update my former Presidents report. As anticipated, I have a few questions for follow up.

1. For the first time in the years I've been examining former Presidents' benefits, Jimmy Carter did not accept funding for personal staff or their benefits. I wanted to double check this point, and inquire as to why he chose not to accept the funding (if that is the case).
2. The office space appropriations are much higher than the actual costs. I have asked in the past whether this can be accurate, and I'm assuming that it is. But with the costs so drastically different (for example, former President George W. Bush's office space appropriation for FY2013 was \$612,000 and the cost was \$420,000), I again wanted to check and to ask what is done with the remaining appropriation.
3. FY2013 is also the first year that no former President received appropriation for mailing services. Is this a trend away from use of mail to use of other communication technologies? Do those costs crop up in other categories (telephone, maybe)? Printing costs also are dropping in some cases (Clinton). Have you seen this as part of a larger trend in less use of printing?
4. I see, in some cases, large increases in appropriations for "other services" (especially in the case of Jimmy Carter), but this increase is not consistent across all the former Presidents (for example, George H.W. Bush's and George W. Bush's "other costs" dropped significantly). Is there a special purchase made for Jimmy Carter? Did George H.W. Bush stop a particular service?
5. Equipment costs are getting lower all four former Presidents. Is there a reason why? In some

cases, supplies and materials (Particularly for George W. Bush) costs also drop. Is there something prompting these changes?

Thanks again,
Wendy

Hi Melinda and Joe,

I've attached a purchase request form, signed by Tina, for a desktop organizer to store the labels we use for military retirement letters and eagle scout cards.

The organizer, Safco model number 3111bl, is sold on GSA advantage as well as overstock.com (\$51.99) and Walmart (\$63.00)

I should mention that I've never used GSA advantage before so I'm unfamiliar with the ordering process, but our office does not have a vendor preference. If GSA places the order on our behalf, it should be delivered to my attention in the Harlem office.

Have a great weekend!

Please find attached your proposed FY 2016 Budget (October 1, 2015 - September 30, 2016).

Once we have discussed the FY 16 amounts, I will need your concurrence on the final budget. In order to make a timely submission to my Central Office, I would like to request a due date by April 29th . I would like to arrange a meeting or conference call to discuss the FY 16 budget. I will be in office except the period April 18 thru April 22. Please propose a date and time.

Your FY 15 submitted budget amounted to \$734K; and the starting point of your FY 16 budget will be \$751K. The increase is due to a Rent increase of \$17K, detailed as follows:

(a) annual increase in operating expenses (CPI) in the amount of \$3,000

(b) increase in the BASE Rent amount of \$15,000 for August 2016 and September 2016 (or \$7,500 per month). Note: The GSA lease calls for an increase in base rent after

year 5 (August 2016) of \$7,500 increase per month. Only 2 months are effected in FY 16, in FY 17 all 12 months will be effected with an additional increase of \$75K).

(c) off -set of the above for postage costs by \$1K

Please find a discussion of other budget line amounts in the attached word file (Details of the FY 2016 Proposed Budget). For the line items, Printing, Other Services, Supplies and Equipment, please review your FY 16 approved budget amounts. You may compare them to FY 13 actual purchases and your office should review your actual anticipated purchase for FY

16.

FY 16 Budget effect on Outlaying year FY 17

Your FY 16 Budget will impact your spending during a continuing resolution (CR) period in early FY 17. If

a FY 17 budget is not passed into law by 10/1/2016, then a continuing resolution may be enacted until an appropriation is signed into law. As such, your FY 16 Budget will act as the control total during the FY 17 CR.

The increase in Rent for FY 17 (about \$75K), will effect your budget and spending levels during a FY 17 CR. As such, if the benefit reserve is not used (historically, the benefit reserve has not been used); we will have about \$18K in discretionary spending* during a CR period until December 2016 (\$23K, if it extended for the entire year). Without a increase in FY 16, the amount is reduced to \$6K.

Joe, Melinda

We are having problems with President Clinton's T.V. in his office. We had the vendor that we usually use to come out and give us an estimate to repair it and they suggested that we replace it. The T.V. is eleven years old. Please see estimate.

Thanks,
Helen

Hi Melinda and Joe,

I've attached a purchase request form, signed by Tina, for a desktop organizer to store the labels we use for military retirement letters and eagle scout cards.

The organizer, Safco model number 3111bl, is sold on GSA advantage as well as overstock.com (\$51.99) and Walmart (\$63.00)

I should mention that I've never used GSA advantage before so I'm unfamiliar with the ordering process, but our office does not have a vendor preference. If GSA places the order on our behalf, it should be delivered to my attention in the Harlem office.

Have a great weekend!

Attachments: Details of FY 2016 Proposed Budget.docx ; Summary FY 12 to FY 16.xlsx ; FY 16 monthly projections.xlsx

Please find attached your proposed FY 2016 Budget (October 1, 2015 - September 30, 2016). Once we have discussed the FY 16 amounts, I will need your concurrence on the final budget. In order to make a timely submission to my Central Office, I would like to request a due date by April 29th . I would like to arrange a meeting or conference call to discuss the FY 16 budget. I will be in office except the period April 18 thru April 22. Please propose a date and time.

Your FY 15 submitted budget amounted to \$734K; and the starting point of your FY 16 budget will be \$751K. The increase is due to a Rent increase of \$17K, detailed as follows:

(a) annual increase in operating expenses (CPI) in the amount of \$3,000

(b) increase in the BASE Rent amount of \$15,000 for August 2016 and September 2016 (or \$7,500 per month). Note: The GSA lease calls for an increase in base rent after

year 5 (August 2016) of \$7,500 increase per month. Only 2 months are effected in FY 16, in FY 17 all 12 months will be effected with an additional increase of \$75K).

(c) off -set of the above for postage costs by \$1K

Please find a discussion of other budget line amounts in the attached word file (Details of the FY 2016 Proposed Budget). For the line items, Printing, Other Services, Supplies and Equipment, please review your FY 16 approved budget amounts. You may compare them to FY 13 actual purchases and your office should review your actual anticipated purchase for FY 16.

FY 16 Budget effect on Outlaying year FY 17

Your FY 16 Budget will impact your spending during a continuing resolution (CR) period in

early FY 17. If

a FY 17 budget is not passed into law by 10/1/2016, then a continuing resolution may be enacted until an appropriation is signed into law. As such, your FY 16 Budget will act as the control total during the FY 17 CR.

The increase in Rent for FY 17 (about \$75K), will effect your budget and spending levels during a FY 17 CR. **As such**, if the benefit reserve is not used (historically, the benefit reserve has not been used); we will have about \$18K in discretionary spending* during a CR period until December 2016 (\$23K, if it extended for the entire year). Without a increase in FY 16, the amount is reduced to \$6K.

Hi Tina,

Have you had a chance to review the below. I do need to make a submittal to my CFO Office next week. Do you need an extension?

Part of the budget process is concurrence and/or justification from your office prior to submitting it to my CFO office in DC. The CFO Office then consolidates it in GSA's submission and then forwards it to the Office of Management and Budget (OMB).

If I do not hear from you by 4/29, I will forward with the submittal.

For reference, we've spent about \$1,200 on stationery in this fiscal year to date.

Good afternoon Melinda and Joe,
I've attached two purchase requests for your consideration- Tina has signed off from The Office of the Former President. Once GSA authorizes payment, I can place the orders and instruct the

vendors to contact Melinda for payment- if that is okay with you.

Thanks,
Genevieve

1) \$665 for 2,500 large grey envelopes to be used for military retirement and birthday letters, and other correspondence related to President Clinton’s role as a former President. To be purchased from Jim Donnelly at Precise Continental.

2) \$1,712 (+ shipping) for 5,000 Eagle Scout congratulatory cards and envelopes from Horton Bros. Printing. With the intent to more efficiently fulfill Eagle Scout requests with reduced delay, we are requesting the envelopes be pre-stuffed and sealed. Previously, we ordered pre-stuffed cards through the same vendor- they were great- but I wasn’t directly involved in the GSA approval so I’m afraid that I don’t have additional details on that order.

If you could believe it, the number of Eagle Scout requests received has increased even more. By the end of the month, we’ll have used up our 4/15/2014 order of 2,500 cards- and still have a backlog of requests. Pre-stuffed envelopes will enable us to clear that backlog and I estimate the order of 5,000 will last us until the end of year.

5,000 Cards	\$958
5,000 Envelopes	\$929
Additional cost to stuff & seal envelopes	\$655

With the intent to more efficiently fulfill Eagle Scout requests with reduced delay, we are requesting the envelopes be pre-stuffed and sealed. Previously, we ordered pre-stuffed cards through the same vendor- they were great- but wasn't directly involved in the GSA approval so I'm afraid that I don't have additional details on that order.

If you could believe it, the number of Eagle Scout requests received has increased even more.

By the end of the month, we'll have used up our 4/15/2014 order of 2,500 cards- and still have a backlog of requests. Pre-stuffed envelopes will enable us to clear that backlog and I estimate the order of 5,000 will last us until the end of year.

5,000 Cards	\$958
5,000 Envelopes	\$929

Additional cost to stuff & seal envelopes	\$655

Good afternoon Joe and Melinda,

I've attached, for GSA's authorization, a purchase request for Eagle Scout cards. We'd like to purchase 2,500 cards for \$530+shipping, it's a repeat order from Horton Brothers Printing in Little Rock. Tina has provided the sign off from the Office of the Former President.

Upon GSA's approval, I can place the order and direct the vendor to contact Melinda for payment. Please let me know whether you prefer to be invoiced or pay by credit card.

Hope you're all doing well.

Best,

Genevieve

Hi Melinda and Joe,

I've attached a purchase request form, signed by Tina, for a desktop organizer to store the labels we use for military retirement letters and eagle scout cards.

The organizer, Safco model number 3111bl, is sold on GSA advantage as well as overstock.com (\$51.99) and Walmart (\$63.00)

I should mention that I've never used GSA advantage before so I'm unfamiliar with the ordering process, but our office does not have a vendor preference. If GSA places the order on our behalf, it should be delivered to my attention in the Harlem office.

Have a great weekend!

Genevieve

I've attached two purchase requests for your consideration- Tina has signed off from The Office of the Former President. Once GSA authorizes payment, I can place the orders and instruct the vendors to contact Melinda for payment- if that is okay with you.

Thanks,

1) \$665 for 2,500 large grey envelopes to be used for military retirement and birthday letters, and other correspondence related to President Clinton's role as a former President. To be purchased from Jim Donnelly at Precise Continental.

2) \$1,712 (+ shipping) for 5,000 Eagle Scout congratulatory cards and envelopes from Horton Bros. Printing. I've revised the Eagle Scout purchase request to fix an error in calculating the total cost. The correct total cost is \$2,542 +Shipping.

Tina- may ask you to approve the updated cost?

For reference, we've spent about \$1,200 on stationery in this fiscal year to date.

Subject: OFP - Eagle Scout and Envelope Purchase Request

Good afternoon Melinda and Joe,

I've attached two purchase requests for your consideration- Tina has signed off from The Office of the Former President. Once GSA authorizes payment, I can place the orders and instruct the vendors to contact Melinda for payment- if that is okay with you.

Thanks,
Genevieve

1) \$665 for 2,500 large grey envelopes to be used for military retirement and birthday letters, and other correspondence related to President Clinton's role as a former President. To be purchased from Jim Donnelly at Precise Continental.

2) \$1,712 (+ shipping) for 5,000 Eagle Scout congratulatory cards and envelopes from Horton Bros. Printing. With the intent to more efficiently fulfill Eagle Scout requests with reduced delay, we are requesting the envelopes be pre-stuffed and sealed. Previously, we ordered pre-stuffed cards through the same vendor- they were great- but wasn't directly involved in the GSA approval so I'm afraid that I don't have additional details on that order.

If you could believe it, the number of Eagle Scout requests received has increased even more. By the end of the month, we'll have used up our 4/15/2014 order of 2,500 cards- and still have a backlog of requests. Pre-stuffed envelopes will enable us to clear that backlog and I estimate the order of 5,000 will last us until the end of year.

5,000 Cards	\$958
5,000 Envelopes	\$929
Additional cost to stuff & seal envelopes	\$655

Joe, Melinda

We are in the process of cataloging and preserving personal items of Former President Clinton; Most of these items are in his office and conference room in Harlem. We would like to have the director of the Clinton Library (Arkansas Office) Terri Garner to be flown to New York to assist with this project. The projected dates are June 17, 18, 2014. Ms. Garner will need air fare and hotel if funds are available for the trip.

Thanks,

Hi Melinda and Joe,

I hope all is well.

I've attached the ROM to fund the remainder of IQ's Annual Maintenance Warranty for FY2014. The cost, \$3,024.81, covers the Period of Performance from 1/16/14- 9/30/14 after the continuing resolution expired. Thank you again, Melinda and Joe, for expertly negotiating a prorated payment for coverage during the CR - and being so patient in explaining it to me 😊 To authorize payment, you can email Karthik Rau at (b) (6)

As we discussed in prior emails, Tina gave the OFP approval for the FY2014 Annual Maintenance, in its entirety, on 11/5/2013, and Lockheed credited us for unused hours from FY2013 so as of now, we don't need to authorize billing any additional labor. Hopefully, that makes it easier for everyone.

All the best,

Genevieve

This should be resolved this pay period or next. Also recommended certain controls so correct FP coding is used for new hirees

I suspect that these may belong to another OFP and might have been processed in error to OFP Clinton.

I know Peter would have told me about any new hirees; but I needed to start researching this matter somewhere-so I thought I would first double check with you. Then, I plan to reach out to Cherly Williams (unless you fell you would like to contact her-please let me know)

HR FAQ Video Series; Learn how to address many of your HR related needs such as accessing your personnel record in CHRIS, changing your address, what to do if your family situation changes and more! Included are companion reference guides and checklists covering topics such as Employee Express, GCIMS, Health and Life Insurance, Qualifying Life Events, etc. Be sure to check back often for future videos.

CSRS/ FERS retirement package (SF 2801/ 3107, SF 2818, and W-4P forms) is available online. Click on the underlined link to access all retirement forms. If you decide to apply for retirement for best results we recommend that you submit your retirement application forms to the Consolidated Processing Center within 8 weeks of your retirement date. For end of the year retirements we recommend submitting your retirement forms in early October due to the fact that it is common for employees to retire in December and early January. For more information relating to retirement, you may contact Luz Sanchez luz.sanchez@gsa.gov or [215.446.4957](tel:215.446.4957).

The citation provided is only for security and **related travel costs** when GSA is allowed to pay for such items- see

link for section 102 (g).

It is not for TDY travel (i.e when staff members travel with the FP) or "general" local travel unless it meets the requirements under section 102 (g).

We do pay a security cost to DHS FPS. I have been told it is for a basic building security charge; it is not in lieu of; or, in addition to secret service protection. It is associated with a lease location - it is not a payment under the section

<http://www.archives.gov/about/laws/former-presidents.html>

Also, I am reading the below as a request under the FP's Act (payments after the the first 6 months) , not payments under the Transition Act (first 6 months after office).

We can discuss if you believe it is otherwise.

We are required to respond within a defined time period. If Friday is the deadline, I suggest a letter of response acknowledging their request and advising them of a followup after June 17. Otherwise, we can wait for Travis' return and process as requested.

The citation provided is only for security and **related travel costs** when GSA is allowed to pay for such items- see

link for section 102 (g).

It is not for TDY travel (i.e when staff members travel with the FP) or "general" local travel unless it meets the requirements under section 102 (g).

We do pay a security cost to DHS FPS. I have been told it is for a basic building security charge; it is not in lieu of; or, in addition to secret service protection. It is associated with a lease location - it is not a payment under the section

<http://www.archives.gov/about/laws/former-presidents.html>

Also, I am reading the below as a request under the FP's Act (payments after the the first 6 months) , not payments under the Transition Act (first 6 months after office).

We can discuss if you believe it is otherwise.

Hi Melinda and Joe,

I'm writing with the Office of Former President Clinton's funding request for IQ software and services for FY2014.

Attached is the purchase request, which has been signed and approved by Tina Flournoy, and the ROM prepared by Karthik Rau ((b) (6)) at Lockheed Martin.

To fund our request, GSA can purchase, via credit/purchase card, the annual software and warranty (\$4,299.32) and authorize Lockheed to bill the service hours. As always, the service hours are an estimate; Lockheed will only invoice for actual time once services are rendered. I am happy to confirm when services are provided.

This ROM covers 10/1/2013 - 9/30/2014.

Please don't hesitate to email me with any questions.

Best,

Genevieve

I've revised the Eagle Scout purchase request to fix an error in calculating the total cost. The correct total cost is \$2,542 +Shipping.

Tina- m a y ask you to approve the updated cost?

For reference, we've spent about \$1,200 on stationery in this fiscal year to date.

Subject: OFP - Eagle Scout and Envelope Purchase Request

Good afternoon Melinda and Joe,

I've attached two purchase requests for your consideration- Tina has signed off from The Office of the Former President. Once GSA authorizes payment, I can place the orders and instruct the vendors to contact Melinda for payment- if that is okay with you.

Thanks,
Genevieve

1) \$665 for 2,500 large grey envelopes to be used for military retirement and birthday letters, and other correspondence related to President Clinton's role as a former President. To be purchased from Jim Donnelly at Precise Continental.

2) \$1,712 (+ shipping) for 5,000 Eagle Scout congratulatory cards and envelopes from Horton Bros. Printing. With the intent to more efficiently fulfill Eagle Scout requests with reduced delay, we are requesting the envelopes be pre-stuffed and sealed. Previously, we ordered pre-stuffed cards through the same vendor- they were great- but I wasn't directly involved in the GSA approval so I'm afraid that I don't have additional details on that order.

If you could believe it, the number of Eagle Scout requests received has increased even more. By the end of the month, we'll have used up our 4/15/2014 order of 2,500 cards- and still have a backlog of requests. Pre-stuffed envelopes will enable us to clear that backlog and I estimate the order of 5,000 will last us until the end of year.

5,000 Cards	\$958
5,000 Envelopes	\$929
Additional cost to stuff & seal envelopes	\$655

Hi everyone,
Attached a purchase request signed by Tina for your approval. We're hoping to reorder the large grey envelopes used to mail military retirement letters, general public birthday letters, and other correspondence President Clinton sends in his capacity as a former president. Once GSA has approved the request, I can email the order to the vendor (Jim Donnelly at Precise Continental) and cc Liz Moten to arrange payment.

The order would be for 2,500 envelopes for \$624.50, plus estimated shipping charges of \$75.

Many thanks!

Genevieve

Good afternoon Melinda and Joe,
I've attached two purchase requests for your consideration- Tina has signed off from The Office of the Former President. Once GSA authorizes payment, I can place the orders and instruct the vendors to contact Melinda for payment- if that is okay with you.

Thanks,
Genevieve

1) \$665 for 2,500 large grey envelopes to be used for military retirement and birthday letters, and other correspondence related to President Clinton's role as a former President. To be purchased from Jim Donnelly at Precise Continental.

2) \$1,712 (+ shipping) for 5,000 Eagle Scout congratulatory cards and envelopes from Horton Bros. Printing. With the intent to more efficiently fulfill Eagle Scout requests with reduced delay, we are requesting the envelopes be pre-stuffed and sealed. Previously, we ordered pre-stuffed cards through the same vendor- they were great- but I wasn't directly involved in the GSA approval so I'm afraid that I don't have additional details on that order.

If you could believe it, the number of Eagle Scout requests received has increased even more. By the end of the month, we'll have used up our 4/15/2014 order of 2,500 cards- and still have a backlog of requests. Pre-stuffed envelopes will enable us to clear that backlog and I estimate the order of 5,000 will last us until the end of year.

5,000 Cards	\$958
5,000 Envelopes	\$929
Additional cost to stuff & seal envelopes	\$655

I've revised the Eagle Scout purchase request to fix an error in calculating the total cost. The correct total cost is \$2,542 +Shipping.

Tina- m a y ask you to approve the updated cost?

For reference, we've spent about \$1,200 on stationery in this fiscal year to date.

Subject: OFP - Eagle Scout and Envelope Purchase Request

Good afternoon Melinda and Joe,

I've attached two purchase requests for your consideration- Tina has signed off from The Office of the

Former President. Once GSA authorizes payment, I can place the orders and instruct the vendors to contact Melinda for payment- ifthat is okay with you.

Thanks,
Genevieve

1) \$665 for 2,500 large grey envelopes to be used for military retirement and birthday letters, and other correspondence related to President Clinton’s role as a former President. To be purchased from Jim Donnelly at Precise Continental.

2) \$1,712 (+ shipping) for 5,000 Eagle Scout congratulatory cards and envelopes from Horton Bros. Printing. With the intent to more efficiently fulfill Eagle Scout requests with reduced delay, we are requesting the envelopes be pre-stuffed and sealed. Previously, we ordered pre-stuffed cards through the same vendor- theywere great- butI wasn’t directly involved in the GSA approval so I’m afraid that I don’t have additional details on that order.

If you could believe it, the number of Eagle Scout requests received has increased even more. By the end of the month, we’ll have used up our 4/15/2014 order of 2,500 cards- andstill have a backlog of requests. Pre-stuffed envelopes will enable us to clear that backlog and I estimate the order of 5,000 will last us until the end of year.

5,000 Cards	\$958
5,000 Envelopes	\$929
Additional cost to stuff & seal envelopes	\$655

Hi Melinda,

I feel it's probably not necessary to renew the extended service warranty- the machine is in great condition and in the unlikely chance that it breaks, the manufacture offers *a-la-carte* repair service.

If anyone else on the email thinks differently- certainly defer to their recommendation

All the best,

We believe we have found the problem with the remaining balance on this above cited project. We have checked all of the modifications to ensure that they were entered in Pegasys and we also check all of the payments made against the contract thus far. Apparently, there is a RW (RW201310290214) report holding \$80,136.80. We did a thorough search for the invoice and we can't find it. If the invoice exist please send me a copy, if not, please ask Russ to release the funds on the this RW report.

Hi Joe, Thanks for bringing this to our attention. I checked on Ms. Mendonsa and Ms. Branch and it appears that they belong to the office of former president in Region 7.

Barbara/Cheryl, We have 2 former president employees (Christina Mendosa and Catherine Branch) who erroneously landed on Region 2's payroll. How should we proceed in getting this corrected?

Please advise.

Thanks,

I suspect that these may belong to another OFP and might have been processed in error to OFP Clinton.

I know Peter would have told me about any new hirees; but I needed to start researching this matter somewhere-so I thought I would first double check with you. Then, I plan to reach out to Cheryl Williams (unless you felt you would like to contact her-please let me know)

Hi Melinda,

I haven't yet received the invoice you mentioned sending me this fall to sign off on (to signify that all services have been rendered); I'd be happy to look over the hours used once that's available.

We've estimated an increase in hours for FY 2014 in anticipation of our forthcoming upgrade to IQ's new software, revamping workflow processes for incoming mail, and scanning and archiving past correspondence related to President Clinton's role as a former President.

In the past couple of years, the use and invoicing of hours has been complicated due to delays in ROM approval and gaps in service, as well as staff transitions at Lockheed- including the passing of our longtime account rep. I'm excited to have the FY 2014 ROM approved and get back on track!

Moving forward, by expediting the approval of ROMs and not allowing our warranty to expire, Lockheed will be able to invoice GSA for service hours on a monthly or quarterly schedule, allowing for better estimation and tracking of hours used. As I mentioned previously, I'd be happy to confirm that billed services were provided- you are welcome to email me the invoices as they arrive.

Good Morning!

Going forward a log of hours is recommended so we can track estimate versus hours used.

Please resubmit as soon as possible.

Hi Melinda and Joe,

I'm writing with the Office of Former President Clinton's funding request for IQ software and services for FY2014.

Attached is the purchase request, which has been signed and approved by Tina Flourney, and the ROM prepared by Karthik Rau ((b) (6)) at Lockheed Martin.

To fund our request, GSA can purchase, via credit/purchase card, the annual software and warranty (\$4,299.32) and authorize Lockheed to bill the service hours. As always, the service hours are an estimate; Lockheed will only invoice for actual time once services are rendered. I am happy to confirm when services are provided.

This ROM covers 10/1/2013 - 9/30/2014.

Please don't hesitate to email me with any questions.

Best,

Good Afternoon!

Today New York Times contacted me about a non-payment on the account totaling \$176. They confirmed the billing as going to your address.

Please advise if you have been getting service.

If you are in receipt of invoices, please advise if okay to pay and scan/ send.

I have also requested a copy of the invoices. I will advise once received.

Thanks!

Mr. Zimmerebner,

Good Morning. My name is Alicia Boston-Grimes, Human Resources Specialist from the General Services Administrator (GSA), and I will be responsible for processing your appointment, to be effective February 10, 2014, for the Office of Former President Clinton, which is serviced by GSA. In order to initiate your personnel record, I will need a copy of your resume and completed Declaration for Federal Employment – Form OF-306 (attached). Please sign and date both blocks 17a (as the Applicant) and 17b (as the Appointee).

Please include your full name and home address on your resume. You may email the requested documents to me at alicia.boston@gsa.gov or fax to my attention at 212-264-6798.

Upon receipt of your resume and completed OF-306, I will then initiate your personnel record. At that time, I will also send you an email with additional forms (Health/Life Benefits, Direct Deposit, W-4, etc.) that you will need to complete and submit prior to your effective appointment date of February 10, 2014.

If you have any questions, please feel free to contact me on 212-264-8300.

Thank you.

Subject: Cyber Security Incident Update
To: kristine.cavaliere@gsa.gov

Dear GSA,

Beginning this week, employees are being notified if they were affected by the recent cyber security incident. An example of the notifications has been attached to this email.

Email and postal notifications will both come from CSID, the private contractor that is assisting OPM with the incident response. It is best to wait to receive a notice, which will include a PIN, before calling CSID or visiting the website. The notices will be sent to nearly everyone via email, which will come from opmcio@csid.com. Due to the volume of notifications, we cannot be sure when everyone will receive their email notice. Notices to employees without a valid email address will happen via postal delivery over the next two weeks.

At this point CSID only has the names of affected employees, the PIN that is included in their notices and the last four digits of the employees' SSN. When affected employees call CSID or visit the website, CSID initially will not ask employees for DOB or full SSN, but will ask for the PIN or the last 4 digits of the SSN to help validate employee identities against the lists that they have.

It is important to understand that once an affected employee has been validated against the CSID list, if they

choose to enroll in CSID services they will have to provide personally identifiable information, just as they would when applying for a credit card or a bank loan. We will be giving affected employees the opportunity to reach out to CSID while at work. We will also be giving employees without internet access at work the support they need to reach out to CSID.

Again, we know some employees have already begun calling CSID, but it is best to wait until after being contacted byopmcio@csid.com or via postal delivery. For more information, please visit: <https://www.opm.gov/news/latest-news/announcements/frequently-asked-questions/>

Thank you,

Denise Turner Roth

Hi Melinda and Joe,

I'm writing with the Office of Former President Clinton's funding request for IQ software and services for FY2014.

Attached is the purchase request, which has been signed and approved by Tina Flournoy, and the ROM prepared by Karthik Rau ((b) (6)) at Lockheed Martin.

To fund our request, GSA can purchase, via credit/purchase card, the annual software and warranty (\$4,299.32) and authorize Lockheed to bill the service hours. As always, the service hours are an estimate; Lockheed will only invoice for actual time once services are rendered. I am happy to confirm when services are provided.

This ROM covers 10/1/2013 - 9/30/2014.

Please don't hesitate to email me with any questions.

Best,

Genevieve

Hi Melinda and Joe,

I'm writing with the Office of Former President Clinton's funding request for IQ software and services for FY2014.

Attached is the purchase request, which has been signed and approved by Tina Flournoy, and the ROM prepared by Karthik Rau ((b) (6)) at Lockheed Martin.

To fund our request, GSA can purchase, via credit/purchase card, the annual software and warranty (\$4,299.32) and authorize Lockheed to bill the service hours. As always, the service hours are an estimate; Lockheed will only invoice for actual time once services are rendered. I am happy to confirm when services are provided.

This ROM covers 10/1/2013 - 9/30/2014.

Please don't hesitate to email me with any questions.

Best,

Genevieve

I've revised the Eagle Scout purchase request to fix an error in calculating the total cost. The correct total cost is \$2,542 +Shipping.

Tina- may I ask you to approve the updated cost?

For reference, we've spent about \$1,200 on stationery in this fiscal year to date.

Subject: OFP - Eagle Scout and Envelope Purchase Request

Good afternoon Melinda and Joe,

I've attached two purchase requests for your consideration- Tina has signed off from The Office of the Former President. Once GSA authorizes payment, I can place the orders and instruct the vendors to contact Melinda for payment- if that is okay with you.

Thanks,
Genevieve

- 1) \$665 for 2,500 large grey envelopes to be used for military retirement and birthday letters, and other correspondence related to President Clinton's role as a former President. To be purchased from Jim Donnelly at Precise Continental.
- 2) \$1,712 (+ shipping) for 5,000 Eagle Scout congratulatory cards and envelopes from Horton Bros. Printing. With the intent to more efficiently fulfill Eagle Scout requests with reduced delay, we are requesting the envelopes be pre-stuffed and sealed. Previously, we ordered pre-stuffed cards through the same vendor- they were great- but wasn't directly involved in the GSA approval so I'm afraid that I don't have additional details on that order.

If you could believe it, the number of Eagle Scout requests received has increased even more. By the end of the month, we'll have used up our 4/15/2014 order of 2,500 cards- and still have a backlog of requests. Pre-stuffed envelopes will enable us to clear that backlog and I estimate the order of 5,000 will last us until the end of year.

5,000 Cards	\$958
5,000 Envelopes	\$929
Additional cost to stuff & seal envelopes	\$655

Steve,

I have no information on where this request is originating.

We recently just completed providing information on furniture costs for both Former President Bushes going back to 2001. I understand that request originated from USA Today. Contact shown in print screen here.

I do not see how the requested information on travel costs can be provided today. It took us more than a week on the other request.

The OFP funding is including under GSA's appropriation bill and as such, GSA (and the OFP) is currently operating under a continuing resolution until Janaury 15th, 2014.

Therefore, we should only pay LM's licence fee for the period of October 1, 2013 thru January 15th, 2014. This equates to an amount of \$1,260 (\$4,299 x 107 days/365 days).

Once the CR is over, we can pay the remaining balance. If another CR is authorized, we can make another payment prorated in the same manner as above for number of days in the next CR period

Hi Melinda and Joe,

I'm writing with the Office of Former President Clinton's funding request for IQ software and services for FY2014.

Attached is the purchase request, which has been signed and approved by Tina Flourney, and the ROM prepared by Karthik Rau ((b) (6)) at Lockheed Martin.

To fund our request, GSA can purchase, via credit/purchase card, the annual software and warranty (\$4,299.32) and authorize Lockheed to bill the service hours. As always, the service hours are an estimate; Lockheed will only invoice for actual time once services are rendered. I am happy to confirm when services are provided.

This ROM covers 10/1/2013 - 9/30/2014.

Please don't hesitate to email me with any questions.

Best,

Genevieve

I did not mean to cc Genevieve; usually I like to kept funding approvals as internal GSA emails only. But, by accident, I hit reply all. In any event, the email only confirms GSA/OFP discussions.

We believe we have found the problem with the remaining balance on this above cited project. We have checked all of the modifications to ensure that they were entered in Pegasys and we also check all of the payments made against the contract thus far. Apparently, there is a RW (RW201310290214) report holding \$80,136.80. We did a thorough search for the invoice and we can't find it. If the invoice exist please send me a copy, if not, please ask Russ to release the funds on the this RW report.

We believe we have found the problem with the remaining balance on this above cited project. We have checked all of the modifications to ensure that they were entered in Pegasys and we also check all of the payments made against the contract thus far. Apparently, there is a RW (RW201310290214) report holding \$80,136.80. We did a thorough search for the invoice and we can't find it. If the invoice exist please send me a copy, if not, please ask Russ to release the funds on the this RW report.

Hi Melinda and Joe,

I hope all is well.

I've attached the ROM to fund the remainder of IQ's Annual Maintenance Warranty for FY2014. The cost, \$3,024.81, covers the Period of Performance from 1/16/14- 9/30/14, after the continuing resolution expired. Thank you again, Melinda and Joe, for expertly negotiating a prorated payment for coverage during the CR - and being so patient in explaining it to me ☺ To authorize payment, you can email Karthik Rau at (b) (6)

As we discussed in prior emails, Tina gave the OFP approval for the FY2014 Annual Maintenance, in its entirety, on 11/5/2013, and Lockheed credited us for unused hours from FY2013 so as of now, we don't need to authorize billing any additional labor. Hopefully, that makes it easier for everyone.

All the best,

Genevieve

Good evening,

Attached is a purchase request for letterhead to use for President Clinton's correspondence in his role as former President. Tina has signed the request on behalf of the Office of the Former President.

We've asked to purchase 5,000 sheets of stationery from Precise Continental for \$2,133 + shipping (I estimated \$75)

Once GSA approves the request, I can contact the vendor to place the order and instruct them to contact Melinda for payment-if that works well for you.

Thanks,

Genevieve

Helen,

I spoke to our Regional and General Counsel Offices; and in reviewing the Former President's Act, the following summarizes your offices request for GSA to fund the item in the below email:

- 1) If Secret Service provides protection, GSA does not have authority to pay under the FP's Act;
- 2) If Secret Service's protection has expired, GSA can fund the security check
- 3) If Secret Service protection has been declined, GSA can fund the security check.

Helen,

I spoke to our Regional and General Counsel Offices; and in reviewing the Former President's Act, the following summarizes your offices request for GSA to fund the item in the below email:

- 1) If Secret Service provides protection, GSA does not have authority to pay under the FP's Act;
- 2) If Secret Service's protection has expired, GSA can fund the security check
- 3) If Secret Service protection has been declined, GSA can fund the security check.

Melinda

The OFP funding is including under GSA's appropriation bill and as such, GSA (and the OFP) is currently operating under a continuing resolution until January 15th, 2014.

Therefore, we should only pay LM's licence fee for the period of October 1, 2013 thru January 15th, 2014. This equates to an amount of \$1,260 (\$4,299 x 107 days/365 days).

Once the CR is over, we can pay the remaining balance. If another CR is authorized, we can make another payment prorated in the same manner as above for number of days in the next CR period

Hi Melinda and Joe,

I'm writing with the Office of Former President Clinton's funding request for IQ software and services for FY2014.

Attached is the purchase request, which has been signed and approved by Tina Flournoy, and the ROM prepared by Karthik Rau (b) (6) at Lockheed Martin.

To fund our request, GSA can purchase, via credit/purchase card, the annual software and warranty (\$4,299.32) and authorize Lockheed to bill the service hours. As always, the service hours are an estimate; Lockheed will only invoice for actual time once services are rendered. I am happy to confirm when services are provided.

This ROM covers 10/1/2013 - 9/30/2014.

Please don't hesitate to email me with any questions.

Best,

Genevieve

H Melinda,

I haven't yet received the invoice you mentioned sending me this fall to sign off on (to signify that all services have been rendered); I'd be happy to look over the hours used once that's available.

We've estimated an increase in hours for FY 2014 in anticipation of our forthcoming upgrade to IQ's new software, revamping workflow processes for incoming mail, and scanning and archiving past correspondence related to President Clinton's role as a former President.

In the past couple of years, the use and invoicing of hours has been complicated due to delays in ROM approval and gaps in service, as well as staff transitions at Lockheed- including the passing of our longtime account rep. I'm excited to have the FY 2014 ROM approved and get back on track!

Moving forward, by expediting the approval of ROMs and not allowing our warranty to expire, Lockheed will be able to invoice GSA for service hours on a monthly or quarterly schedule, allowing for better estimation and tracking of hours used. As I mentioned previously, I'd be happy to confirm that billed services were provided- you are welcome to email me the invoices as they arrive.

Genevieve, I am specifically looking for estimated hours from 09/30/2013 to 01/15/2014. I have not received any billing from Lockheed Martin for FY14.

H Melinda,

I haven't yet received the invoice you mentioned sending me this fall to sign off on (to signify that all services have been rendered); I'd be happy to look over the hours used once that's available.

We've estimated an increase in hours for FY 2014 in anticipation of our forthcoming upgrade to IQ's new software, revamping workflow processes for incoming mail, and scanning and archiving past correspondence related to President Clinton's role as a former President.

In the past couple of years, the use and invoicing of hours has been complicated due to delays in ROM approval and gaps in service, as well as staff transitions at Lockheed- including the passing of our longtime account rep. I'm excited to have the FY 2014 ROM approved and get back on track!

Moving forward, by expediting the approval of ROMs and not allowing our warranty to expire, Lockheed will be able to invoice GSA for service hours on a monthly or quarterly schedule, allowing for better estimation and tracking of hours used. As I mentioned previously, I'd be happy to confirm that billed services were provided- you are welcome to email me the invoices as they arrive.

Hi Melinda and Joe,

I'm writing with the Office of Former President Clinton's funding request for IQ software and services for FY2014.

Attached is the purchase request, which has been signed and approved by Tina Flournoy, and the ROM prepared by Karthik Rau ((b) (6)) at Lockheed Martin.

To fund our request, GSA can purchase, via credit/purchase card, the annual software and warranty (\$4,299.32) and authorize Lockheed to bill the service hours. As always, the service hours are an estimate; Lockheed will only invoice for actual time once services are rendered. I am happy to confirm when services are provided.

This ROM covers 10/1/2013 - 9/30/2014.

Please don't hesitate to email me with any questions.

Sherri,

Please be advised that R2 Budget Analyst just informed me that the 2 new hires (Catherine Branch and Christina Mendoza) for the Office of President Bush are coded incorrectly, therefore, they are being billed to R2.

Their appropriation code and org code need to be corrected to R7's appropriation code, not the one on R2's SOP. I have been informed that you should go to your Budget office to get the correct appropriation code, and then submit the correction to the CPC.

Please confirm when correction is submitted to the CPC, so that I can advise our Budget Analyst, who handles the office of President Clinton.

Please see attached revised SOP. Please edit the names and Clinton references that are applicable to R2 only.

Thank you.

Hi Joe and Liz,

We'd like to reorder the letterhead used for President Clinton's post-Presidential correspondence such as military retirement and birthday letters. Tina has signed the attached request to purchase 5,000 sheets from Precise Continental- at cost of \$2,263.00 + shipping, which I estimated at \$50.

Upon your approval, I can email the order to Jim Donnelly, ccing Liz, and request he contact her to arrange payment.

Hope you have a great weekend!

Subject: OFP Continuing Resolution Budget thru January 15th

A Continuing Resolution bill has been signed into law that provides funding thru January 15.

You will have available for discretionary purchases \$17K (the \$17K will increase about \$4-5K a month if the benefit reserve is not used). When preparing purchases during the CR period, please review the bottom line total on the worksheet Summary CR period, column C). Right now and each month going forward during the CR period, I am only providing the full year projections for information only

Discretionary items include such items as equipment, supplies, printing or purchases other than those labeled as required. Required expenses are salaries, benefits, Rent and DHS charges, Fedex, Postage Charges, Lockheed Martin contract (Oct-Jan period only) and, Direct TV.

I am providing a brief discussion on how the Control Budget Total was calculated (FYI only)

Typically, the CR Budget Control Total is calculated based on last years approved budget level (last year's spending level) prorated for the number of days in the CR period. This year, the CR legislation includes a 3% reduction during the CR period. Once the CR period end, this 3% will be added back; and your budget will be based on the final amounts signed into law.

Also, my CFO Office provided a CR budget for the entire year in the event a full year CR is passed. The full year CR also includes the 3% reduction. If a final budget is signed into law on 1/15, your budget based on the amounts signed into law.

If you have questions, please feel free to contact me

Joe,

Friday we had Vail Communications Security Service to come to the office of Former President Clinton's for a security check of the office. This recommendation came from Secret Service. I just want to make sure that GSA will pay for this service upon arrival of invoice.

Thanks,
Helen

Good day Joe and Melinda,

I've attached a purchase request, approved by Tina, for an online subscription to the *Arkansas Democrat-Gazette*, dba arkansasonline.com, for use by the office of former President Clinton.

The fee for access outside of Central Arkansas is \$30 per month. Annual subscriptions can be purchased in advance via credit card, or be automatically debited on a monthly basis. I know both of you have a ton of experience finding the best way to order these type of things and perhaps know of an alternate billing arrangement.

The online order form is [here](https://secure.arkansasonline.com/auth/forms/ipad/register.php) (<https://secure.arkansasonline.com/auth/forms/ipad/register.php>) and their customer service number is [501-378-3456](tel:501-378-3456).

Once GSA authorizes the purchase, would you please contact me to discuss creating the username/password our office could use to access the website?

Hope all is well with you.

thanks,

Genevieve

As a reminder, the due date for your concurrence is this Friday. The FY 18 Budget Submission is the same as FY 17

note: there was no increase in the Rent Amount- the Rent Estimate for FY 18 was obtained from Walter Moldovan who handles the lease with the lessor and his estimate showed no increase.

Joe,

Friday we had Vail Communications Security Service to come to the office of Former President Clinton's for a security check of the office. This recommendation came from Secret Service. I just want to make sure that GSA will pay for this service upon

arrival of invoice.

Thanks,
Helen

Hi Cheryl,

It is a payroll and accounting system report that I use to monitor their salary limitation (I am the Budget Analyst for the OFP Clinton). The report is generated from the Payroll system and lists actual amounts paid. Specifically, the report lists each employ, then organization number*, then lists for each staff member the gross salary actually paid. Also, for each staff member, the report lists the government benefits that are actually paid. At the end of the report is totals for for the OFP Clinton that is posted to GSA accounting system.

I am attaching the 2/8 report. But, I have extracted the amounts for privacy issues (benefits paid). The amounts I extracted would normally appear to the right of each staff member under the columns

*organization code for OFP CLinton is F0180

I suspect that these may belong to another OFP and might have been processed in error to OFP Clinton.

I know Peter would have told me about any new hirees; but I needed to start researching this matter somewhere-so I thought I would first double check with you. Then, I plan to reach out to Cherly Williams (unless you felt you would like to contact her-please let me know)

Joe,

Friday we had Vail Communications Security Service to come to the office of Former President

Clinton's for a security check of the office. This recommendation came from Secret Service. I just want to make sure that GSA will pay for this service upon arrival of invoice.

Hi Melinda and Joe,

I'm writing with the Office of Former President Clinton's funding request for IQ software and services for FY2014.

Attached is the purchase request, which has been signed and approved by Tina Flournoy, and the ROM prepared by Karthik Rau (b) (6) [mailto:\(b\) \(6\)](mailto:(b) (6)) at Lockheed Martin.

To fund our request, GSA can purchase, via credit/purchase card, the annual software and warranty (\$4,299.32) and authorize Lockheed to bill the service hours. As always, the service hours are an estimate; Lockheed will only invoice for actual time once services are rendered. I am happy to confirm when services are provided.

This ROM covers 10/1/2013 - 9/30/2014.

Please don't hesitate to email me with any questions.

Best,

Genevieve

Attachments: FY 14 CR Budget thru Janaury 15th.xlsx

A Continuing Resolution bill has been signed into law that provides funding thru January 15.

You will have available for discretionary purchases \$17K (the \$17K will increase about \$4-5K a month if the benefit reserve is not used). When preparing purchases during the CR period, please review the bottom line total on the worksheet Summary CR period, column C). Right now and each month going forward during the CR period, I am only providing the full year projections for information only

Discretionary items include such items as equipment, supplies, printing or purchases other than those labeled as required. Required expenses are salaries, benefits, Rent and DHS charges, Fedex, Postage Charges, Lockheed Martin contract (Oct-Jan period only) and, Direct TV.

I am providing a brief discussion on how the Control Budget Total was calculated (FYI only)

Typically, the CR Budget Control Total is calculated based on last years approved budget level (last year's spending level) prorated for the number of days in the CR period. This year, the CR legislation includes a 3% reduction during the CR period. Once the CR period end, this 3% will be added back; and your budget will be based on the final amounts signed into law.

Also, my CFO Office provided a CR budget for the entire year in the event a full year CR is passed. The full year CR also includes the 3% reduction. If a final budget is signed into law on 1/15, your budget based on the amounts signed into law.

If you have questions, please feel free to contact me

Joe

Good day Joe and Melinda,

I've attached a purchase request, approved by Tina, for an online subscription to the *Arkansas Democrat-Gazette*, dba arkansasonline.com, for use by the office of former President Clinton.

The fee for access outside of Central Arkansas is \$30 per month. Annual subscriptions can be purchased in advance via credit card, or be automatically debited on a monthly basis. I know both of you have a ton of experience finding the best way to order these type of things and perhaps know of an alternate billing arrangement.

The online order form is [here](https://secure.arkansasonline.com/auth/forms/ipad/register.php) (<https://secure.arkansasonline.com/auth/forms/ipad/register.php>) and their customer service number is 501-378-3456.

Once GSA authorizes the purchase, would you please contact me to discuss creating the username/password our office could use to access the website?

Hope all is well with you.

thanks,

Genevieve

Please find attached your proposed FY 2017 Budget (October 1, 2016 - September 30, 2017).

This FY, GSA is required to submit to OMB their FY 17 Budget requirements which includes your budget

Once we have discussed the FY 17 amounts, I will need your concurrence on the final budget. In order to make a

timely submission to my Central Office, I would like to request a due d

date of April 6th. I would like to arrange a meeting or conference call to discuss the FY 17 budget. Please propose a date and time.

Your FY 17 proposed budget amounts to \$820K.

Due to Rent increases, this is \$74K greater than your FY 16 budget of 748K

The increase is detailed as follows:

(a) annual increase in operating expenses (CPI) in the amount of \$2,500

(b) increase in the BASE Rent amount of \$71

,000 in the Rent amount that commenced in FY 16 (August 2016) and carried over into FY 17.

Note: The GSA lease calls for an increase in base rent after year 5 (August 2016). Prior to this, from August 2011 thru July 2015 there was no increase in the Base Rent, just the CPI adjustments

Please find a discussion of other budget line amounts in the attached word file (Details of the FY 2017 Proposed Budget). For the

other line items, Printing, Other Services, Supplies and Equipment, please review your FY 17 approved budget amounts. You may compare them to FY 13 actual purchases and your office should review your actual anticipated purchase for FY 17

This was guidance I received recently from a colleague who does budget work for the Former President Clinton's Office which is located in our region. The gist of the guidance was that their Federal salaries stop for the Office of Former President's employees during a lapse in appropriations but these employees can receive salary from non-Federal sources. Technically it appears that they would be 'furloughed' from their Federal positions. I have ccd Regional Counsel due to the issue's sensitivity. GSA Regions 7 and 4 also service Former President Offices so the decision should be coordinated with them too so that there is consistency agency-wide on this matter.

Last time when there was talk of a possible Government shutdown; the then Agency Chief of Staff sent a letter to each FP Office addressing the impact in the event a lapse of funding. (the letter was signed by the Agency Chief of Staff and was transmitted by General Counsel). The CFO Office in DC coordinated it.

In the attached file is a copy of the letter online and the transmittal email from General Counsel (pages 6-9). Even though the letter I found was for OFP CLinton, I was informed that similar letters were sent to all FP Offices

Under the Former President's Act, each FP's Office is entitled to an office staff with an annual salary not to exceed \$96,000. The FP Clinton's office currently employs 10 staff members at \$9,484 each year.** I monitor the the actual pay to ensure the FP's office does not exceed the \$96K each FY. As with start next FY (October 1st, 2013), we are scheduled to reach the \$96K limitation with the current 10 staff members.

Therefore, if you replace staff members, we request that at the same time or before, another staff member be removed. This will ensure that we stay within the \$96K statutory limitations if the Former President's Ast.

** It would appear that \$96K divided by 10 staff members would equate to \$9,600. However, the per annual salary of \$9,484 is based on a standard 260 days. Almost every FY has 261, 262 or 263 days which means the annual salary needs to be set at slightly lower rate than the \$9,600 to compensate for the extra working days above 260 that are paid.

This was guidance I received recently from a colleague who does budget work for the Former President Clinton's Office which is located in our region. The gist of the guidance was that their Federal salaries stop for the Office of Former President's employees during a lapse in appropriations but these employees can receive salary from non-Federal sources. Technically it appears that they would be 'furloughed' from their Federal positions. I have ccd Regional Counsel due to the issue's sensitivity.

GSA Regions 7 and 4 also service Former President Offices so the decision should be coordinated with them too so that there is consistency agency-wide on this matter.

Last time when there was talk of a possible Government shutdown; the then Agency Chief of Staff sent a letter to each FP Office addressing the impact in the event a lapse of funding. (the letter was signed by the Agency Chief of Staff and was transmitted by General Counsel). The CFO Office in DC coordinated it.

In the attached file is a copy of the letter online and the transmittal email from General Counsel (pages 6-9). Even though the letter I found was for OFP CLinton, I was informed that similar letters were sent to all FP Offices

Please note that the current OFP Clinton/GSA liaison POC is not longer Laura Graham but Tina Flournoy (b) (6)

GSA Regions 7 and 4 also service Former President Offices so the decision should be coordinated with them too so that there is consistency agency-wide on this matter.

Cedric

Last time when there was talk of a possible Government shutdown; the then Agency Chief of Staff sent a letter to each FP Office addressing the impact in the event a lapse of funding. (the letter was signed by the Agency Chief of Staff and was transmitted by General Counsel). The CFO Office in DC coordinated it.

In the attached file is a copy of the letter online and the transmittal email from General Counsel (pages 6-9). Even though the letter I found was for OFP CLinton, I was informed that similar letters were sent to all FP Offices

Please note that the current OFP Clinton/GSA liaison POC is not longer Laura Graham but Tina Flournoy (b) (6)

Good afternoon Melinda and Joe,

We'd like to reorder large franked envelopes to use for President Clinton's correspondence in his capacity of a former President. I've attached a purchase request, which has been approved by Tina. The vendor is the local union shop Precise Continental--Melinda, I believe you've worked with the owner, Jim Donnelly, on our previous orders.

Once GSA approves, may I email the order to Mr. Donnelly and cc: Melinda for invoicing?

The charge for 2,500 envelopes is \$540 + shipping.

All the best,

Gen

Ms. Flournoy

The attached letter signed by GSA's Chief Financial Officer provides important details about what activities are and are not, by law, allowed to continue should GSA experience a lapse in appropriations. In summary, no new funding is available for contracts, supplies, salaries, or any other new activities after midnight tonight.

After reading the attached letter, please reach out to your regional point of contact or their designee with questions, or you can reach me using the contact information below.

Hi Tina,

We have not received this year's LM invoice which may include the yearly recurring license fee cost.

I would like to mention that if services are rendered in one FY (or an order is placed in one FY), then monies or funding needs to be formally set aside in GSA's accounting system in the same FY (October 1 until September 30th). The OFP funding is one-year monies, in other words, the FY 13 budget is only effective until 9/30. On October 1, your FY 2014 budget monies become effective.

In addition, on October 1st, we usually operate under a continuing resolution with limited funding. For example, available funding per month for discretionary purchases will accumulate at a rate of 6K-11K per month until the CR is over (e.g, end of October 6K-11K; end of November \$12K-22K). Therefore, we want to make sure there is enough money for other discretionary purchases besides the LM invoice. (discretionary purchases = printing, supplies, equipment).

H Melinda and Joe,
I've attached a request to purchase more congratulatory cards for former President Clinton to send to new Eagle Scouts and Girl Scout Gold Award recipients. Tina has approved the request.

This is a re-order from Horton Brothers printing in Little Rock. Would you please let me know when we're authorized to place the order?

With many thanks,

Gen

Good afternoon Joe and Melinda,

I've attached, for GSA's authorization, a purchase request for Eagle Scout cards. We'd like to purchase 2,500 cards for \$530+shipping, it's a repeat order from Horton Brothers Printing in Little Rock. Tina has provided the sign off from the Office of the Former President.

Upon GSA's approval, I can place the order and direct the vendor to contact Melinda for payment. Please let me know whether you prefer to be invoiced or pay by credit card.

Hope you're all doing well.

Best,

Genevieve

Hi Tina,

The proposed FY 2015 budget is scheduled to be submitted to GSA CFO's Office by Thursday (6/27/2013). Part of the budget process is concurrence and/or justification from your office prior to submitting it to my CFO office in DC. The CFO Office then consolidates it in GSA's submission and then forwards it to the Office of Management and Budget (OMB).

If I do not hear from you by this time, I will submit the same amounts that were proposed for FY 2014 but will include the FY 2015 Rent and DHS estimates

Note: As with past years with small increases in Rent and DHS charges (\$4K in FY 15) - I will incorporate these increases and off-set other line items leaving the bottom line total the same as the prior year (FY 14).with the exception of an \$2K reduction that was required in the Regional Allowance to off-set a \$2K increase for each FP Pension allowance.

I've revised the Eagle Scout purchase request to fix an error in calculating the total cost. The correct total cost is \$2,542 +Shipping.

Tina- m a y ask you to approve the updated cost?

For reference, we've spent about \$1,200 on stationery in this fiscal year to date.

Subject: OFP - Eagle Scout and Envelope Purchase Request

Good afternoon Melinda and Joe,
I've attached two purchase requests for your consideration- Tina has signed off from The Office of the Former President. Once GSA authorizes payment, I can place the orders and instruct the vendors to contact Melinda for payment- if that is okay with you.

Thanks,
Genevieve

1) \$665 for 2,500 large grey envelopes to be used for military retirement and birthday letters, and other correspondence related to President Clinton's role as a former President. To be purchased from Jim Donnelly at Precise Continental.

2) \$1,712 (+ shipping) for 5,000 Eagle Scout congratulatory cards and envelopes from Horton Bros. Printing. With the intent to more efficiently fulfill Eagle Scout requests with reduced delay, we are requesting the envelopes be pre-stuffed and sealed. Previously, we ordered pre-stuffed cards through the same vendor- they were great- but I wasn't directly involved in the GSA approval so I'm afraid that I don't have additional details on that order.

If you could believe it, the number of Eagle Scout requests received has increased even more. By the end of the month, we'll have used up our 4/15/2014 order of 2,500 cards- and still have a backlog of requests. Pre-stuffed envelopes will enable us to clear that backlog and I estimate the order of 5,000 will last us until the end of year.

5,000 Cards	\$958
5,000 Envelopes	\$929
Additional cost to stuff & seal envelopes	\$655

Melinda,
The correspondence department is trying to rearrange seating so that the writers can have proper desk space. So we had the original company that installed the furniture to come in and evaluate seating. As you can see we don't need new furniture ordered and the process is not too complicated.

Before I approve funding, the invoice needs to be changed from the Clinton Foundation to the Office of the Former President Clinton. Companies that have dealt with the OFP fully understand this and it is usually an oversight on their part and is just an administrative matter to correct.

Helen:

Good morning! We were referred to you by Jim Hess of DK Connections regarding some troubleshooting you need done on your AV system at the Clinton Foundation. We are planning to send our technicians to you today – we just need one thing from you. Attached you will find our rate sheet, which includes pricing information for a Minerva service call. The relevant info

for your AV needs is covered by the “General service calls” section on the second page -- \$125 per technician per hour, and \$85 for trucking/shipping to Manhattan. Please sign and return this form to us via fax or e-mail as soon as possible to confirm your appointment today.

Please note that for a first-time customer, we require a credit card number and a deposit for the first hour of the service call. Please let us know if you have any questions. We look forward to working with you.

Thanks!

Joe,

Please see email below confirming that I advised R7 HR that the appropriation code needs to be corrected on the 2 new hires for the Office of former President Bush. I also deleted the approp code on my SOP and re-forwarded to them.

Hopefully they get the corrections processed quickly.

Thank you.

Sherri,

Please be advised that R2 Budget Analyst just informed me that the 2 new hires (Catherine Branch and Christina Mendoza) for the Office of President Bush are coded incorrectly, therefore, they are being billed to R2.

Their appropriation code and org code need to be corrected to R7's appropriation code, not the one on

R2's SOP. I have been informed that you should go to your Budget office to get the correct appropriation code, and then submit the correction to the CPC.

Please confirm when correction is submitted to the CPC, so that I can advise our Budget Analyst, who handles the office of President Clinton.

Please see attached revised SOP. Please edit the names and Clinton references that are applicable to R2 only.

Thank you.

Mr. Zimmerebner,

Please be advised that your effective start date in the Office of Former President Clinton will be February 10, 2014.

I have attached the forms that need to be completed by new employees for the Office of Former President Clinton, serviced by GSA. You may return them to my attention via fax (212-264-6798) or email to alicia.boston@gsa.gov by 2/10/14; however, you will also need to mail the originals to my attention:

U.S. GSA
26 Federal Plaza (Room 18-110)
New York, NY 10278
Attn: Alicia M. Boston-Grimes, HR

The Oath of Office (SF-61 Appointment Affidavit), as well as the I-9, needs to be completed by you, as well as Tina Flournoy, or another staff member from the Office of Former President Clinton, on your start date, 2/10/14.

PLEASE NOTE: New employees must select FEHB (Federal Employees' Health Benefit) and FEGLI (Federal Employees' Group Life Insurance) within 60 days of their appointment. If you would like to "waive" your Federal Employee Group Life Insurance, (FEGLI), you must fill out the form, SF 2817, and select "option 5". If you do not return the FEGLI form, you will automatically be charged for basic life only.

As a new federal employee, to obtain benefits information such as Health Insurance Plans, Vision Plans, Dental Plans, Life Insurance etc, please go to the following OPM website:

http://www.opm.gov/insure/new_employ/index.asp

Please note - to enroll in the Health Benefits, you will need to submit a Health Insurance Election form SF2809; however, to enroll in Dental, you must enroll online through BENEFEDS at www.BENEFEDS.com

Also, below is a link for the Thrift Savings Plan (TSP) which a retirement savings and investment plan for Federal employees.

Good afternoon Melinda and Joe,

We'd like to reorder large franked envelopes to use for President Clinton's correspondence in his capacity of a former President. I've attached a purchase request, which has been approved by Tina. The vendor is the local union shop Precise Continental--Melinda, I believe you've worked with the owner, Jim Donnelly, on our previous orders.

Once GSA approves, may I email the order to Mr. Donnelly and cc: Melinda for invoicing?

The charge for 2,500 envelopes is \$540 + shipping.

All the best,

Subject: Fwd: Correction needed for your recent newhires for Office of former President Bush

Joe,

Please see email below confirming that I advised R7 HR that the appropriation code needs to be corrected on the 2 new hires for the Office of former President Bush. I also deleted the approp code on my SOP and re-forwarded to them.

Hopefully they get the corrections processed quickly.

Thank you.

Sherri,

Please be advised that R2 Budget Analyst just informed me that the 2 new hires (Catherine Branch and Christina Mendoza) for the Office of President Bush are coded incorrectly, therefore, they are being billed to R2.

Their appropriation code and org code need to be corrected to R7's appropriation code, not the one on R2's SOP. I have been informed that you should go to your Budget office to get the correct appropriation code, and then submit the correction to the CPC.

Please confirm when correction is submitted to the CPC, so that I can advise our Budget Analyst, who handles the office of President Clinton.

Please see attached revised SOP. Please edit the names and Clinton references that are applicable to R2 only.

Thank you.

Hi Melinda and Joe,

I've attached a request to purchase more congratulatory cards for former President Clinton to send to new Eagle Scouts and Girl Scout Gold Award recipients. Tina has approved the request.

This is a re-order from Horton Brothers printing in Little Rock. Would you please let me know when we're authorized to place the order?

With many thanks,

Good afternoon Melinda and Joe,

We'd like to reorder large franked envelopes to use for President Clinton's correspondence in his capacity of a former President. I've attached a purchase request, which has been approved by Tina. The vendor is the local union shop Precise Continental--Melinda, I believe you've worked with the owner, Jim Donnelly, on our previous orders.

Once GSA approves, may I email the order to Mr. Donnelly and cc: Melinda for invoicing?

The charge for 2,500 envelopes is \$540 + shipping.

Hi Joe,

I hope you've been enjoying the nice springtime weather!

The Office of Former President Clinton would like to purchase three new signatures for the autopen machine. As you know, we periodically update President Clinton's signature templates to use for letters related to his role as a former president- including congratulations to retiring military remembers and replies to young people inquiring about his administration.

The signature templates use propriety technology and will need to be purchased from Damilic, the sole vendor. May I call them with the order and instruct them to invoice GSA? Also- I'm afraid I don't have your current billing address.

I've attached our office's internal expenditure request, which has been approved by Tina. As we're currently in the process of updating the form, per our request, Tina has signed on the "Signature of Supervisor" line.

Many thanks,

Gen

In a separate email, I will be forwarding details of the annual FY 2015 OFP Budget call. This year my CFO office in Washington DC is requesting a quick turnaround, as such your responses and final concurrences will be due back to me by 6/18.

Next Tuesday, GSA's CFO Office and the FP's GSA Budget contacts are scheduled to have a conference call, and if additional guidance is provided, I will forward.

Probably the best way to handle this is once I forward the schedules, we can arrange a call so we can discuss the FY 2015 Budget

Under the Former President's Act, each FP's Office is entitled to an office staff with an annual salary not to exceed \$96,000. The FP Clinton's office currently employs 10 staff members at \$9,484 each year.** I monitor the the actual pay to ensure the FP's office does not exceed the \$96K each FY. As with start next FY (October 1st, 2013), we are scheduled to reach the \$96K limitation with the current 10 staff members.

Therefore, if you replace staff members, we request that at the same time or before, another staff member be removed. This will ensure that we stay within the \$96K statutory limitations if the Former President's Ast.

** It would appear that \$96K divided by 10 staff members would equate to \$9,600. However, the per annual salary of \$9,484 is based on a standard 260 days. Almost every FY has 261, 262 or 263 days which means the annual salary needs to be set at slightly lower rate than the \$9,600 to compensate for the extra working days above 260 that are paid.

I saw a log is pending approval.

Once a order is placed with a vendor; then a log is created and approved. This ensures that monies is set aside in Pegasys for future payments against the order (sometimes a payment can occur several months after the log). Payment is a separate transactions in itself and can follow anytime after you deem appropriate (with the OFP fund, usually after confirmation of receipts of goods/services from the OFP).

Good afternoon Melinda and Joe,
I hope the past few weeks have been treating you well.
The Office of Former President Clinton would like to place a stationery order with Precise Continental. I've attached our internal request form, which has been signed by Tina Flournoy. Would you kindly let me know once GSA has authorized the request? With your approval, I will contact the stationers directly to place the order and approve the proofs.
Many thanks,
Gen

Under the Former President's Act, each FP's Office is entitled to an office staff with an annual salary not to exceed \$96,000. The F P C linton's office currently employs 10 staff members at \$9,484 each year.** I monitor the the actual pay to ensure the FP's office does not exceed the \$96K each F Y . A s with start next F Y (October 1st, 2013), we are scheduled to reach the \$96K limitation with the current 10 staff members.

Therefore, if you replace staff members, we request that at the same time or before, another staff member be removed. This will ensure that we stay within the \$96K statutory limitations if the Former President's A st.

** It would appear that \$96K divided by 10 staff members would equate to \$9,600. However, the per annual salary of \$9,484 is based on a standard 260 days. Almost every F Y has 261, 262 or 263 days which means the annual salary needs to be set at slightly lower rate than the \$9,600 to compensate for the extra working days above 260 that are paid.

This was guidance I received recently from a colleague who does budget work for the Former President Clinton's Office which is located in our region. The gist of the guidance was that their Federal salaries stop for the Office of Former President's employees during a lapse in appropriations but these employees can receive salary from non-Federal sources. Technically it appears that they would be 'furloughed' from their Federal positions. I have ccd Regional Counsel due to the issue's sensitivity. GSA Regions 7 and 4 also service Former President Offices so the decision should be coordinated with them too so that there is consistency agency-wide on this matter.

Last time when there was talk of a possible Government shutdown; the then Agency Chief of Staff sent a letter to each FP Office addressing the impact in the event a lapse of funding. (the letter was signed by the Agency Chief of Staff and was transmitted by General Counsel). The CFO Office in DC coordinated it.

In the attached file is a copy of the letter online and the transmittal email from General Counsel (pages 6-9). Even though the letter I found was for OFP CLinton, I was informed that similar

letters were sent to all FP Offices

Helen:

Good morning! We were referred to you by Jim Hess of DK Connections regarding some troubleshooting you need done on your AV system at the Clinton Foundation. We are planning to send our technicians to you today – we just need one thing from you. Attached you will find our rate sheet, which includes pricing information for a Minerva service call. The relevant info for your AV needs is covered by the “General service calls” section on the second page -- \$125 per technician per hour, and \$85 for trucking/shipping to Manhattan. Please sign and return this form to us via fax or e-mail as soon as possible to confirm your appointment today.

Please note that for a first-time customer, we require a credit card number and a deposit for the first hour of the service call. Please let us know if you have any questions. We look forward to working with you.

Thanks!

Personnel benefits - wise you are correct that is the situation. By way of background the GSA Budget liaison to the Office of Former President Clinton Joseph Musolino advised me that an employee may be placed on staff with \$0 salary. This would enable the person to be reimbursed for travel costs as defined under the Former President's Act. Bruce Lindsey was placed on staff with \$0 salary for this reason many years ago. To date Mr. Lindsey has not been terminated from his appointment according to our records.

An employee may be placed on staff with \$0 salary. This would enable the person to be reimbursed for travel costs as defined under the Former President's Act. Bruce Lindsey was placed on staff with \$0 salary for this reason many years ago.

Cedric

Last time when there was talk of a possible Government shutdown; the then Agency Chief of Staff sent a letter to each FP Office addressing the impact in the event a lapse of funding. (the letter was signed by the Agency Chief of Staff and was transmitted by General Counsel). The CFO Office in DC coordinated it.

In the attached file is a copy of the letter online and the transmittal email from General Counsel (pages 6-9). Even though the letter I found was for OFP CLinton, I was informed that similar letters were sent to all FP Offices

Please note that the current OFP Clinton/GSA liaison POC is not longer Laura Graham but Tina Flournoy (b) (6)

Tina,

I just received notification that ALL OFP funds have a reduction in their FY 2013 budget. Specifically, it was a 5.2% reduction from FY 2012 levels, or \$8,000 (5% sequestration reduction under the Budget Control Act and an across the board reduction of .2%). This reduced the budget from \$734K to \$726K).

I had to reduce certain line items to reflect this. Since we, for the most part manage the budget on a bottom line total, the individual line item reductions should not matter. The reduction also matches recent year's spending for that line item (I have inserted FY 12 as an example).

Here is the reductions I propose:

	<u>FY 12</u>	FY 13	FY 13 Revised
	<u>Spending level</u>	<u>Approved Amount</u>	<u>Approved Amount</u>
<u>Reduction</u>			
Fedex charges	800	\$4,800	\$1,200
\$3,600			
USPS postage	\$8,000	\$9,600	\$8,400
\$1,200			
Printing	8.900	\$18,000	\$15,000
\$3,000			
Other Service-Misc	3,000	\$4,500	\$4,300
200			

If you have any questions or would like to discuss, please feel free to call.

Also, in June I will be reaching out to you to begin discussions for FY 15 and the starting point for FY 15 discusses will be the FY 14 budget which is equal to the pre-reduced FY 13 amount of \$734K.

I believe what they are talking about is the annual Lockheed licencing fee (about half of the total) + an estimated cost for labor hours for training and service.

Subject: FY 2015 OFP Budget
To: Tina Flourney (b) (6)

Regarding the FY 2015 OFP Budget, we have been asked to perform an exercise to see if each FP office can withstand a 5% or 10% reduction.

For some FP offices, our CFO Office realizes that because of the low FY 15 budget to begin with and prior year reductions; the reduction is not realistic. For, the 10% reduced approved budget will not even cover Rent, Salaries and Benefits; and the 5% reduced approved budget will barely cover these costs and existing contracts (see attached excel file for analysis)

I have developed certain line items (salaries, benefits, Rent, DHS charges). Please review the other line items and ensure the amounts reflect future FY 15 purchases. I have also attached an excel file with prior year actuals (the file was previously provided)

By June 19th, I would like to finalize your budget. Are you available for a conference call next week or if you would like, we can accomplish this in person at your office.

Thank You for your assistance

Joe,

We are trying to have President Clinton's TV repaired today. He will be in the office Wednesday and wanted to get the work done before he comes in. Is there any way you can approve this request?

Helen:

Good morning! We were referred to you by Jim Hess of DK Connections regarding some troubleshooting you need done on your AV system at the Clinton Foundation. We are planning to send our technicians to you today – we just need one thing from you. Attached you will find our rate sheet, which includes pricing information for a Minerva service call. The relevant info for your AV needs is covered by the “General service calls” section on the second page -- \$125 per technician per hour, and \$85 for trucking/shipping to Manhattan. Please sign and return this form to us via fax or e-mail as soon as possible to confirm your appointment today.

Please note that for a first-time customer, we require a credit card number and a deposit for the first hour of the service call. Please let us know if you have any questions. We look forward to working with you.

Thanks!

Helen and Melinda:

Attached please find an invoice for the recent service call performed by Minerva at President Clinton's office in Manhattan. This service call included the installation of an IR repeater kit to resolve the TV issue.

You paid a deposit of \$228.64 to initiate the service call. The remaining balance is **\$687.54**. With your approval, we will process this balance with the same credit card used for the deposit. If you would prefer to pay by check, please mail to us at 56-32 59th Street, Maspeth, NY, 11378. Please let us know if you have any questions about any aspect of this invoice, and have a great day!

Hi Joe,

Hope all is well with you.

I apologize for not following up with you sooner about this, but I wanted to make we'd sent you the approvals necessary from our end to authorize funding to Lockheed for IQ's FY2012 ROM. Karthik Rau, our Account Representative, just reminded me that our IQ support and maintenance expired back on 9/30/2012 and they haven't yet received an order for renewal. Lockheed is unable to provide us with any support or software upgrades until they've received payment authorization.

The FY 2012 ROM is attached and Karthik's contact information is below. Please let me know if I can provide any additional information.

Hi Joe,

Hope all is well with you.

I apologize for not following up with you sooner about this, but I wanted to make we'd sent you the approvals necessary from our end to authorize funding to Lockheed for IQ's FY2012 ROM. Karthik Rau, our Account Representative, just reminded me that our IQ support and maintenance expired back on 9/30/2012 and they haven't yet received an order for renewal. Lockheed is unable to provide us with any support or software upgrades until they've received payment authorization.

The FY 2012 ROM is attached and Karthik's contact information is below. Please let me know if I can provide any additional information.

Many thanks,

Good Morning! Joe, Do you have a copy of the requisition issued by Brian Burns. If not, I will reach out to Brian for a copy. I will need a template to view.

Also, end of fiscal is fast approaching. Please advise if you have a 30 minute time slot (Wednesday or Thursday btwn 7 - 3:PM) on your calendar so we can discuss open items and targets we need to meet before end of year.

Thanks!

Melinda,

Since we are close to year end, we should discuss the funding of this order (the OFP each year has monies set aside for this order-of course, this is always contingent upon your procurement reviews and your acceptance or the order).

Also, fyi, Brian Burns handled the license/warranty procurement last year and he mentioned to me that he deemed that it was sole source procurement or something similar (I would check with him for the exact details of his review).

Regarding the FY 2015 OFP Budget, we have been asked to perform an exercise to see if each FP office can withstand a 5% or 10% reduction.

For some FP offices, our CFO Office realizes that because of the low FY 15 budget to begin with and prior year reductions; the reduction is not realistic. For, the 10% reduced approved budget will not even cover Rent, Salaries and Benefits; and the 5% reduced approved budget will barely cover these costs and existing contracts (see attached excel file for analysis)

I have developed certain line items (salaries, benefits, Rent, DHS charges). Please review the other line items and ensure the amounts reflect future FY 15 purchases. I have also attached an excel file with prior year actuals (the file was previously provided)

By June 19th, I would like to finalize your budget. Are you available for a conference call next week or if you would like, we can accomplish this in person at your office.

Hi Joe,
I hope you've been enjoying the nice springtime weather!

The Office of Former President Clinton would like to purchase three new signatures for the autopen machine. As you know, we periodically update President Clinton's signature templates to use for letters related to his role as a former president- including congratulations to retiring military remembers and replies to young people inquiring about his administration.

The signature templates use propriety technology and will need to be purchased from Damilic, the sole vendor. May I call them with the order and instruct them to invoice GSA? Also- I'm afraid I don't have your current billing address.

I've attached our office's internal expenditure request, which has been approved by Tina. As we're currently in the process of updating the form, per our request, Tina has signed on the "Signature of Supervisor" line.

Many thanks,

Gen

Here is a version I have. Number 2 addresses office staff salary - General Counsel and HR has ruled that since individuals are special appointments for salary: they are entitled to Government benefits which we are paying and includes contributions to FICA, tsp match, FERS contributions , health care benefits, and GLI).

Page 2 paragraph 2 addresses Rent, "rental cost included in budget request"

Number 3 page 1 includes definition of "furnished and equipped" as defined by the Comptroller General. Included is desks, chairs, office equipment, office supplies, stationary (printing), telephone service, etc

Last paragraph of page addresses postage costs (flank mail)

Also, I found an old GAO report. Page 10 has the following:

GSA, in consultation with officials representing the former presidents, prepares yearly operating budgets. Funds are appropriated by Congress and included as part of GSA's annual appropriation act. In addition to assisting the former presidents' offices with budget preparation, GSA also provides administrative support for the offices of former presidents, assisting on requests for equipment, supplies, and other office expenditures

Steve,

Adding Ana Coronel, who is now the facilities manager at the Foundation.

Ana, the attached invoice from American Storage & Transfer needs to be changed to the Office of WJC instead of the Foundation in order to be paid by the GSA. If you send the invoice back to Bryan Mangual at American he can change the "Bill To" address to Office of WJC at 55 West 125th, then forward to Stephen. Let me know any questions, thanks.

Good afternoon Melinda and Joe,

I hope the past few weeks have been treating you well.

The Office of Former President Clinton would like to place a stationery order with Precise Continental.

I've attached our internal request form, which has been signed by Tina Flournoy.

Would you kindly let me know once GSA has authorized the request? With your approval, I will contact the stationers directly to place the order and approve the proofs.

Many thanks,

Gen

Good afternoon Melinda and Joe,
I hope the past few weeks have been treating you well.
The Office of Former President Clinton would like to place a stationery order with Precise Continental. I've attached our internal request form, which has been signed by Tina Flournoy. Would you kindly let me know once GSA has authorized the request? With your approval, I will contact the stationers directly to place the order and approve the proofs.
Many thanks,
Gen

Melinda,

Since we are close to year end, we should discuss the funding of this order (the OFP each year has monies set aside for this order-of course, this is always contingent upon your procurement reviews and your acceptance of the order).

Also, fyi, Brian Burns handled the license/warranty procurement last year and he mentioned to me that he deemed that it was sole source procurement or something similar (I would check with him for the exact details of his review).

Hi Joe,

Hope all is well with you.

I apologize for not following up with you sooner about this, but I wanted to make we'd sent you the approvals necessary from our end to authorize funding to Lockheed for IQ's FY2012 ROM. Karthik Rau, our Account Representative, just reminded me that our IQ support and maintenance expired back on 9/30/2012 and they haven't yet received an order for renewal. Lockheed is unable to provide us with any support or software upgrades until they've received payment authorization.

The FY 2012 ROM is attached and Karthik's contact information is below. Please let me know if I can provide any additional information.

The attached invoice was never paid. It fell through the cracks when I was doing all that last minute ordering for them before the end of the fiscal year. I did create a long CL1764883 in Sept. Can I pay this now with FY13 money? Or do I need to create new log?

Hello,

Attached for GSA's approval is a purchase request from the Office of President Clinton. We'd like to order 2,500 small envelopes used for letters and greeting cards sent in President Clinton's role as a former President. Tina has signed as approval from our office.

Once GSA gives the okay, I can place the order with Precise, ccing Liz, and asking them to reach out to her for payment.

Thanks, and I hope everyone has been having a great December!

Cedric

Last time when there was talk of a possible Government shutdown; the then Agency Chief of Staff sent a letter to each FP Office addressing the impact in the event a lapse of funding. (the letter was signed by the Agency Chief of Staff and was transmitted by General Counsel). The CFO Office in DC coordinated it.

In the attached file is a copy of the letter online and the transmittal email from General Counsel (pages 6-9). Even though the letter I found was for OFP CLinton, I was informed that similar letters were sent to all FP Offices

Please note that the current OFP Clinton/GSA liaison POC is not longer Laura Graham but Tina Flournoy (b) (6)

Steve,

It appears that this log was used for Staple charges of \$1,556.15 and \$49.99 *

Therefore, you will need to create a new log. I already approved the purchase back in June, but the invoice needs to be changed from Clinton Foundation to OFP)

Joe

* To verify this, please go to your reconciliation notebook, pull up the charges, then click on Retrieve (as of you were performing the first step in the reconciliation process "to unreconcile from default"). You will see the log number.

Please find attached your December Status of Funds report.

Presented on your first 2 tabs is your CR budget with an amount of \$12K available for discretionary purchases until mid February. Discretionary purchases = equipment, supplies, printing and any other unforeseen expenses.

Also, I included, right now for informational purposes only, your office's yearly projections (and summary schedule). We are waiting for the final budget amounts which I have been told should be early next month to mid next month. Once these are approved, they will become final amounts for FY16

Ana:

Below is the 9/18/2012 from David Beale requesting the invoice be re-billed to the Office of WJC. GSA cannot pay a bill invoiced tot the Foundation. You'll need to contact American S&T and request a new invoice. When GSA receives it then we can pay.

Best,
Steve

Steve,

Adding Ana Coronel, who is now the facilities manager at the Foundation.

Ana, the attached invoice from American Storage & Transfer needs to be changed to the Office of WJC instead of the Foundation in order to be paid by the GSA. If you send the invoice back to Bryan Amangual at American he can change the "Bill To" address to Office of WJC at 55 West 125th, then forward to Stephen. Let me know any questions, thanks.

David:

I've attached the American S & T invoice for the Water St relocation in June. The invoice, however, is billed to the Foundation. As you are aware GSA can only make payments on invoices billed to the Office of WJC not the Foundation. Would you please request AS&T to submit a new invoice billing the Office of WJC for the \$1689.55?

Thanks in advance for your assistance.

Best,

Steve

Hello,

Attached for GSA's approval is a purchase request from the Office of President Clinton. We'd like to order 2,500 small envelopes used for letters and greeting cards sent in President Clinton's role as a former President. Tina has signed as approval from our office.

Once GSA gives the okay, I can place the order with Precise, ccing Liz, and asking them to reach out to her for payment.

Thanks, and I hope everyone has been having a great December!

Helen:

Good morning! We were referred to you by Jim Hess of DK Connections regarding some troubleshooting you need done on your AV system at the Clinton Foundation. We are planning to send our technicians to you today – we just need one thing from you. Attached you will find our rate sheet, which includes pricing information for a Minerva service call. The relevant info for your AV needs is covered by the "General service calls" section on the second page -- \$125 per technician per hour, and \$85 for trucking/shipping to Manhattan. Please sign and return this form to us via fax or e-mail as soon as possible to confirm your appointment today.

Please note that for a first-time customer, we require a credit card number and a deposit for the first hour of the service call. Please let us know if you have any questions. We look forward to working with you.

Thanks!

Hi Helen:

I spoke with both Ross Jacobs and David Gleeson yesterday about what we had discussed several years ago the installation of supplemental HVAC in President Clinton's executive office and conference room.

We still have a lessor-provided \$81,000 work allowance that we can use for a supplemental HVAC unit or for whatever we want to use the funds for. Installing a supplemental HVAC unit in President Clinton's executive office and conference room may be problematic as they both have hard (and not hung) ceilings. Working in hard ceilings is difficult, costly and messy.

As such, just wondering if President Clinton is still interested in the supplemental HVAC ... or would he want to use the \$81,000 for some other work within the 14th floor offices in Harlem?

Thanks,
Walter

Hello,

Attached for GSA's approval is a purchase request from the Office of President Clinton. We'd like to order 2,500 small envelopes used for letters and greeting cards sent in President Clinton's role as a former President. Tina has signed as approval from our office.

Once GSA gives the okay, I can place the order with Precise, ccing Liz, and asking them to reach out to her for payment.

Thanks, and I hope everyone has been having a great December!

Due to a recent GSA internal reorganization; the purchase acquisition function is being transferred from Steve Ronaghan to Melinda Johnson and her office (March 1st).

Yesterday we had a meeting to discuss the transfer. We thought it would be beneficial to have a meeting at your office to discuss both the budget and the acquisition functions. This will afford everyone the opportunity to meet each other.

Early next week I will propose some dates

Thank you for your patience.

From Helen Robinson's e-mail message below ... it appears that the only issue that remains open with former President Clinton's Office in Harlem has to do with the carpet (Helen is not happy with the carpet cleaning being provided).

Not sure if cleaning is the answer as the carpet (some, not all) may actually need to be replaced. If so, the cost to replace the carpet falls with Clinton's office (under the OFP budget) as we (GSA) do not have funds available to replace carpet at leased locations.

Melinda Johnson and I are going to try to meet with the lessor's building manager shortly before Denise's visit on Monday so we will meet Denise up at the 125th Street leased location at 11:00 am.

Hi Helen:

David Gleeson from the Landlord's Building Management Office informs us that all deficiencies on the 14th floor have been completed. Can you please advise if that statement is correct? If not, please let us know what items you still believe require corrective action and we will address same with the Landlord.

Thanks,
Walter

Hi Helen:

Hope that all is well.

Per David Gleeson's e-mail message below all open deficiencies have been corrected within President Clinton's leased office in Harlem.

Melinda Johnson and I just want to confirm with you that everything has been corrected to your satisfaction ... or are there any items that you would like for us to discuss with David?

Please feel free to contact either Melinda or myself with any questions, issues or concerns that you may have.

Thanks,
Walter

David, As discussed the High Priority Items are listed below. Please provide dates when services can be anticipated, so access and availability of onsite personnel can be arranged.
I will also reach out to Helen to coordinate.

My plan is to provide Helen and the Agency Leadership an Action Plan detailing dates as to when this work will be completed. Immediate Action is necessary, based on the needs of this office.

1) Ceiling Leaks: Several ceiling areas through both former President Clinton's private office area and the general office work area have discolorations due to past ceiling leaks.

2) Carpet Cleaning: to be shampooed within the next two (2) weeks. Spots and stains were noticed throughout the general office area (with only a few small spots within Clinton's private office area). [David Gleeson] Once Helen advises when we can access the space, we can mobilize with 24 hours notice to clean the carpet.

3) Restroom Cleaning and Maintenance: The 14th floor men's restroom is generally okay but is in need of wall re-painting. The 14th floor women's restroom requires re-painting and some of the floor tiles are stained/scuffed in spots (in need of stripping and polishing). [David Gleeson] The painting can be scheduled Thursday or Friday whatever is convenient. The vinyl base cove molding is in bad shape and probably requires replacement (at least in several areas). [David Gleeson] We will schedule the cove base to be cleaned 10/23/12. There is a leaking sink faucet that requires either repair or replacement). [David Gleeson] Repaired by Building Engineers 10/23/12. The overall condition of the women's restroom is sub-par. The hallway outside of the restrooms requires re-painting.[David Gleeson] Scheduled to be re-painted 10/25/12.

4) Extermination Services: A large cockroach was discovered in former President Clinton's private office somewhat recently and extermination services need to be stepped up or modified.[David Gleeson] The exterminator will be on site 10/24/12 to check the condition.

5) 14th Floor Elevator Lobby: Some floor tiles are dirty or stained. [David Gleeson] I asked the Cleaning Supervisor if they can remove the stains from the floor tiles. We will follow up if there are issues. Several areas where the walls and ceiling intersect were cracked and are in need of repair.

6) Main Entrance Door: Inside office portion of one of the ballistic main entrance doors is marked and appears to be damaged.

7) Main Reception Area: One large chipped floor tile requires replacement. Water stain on the main reception counter.[David Gleeson] I asked the Cleaning Supervisor to check the water stain on the reception counter and remove.

Thank you in advance!

Hi Joe:

From Helen Robinson's e-mail message below ... it appears that the only issue that remains open with former President Clinton's Office in Harlem has to do with the carpet (Helen is not happy with the carpet cleaning being provided).

Not sure if cleaning is the answer as the carpet (some, not all) may actually need to be replaced. If so, the cost to replace the carpet falls with Clinton's office (under the OFP budget) as we (GSA) do not have funds available to replace carpet at leased locations.

Melinda Johnson and I are going to try to meet with the lessor's building manager shortly before Denise's visit on Monday so we will meet Denise up at the 125th Street leased location at 11:00 am.

Hi Joe:

From Helen Robinson's e-mail message below ... it appears that the only issue that remains open with former President Clinton's Office in Harlem has to do with the carpet (Helen is not happy with the carpet cleaning being provided).

Not sure if cleaning is the answer as the carpet (some, not all) may actually need to be replaced. If so, the cost to replace the carpet falls with Clinton's office (under the OFP budget) as we (GSA) do not have funds available to replace carpet at leased locations.

Melinda Johnson and I are going to try to meet with the lessor's building manager shortly before Denise's visit on Monday so we will meet Denise up at the 125th Street leased location at 11:00 am.

Thanks,
Walter

All,

I met with David earlier today and discussed with him the carpet cleaning process. I am not satisfied with the look of the carpet. I would like for you all to see it before an email is sent to him. Looking forward to our meeting Monday.

Best,
Helen

I have been in close contact with Helen over the past number of weeks and all matters are cleared.
Since we last corresponded we painted the 14th floor restrooms, corridor, changed leaking plumbing appliances, and buffed the marble floor in the elevator lobby.

Please call with any questions.

David, As discussed the High Priority Items are listed below. Please provide dates when services can be anticipated, so access and availability of onsite personnel can be arranged.
I will also reach out to Helen to coordinate.

My plan is to provide Helen and the Agency Leadership an Action Plan detailing dates as to when this work will be completed. Immediate Action is necessary, based on the needs of this office.

1) Ceiling Leaks: Several ceiling areas through both former President Clinton's private office area and the general office work area have discolorations due to past ceiling leaks.

2) Carpet Cleaning: to be shampooed within the next two (2) weeks. Spots and stains were noticed throughout the general office area (with only a few small spots within Clinton's private office area). [David Gleeson] Once Helen advises when we can access the space, we can mobilize with 24 hours notice to clean the carpet.

3) Restroom Cleaning and Maintenance: The 14th floor men's restroom is generally okay but is in need of wall re-painting. The 14th floor women's restroom requires re-painting and some of the floor tiles are stained/scuffed in spots (in need of stripping and polishing). [David Gleeson] The painting can be scheduled Thursday or Friday whatever is convenient. The vinyl base cove molding is in bad shape and probably requires replacement (at least in several areas). [David Gleeson] We will schedule the cove base to be cleaned 10/23/12. There is a leaking sink faucet that requires either repair or replacement). [David Gleeson] Repaired by Building Engineers 10/23/12. The overall condition of the women's restroom is sub-par. The hallway outside of the restrooms requires re-painting.[David Gleeson] Scheduled to be re-painted 10/25/12.

4) Extermination Services: A large cockroach was discovered in former President Clinton's private office somewhat recently and extermination services need to be stepped up or modified.[David Gleeson] The exterminator will be on site 10/24/12 to check the condition.

5) 14th Floor Elevator Lobby: Some floor tiles are dirty or stained. [David Gleeson] I asked the Cleaning Supervisor if they can remove the stains from the floor tiles. We will follow up if there are issues. Several areas where the walls and ceiling intersect were cracked and are in need of repair.

6) Main Entrance Door: Inside office portion of one of the ballistic main entrance doors is marked and appears to be damaged.

7) Main Reception Area: One large chipped floor tile requires replacement. Water stain on the main reception counter.[David Gleeson] I asked the Cleaning Supervisor to check the water stain on the reception counter and remove.

Thank you in advance!

It should read..

Right now, we are in a continuing resolution (CR) until March 27, 2013. This is because Congress has not passed GSA's final budget (The OFP budget is included in GSA's budget).

On the excel tab "summary CR period", is presented your budget during the CR period. So, right now there is discretionary spending available which amounts to \$23K until March 27rd which will increase by about \$8K-10K by the end of March if a benefit reserve is not used.

Once GSA's budget is passed, the tab "summary" will be used to monitor the budget.

The approved budget is a one-year budget which expires at the end of the FY (9/30/2013). Next FY, you will receive a new budget. The monies can be used this FY.

Due to a recent GSA internal reorganization; the purchase acquisition function is being transferred from Steve Ronaghan to Melinda Johnson and her office (March 1st).

Yesterday we had a meeting to discuss the transfer. We thought it would be beneficial to have a meeting at your office to discuss both the budget and the acquisition functions. This will afford everyone the opportunity to meet each other.

Early next week I will propose some dates

Thank you for your patience.

Below is the 9/18/2012 from David Beale requesting the invoice be re-billed to the Office of WJC. GSA cannot pay a bill invoiced to the Foundation. You'll need to contact American S&T and request a new invoice. When GSA receives it then we can pay.

Steve,

Adding Ana Coronel, who is now the facilities manager at the Foundation.

Ana, the attached invoice from American Storage & Transfer needs to be changed to the Office of WJC instead of the Foundation in order to be paid by the GSA. If you send the invoice back to Bryan Amangual at American he can change the "Bill to" address to Office of WJC at 55 West 125th, then forward to Stephen. Let me know any questions, thanks.

I've attached the American S & T invoice for the Water St relocation in June. The invoice, however, is billed to the Foundation. As you are aware GSA can only make payments on invoices billed to the Office of WJC not the Foundation. Would you please request AS & T to submit a new invoice billing the Office of WJC for the \$1689.55?

Thanks in advance for your assistance.

This was guidance I received recently from a colleague who does budget work for the Former President Clinton's Office which is located in our region. The gist of the guidance was that their Federal salaries stop for the Office of Former President's employees during a lapse in appropriations but these employees can receive salary from non-Federal sources. Technically it appears that they would be 'furloughed' from their Federal positions. I have ccd Regional Counsel due to the issue's sensitivity.

GSA Regions 7 and 4 also service Former President Offices so the decision should be coordinated with them too so that there is consistency agency-wide on this matter.

Cedric

Last time when there was talk of a possible Government shutdown; the then Agency Chief of Staff sent a letter to each FP Office addressing the impact in the event a lapse of funding. (the letter was signed by the Agency Chief of Staff and was transmitted by General Counsel). The CFO Office in DC coordinated it.

In the attached file is a copy of the letter online and the transmittal email from General Counsel (pages 6-9). Even though the letter I found was for OFP CLinton, I was informed that similar letters were sent to all FP Offices

Please note that the current OFP Clinton/GSA liaison POC is not longer Laura Graham but Tina Flournoy (b) (6)

Hello,
Attached for GSA's approval is a purchase request from the Office of President Clinton. We'd like to order 2,500 small envelopes used for letters and greeting cards sent in President Clinton's role as a former President. Tina has signed as approval from our office.

Once GSA gives the okay, I can place the order with Precise, ccing Liz, and asking them to reach out to her for payment.

Thanks, and I hope everyone has been having a great December!

Whom do you wish to add to the Office of Former President Clinton? Originally, the plan was for the Office to add three employees and drop two, bringing the staff from a total of nine to ten, the cap. It appears now it will be two employees coming in to the Office and one going out if you're still seeking to go from nine to ten employees total. If this is indeed the case - Who are the two employees that you want us to add at this time to the Office. Please advise. Thank you.

According to the Agency's Payroll 2013 Calendar: If an employee starts with GSA on Thursday 01-03-13 - the pay period ends on Saturday 01-12-13 - GSA pays by Electronic Pay Transfer on Friday 01-18-13 for that pay period.

We're flexible with the start date(s). Federal benefits would commence, at the earliest, with the first full pay period that the employees are on GSA rolls. In this case that would be Sunday 01-13-2013.

Therefore if the Office of Former President Clinton would prefer Monday 12-31-2012 for the new employees to start that works for us or if it thinks a date later that work week is better for one or more of these new employees to come on the Federal rolls, that option works for us too.

Greg – I strongly suggest you start Margaret on the GSA payroll on January 3rd. Otherwise she will not have medical or dental coverage for the first 12 days of January unless she elects COBRA. The reason is under our medical, dental and life insurance plans the coverage ends on the last day of the month during which your employment terminates. If she terminates from the Foundation on 12/30 her coverage ends on 12/31. If she terminates from the Foundation on 1/2 then her coverage ends on 1/31/13 and there is no gap.

Also, I am not sure how the coverage for Jon and or Ilya works since they are not on the Foundation benefit plans.

Thanks Peter. So it sounds like Margaret, Jon and Ilya would need to start on 12/31/12 in order to start with their GSA benefits on 1/13/13. Is this possible or will this not work because they won't be processed in time. We need to have these three employees start their GSA benefits on 1/13/13. I would welcome your thoughts and suggestions.

Also adding my colleague Charles Ferguson for his thoughts.

Thanks again.

Your interpretation is right on point.

If an employee starts on 12-31-13, the first scheduled work day of the pay period - benefits would become effective at the earliest the beginning of the following pay period, 01-13-13.

If the employee started on 01-14-13, the first scheduled work day of the pay period - benefits would become effective at the earliest the beginning of the following pay period, 01-27-13.

Peter,

Sorry, one last question for you from our HR team regarding the new employees coming onto GSA benefits in January:

If Margaret is hired by GSA on January 13th, since she is not normally scheduled to work on Sundays, my understanding is that she will become eligible for GSA benefits on January 27th. (Note - I assume the GSA pay periods start January 13th and January 27th).

Please let me know your thoughts and if the above is correct what we could do to rectify the situation as we would like for her and Ilya and JD to begin their benefits on 1/13 as we discussed last week. Thanks again.

We're flexible with the start date(s). Federal benefits would commence, at the earliest, with the first full pay period that the employees are on GSA rolls. In this case that would be Sunday 01-13-2013. Therefore if the Office of Former President Clinton would prefer Monday 12-31-2012 for the new employees to start that works for us or if it thinks a date later that work week is better for one or more of these new employees to come on the Federal rolls, that option works for us too.

If she terminates from the Foundation on 12/30 her coverage ends on 12/31. If she terminates from the Foundation on 1/2 then her coverage ends on 1/31/13 and there is no gap.

Also, I am not sure how the coverage for Jon and or Ilya works since they are not on the Foundation benefit plans.

Thanks Peter. So it sounds like Margaret, Jon and Ilya would need to start on 12/31/12 in order to start with

their GSA benefits on 1/13/13. Is this possible or will this not work because they won't be processed in time. We need to have these three employees start their GSA benefits on 1/13/13. I would welcome your thoughts and suggestions.

Your interpretation is right on point.

If an employee starts on 12-31-13, the first scheduled work day of the pay period - benefits would become effective at the earliest the beginning of the following pay period, 01-13-13.

If the employee started on 01-14-13, the first scheduled work day of the pay period - benefits would become effective at the earliest the beginning of the following pay period, 01-27-13.

Joint agency program helps local veterans find jobs

The Rocky Mountain Region is partnering with the Department of Defense's Operation Warfighter to increase job opportunities for veterans. Operation Warfighter is a temporary assignment program that allows service members on medical hold to gain valuable federal government work experience that will help them transition into the workforce. Since last year, GSA placed two program participants in its Denver office. "Operation Warfighter breaks down barriers by giving recuperating veterans a way to improve their employment readiness and potentially move into a permanent job," said Susan Damour, GSA Rocky Mountain Regional Administrator. Dear Federal Employee,
Enrolled in the Federal Employees Dental and Vision Insurance Program (FEDVIP) and think you don't need FSAFEDS? Think again! These two benefits are a match made in heaven!
FSAFEDS allows you to set aside pre-tax dollars to reimburse you for eligible medical, dental and vision care expenses. That includes other everyday expenses like over-the-counter medicines (with a physician's prescription), prescription drugs, medical supplies, and much more! All you have to do is enroll in a FSAFEDS general purpose Health Care Flexible Spending Account.
Still not convinced? Did you know that eligible expenses also include your co-payments, co-insurance, and deductibles from other insurance programs? This means if you sign up for FEDVIP coverage and have co-payments, co-insurance, or deductibles **and** you enroll in FSAFEDS, those expenses are eligible under your FSAFEDS Health Care Account.
To learn more, go to www.FSAFEDS.com and watch our FSAFEDS videos NOW!
Open Season for enrolling in FSAFEDS (and FEDVIP and FEHB) is only a few days away. Mark your calendar - **The Federal Benefits Open Season runs from November 12 through December 10, 2012.**
Sincerely,
FSAFEDS

Joe/Steve,

Thanks for your time yesterday. As discussed Helen has confirmed that we used DK services for installations in the past and that they are very familiar with our building at 55 West 125th. The reason for the expense is that they have to extend wiring to the three applicable offices from the roof. Helen also confirmed that this invoice appears in line with past expenses incurred for similar service with DK.

Helen- if I have misstated anything in the above please advise.

Thanks,
Greg

The OFP staffing level should not exceed 10 staff members.

Right now, the OFP has 9 staff members less 2 staff members plus 3 staff members = 10 staff members.

We are adding 3 new employees to the staff:

Margaret Steenburg, Scheduling Director
Jon Davidson, Traveling Aide
Ilya Aspis, Office Manager

We are removing 2 GSA employees
Doug Band
Justin Cooper

Please have someone contact Michelle on follow-up or give Michelle the poc so that she can ensure the paperwork gets them to them asap. These changes are effective Jan 1, 2013. Thanks, Laura

Are you speaking of centralized charges if so the FP may be exempt BC this is under the Former Presidents Act with special language for postage and many years the appropriation bill states an amount for each FP. If centralized charges without an allocation for each FP organization code you may want to speak with Donna Alwine the Budget Officer for FPs

Whom do you wish to add to the Office of Former President Clinton? Originally, the plan was for the Office to add three employees and drop two, bringing the staff from a total of nine to ten, the cap. It appears now it will be two employees coming in to the Office and one going out if you're still seeking to go from nine to ten employees total. If this is indeed the case - Who are the two employees that you want us to add at this time to the Office. Please advise. Thank you.

Greg:

The quote for the printer cartridges comes in at \$7703. The amount is higher then GSA would like to approve before we proceed. We will need your sign off.

Thanks,
Steve

Hello,

Attached for GSA's approval is a purchase request from the Office of President Clinton. We'd like to order 2,500 small envelopes used for letters and greeting cards sent in President Clinton's role as a former President. Tina has signed as approval from our office.

Once GSA gives the okay, I can place the order with Precise, ccing Liz, and asking them to reach out to her for payment.

Thanks, and I hope everyone has been having a great December!

Thanks Joe

Are you available for a conference call tomorrow at around 9am. Steve, who handles the purchases will be out of the office the rest of the week, and is in DC next week (he is available to sign any request forms, etc).

I heard that 26 Federal Plaza is closed tomorrow for they need to re-ramp the steam system, hopefully Wednesday if everything goes smoothly. So, it would probably be better to have a call.

Hi

Hope this email finds you well.

We recently received 2 new tv's for our office and need direct TV to come in to install cable on them. Is there an account that you have with them? If you would like for me to set up the appointment with them, I wouldn't mind at all, just send me the account information. Please let me know how you would like to proceed.

Hi

Hope this email finds you well.

We recently received 2 new tv's for our office and need direct TV to come in to install cable on them. Is there an account that you have with them? If you would like for me to set up the appointment with them, I wouldn't mind at all, just send me the account information. Please let me know how you would like to proceed.

Below is the process that we discuss. Please cc: me if you forward this email.

1) Order is transmitted from OFP Clinton to R2 CSR (with approval from OFP GSA Designate), Budget Analyst is cced.

2) Initial discussions are held between R2 CSR and OFP Clinton Budget Analyst

This ensures:

- (a) monies are available;
 - (b) merits of the Former Presidents Act are maintained,
 - (c) appropriation law is maintained; and,
 - (d) order is consistent with previous Regional Counsel/General Counsel Decisions.
- If needed, discussions with Regional Counsel may be warranted.

Original Order/Quotes/Catalog pages required (if available at this stage)

3) Order is forwarded to CSR in another Region

4) CSR in another Region provides email to Budget Analyst or CSR in R2 seeking funding approval (besides SF-49/SF-300, original order/quotes/catalog pages required).

5) Funding approval by Budget Analyst

Your thoughts regarding benefits are right on point too. With a start date of Monday,12-31-12, I have been advised that the earliest benefits can start is the beginning of the next pay period or Sunday 01-13-13 and that assumes the new employee completes the benefits forms timely.

I just wanted to clarify with you on the following as we are trying to set Margaret Steenburg's termination date from CF and start date with CESC but we don't want her to have any gap in her benefits coverage. The following is from the CF HR team:

Yes we can terminate her on December 29th, but the question is when will her GSA benefits begin. Our understanding from past conversations was that GSA benefits normally start on the first day of the next pay period, and that if an employee starts on a Sunday (December 30th) the employee needs to be

regularly scheduled to work on a Sunday (i.e., their normal work day has to be Sundays). Even if she met that criteria, we didn't think that GSA benefits began until the beginning of the next pay period.

Can you please let me know your thoughts on this and whether we should terminate her on the 29th from CF with the understanding that her GSA benefits will begin in 12/30? Thanks in advance for your assistance.

Greg:

We are looking to go forward with the Cartridge orders, will you confirm approval of the revised quote of \$7703 for the items?

Thanks,
Steve

Greg:

The quote for the printer cartridges comes in at \$7703. The amount is higher then GSA would like to approve before we proceed. We will need your sign off.

Thanks,
Steve

I am sorry but I am tied up with pre-scheduled meetings until 4:30 today. Perhaps Charlie Ferguson, the Foundation's Deputy HR Director can participate once you determine what might work for others. Otherwise, let me know if you want to try for tomorrow or Friday. FYI, Charlie is not available until at least 12:30 today. Thanks.

Hi

Laura cancelled her Haiti trip today so she can now join this call. Also joining this call will be Terry Sheridan our chief HR officer at the foundation. Please advise on your available times for today.

Thanks.

Open season for Health Insurance, Flexible Spending Accounts (FSA) and the Dental and Vision Insurance (FEDVIP) programs are from November 12th through December 10th.

Attached is a flyer detailing the dates of many of the Federal Office Building locations where health insurance carriers will be available to answer questions. It also gives enrollment information on the FSA and the FEDVIP programs.

The OPM web site <http://www.opm.gov/insure/openseason> is easy to use and an excellent source of information for all of the programs.

Additionally, attached is a copy of OPM Benefits Administration Letter 12-405: 2012 Federal Benefits Open Season: FSAFEDS and FEHB Program Significant Plan Changes and two Fast Facts pamphlets, which employees may find helpful.

This information is posted on our web site (www.newyorkcity.feb.gov) under the What's New section

Thank you.

Thank you.

We're flexible with the start date(s). Federal benefits would commence, at the earliest, with the first full pay period that the employees are on GSA rolls. In this case that would be Sunday 01-13-2013. Therefore if the Office of Former President Clinton would prefer Monday 12-31-2012 for the new employees to start that works for us or if it thinks a date later that work week is better for one or more of these new employees to come on the Federal rolls, that option works for us too.

Thanks Peter. So it sounds like Margaret, Jon and Ilya would need to start on 12/31/12 in order to start with their GSA benefits on 1/13/13. Is this possible or will this not work because they won't be processed in time. We need to have these three employees start their GSA benefits on 1/13/13. I would welcome your thoughts and suggestions.

Also adding my colleague Charles Ferguson for his thoughts.

Your interpretation is right on point.

If an employee starts on 12-31-12, the first scheduled work day of the pay period - benefits would become effective at the earliest the beginning of the following pay period, 01-13-13.

If the employee started on 01-14-13, the first scheduled work day of the pay period - benefits would become effective at the earliest the beginning of the following pay period, 01-27-13.

If Margaret is hired by GSA on January 13th, since she is not normally scheduled to work on Sundays, my understanding is that she will become eligible for GSA benefits on January 27th. (Note - I assume the GSA pay periods start January 13th and January 27th).

Please let me know your thoughts and if the above is correct what we could do to rectify the situation as we would like for her and Ilya and JD to begin their benefits on 1/13 as we discussed last week. Thanks again.

Greg – I strongly suggest you start Margaret on the GSA payroll on January 3rd. Otherwise she will not have medical or dental coverage for the first 12 days of January unless she elects COBRA. The reason is under our medical, dental and life insurance plans the coverage ends on the last day of the month during which your employment terminates. If she terminates from the Foundation on 12/30 her coverage ends on 12/31. If she terminates from the Foundation on 1/2 then her coverage ends on 1/31/13 and there is no gap.

Peter,

Sorry, one last question for you from our HR team regarding the new employees coming onto GSA benefits in January:

If Margaret is hired by GSA on January 13th, since she is not normally scheduled to work on Sundays, my understanding is that she will become eligible for GSA benefits on January 27th. (Note - I assume the GSA pay periods start January 13th and January 27th).

Please let me know your thoughts and if the above is correct what we could do to rectify the situation as we would like for her and Ilya and JD to begin their benefits on 1/13 as we discussed last week. Thanks again.

Best,

Greg

Thanks Peter. So it sounds like Margaret, Jon and Ilya would need to start on 12/31/12 in order to start with their GSA benefits on 1/13/13. I would welcome your thoughts and suggestions.

Your interpretation is right on point.

If an employee starts on 12-31-13, the first scheduled work day of the pay period - benefits would become effective at the earliest the beginning of the following pay period, 01-13-13.

If the employee started on 01-14-13, the first scheduled work day of the pay period - benefits would become effective at the earliest the beginning of the following pay period, 01-27-13.

Your thoughts regarding benefits are right on point too. With a start date of Monday, 12-31-12, I have been advised that the earliest benefits can start is the beginning of the next pay period or Sunday 01-13-13 and that assumes the new employee completes the benefits forms timely.

Joe/Peter,

I just wanted to clarify with you on the following as we are trying to set Margaret Steenburg's termination date from CF and start date with CESC but we don't want her to have any gap in her benefits coverage. The following is from the CF HR team:

Yes we can terminate her on December 29th, but the question is when will her GSA benefits begin. Our understanding from past conversations was that GSA benefits normally start on the first day of the next pay period, and that if an employee starts on a Sunday (December 30th) the employee needs to be regularly scheduled to work on a Sunday (i.e., their normal work day has to be Sundays). Even if she met that criteria, we didn't think that GSA benefits began until the beginning of the next pay period.

Can you please let me know your thoughts on this and whether we should terminate her on the 29th from CF with the understanding that her GSA benefits will begin in 12/30? Thanks in advance for your assistance.

Best,
Greg

Steve,

Thanks again. We have decided to temporarily lease the phones until we can determine what exactly we need in terms of the available 7900 series models and the associated features. The one piece of equipment we do need to order today is the CP-7937G model (3rd from the bottom on the attached) which we will need to replace our current conference room speaker phone. If we could order this phone today that would be great. As discussed we have been advised that the refurbished model is fine and we do not need to order a brand new one considering the price differential.

Thanks,
Greg

The address is not correct, I can correct it. I am not sure it is the right envelope. We do so many different versions for each of his activities. I have attached an old sample that might be the correct one

Good morning Jim,

Thanks for the proofs, I am going to send to to President Clinton's office manager for review.

Are you sure the address on the first proof is correct? I will ask them to check everything and I will get back to you to approve as soon as I can

Also, please let me know when the registration in SAM is complete.

Thanks

Importance: High

I spoke to Gary at the Copy Room. He told me if we order 2000 sheets, the price is \$200 plus \$20 for delivery by messenger, hopefully on Wednesday if I can get approval today. Anything more than that would have to go by truck and would cost considerably more, so it's probably best to order 2000 at this time and reorder whenever needed.

H Helen,
One of our local vendors, the Copy Room in NIC is offering us a very nice deal on the 85 x 11 cardboard (which is called chip board) \$200 for 2000 sheets plus \$20 delivery. We worked with them in the past and they are very accommodating and generous with their services. Their phone number is (212) 371-8600.

We are running critically low on cardboard. All we have left is a small emergency stash to use for VIPs and WJC's friends.

Many thanks,
Gen

Thanks Terry,

For your awareness we sent over an initial response that was just data out of the financial system in the hopes that that would be considered responsive to the request, but we believe they will come back and ask for the actual invoices, contract documents, etc. OCIA is going to route the formal request for this information including deadlines through the BR organization so you'll get it that way, but I wanted to let you know in advance since you have been so helpful!

Liz,

Please find attached the spreadsheet lists: One for OFF GWBush FP 43 and one for OFF GHWBush FP41. These lists were begun to record FY15 costs. I have continued recording FY16 on them as well rather than create a new sheet for FY16.

For each vendor listed, we should be able to provide a copy of the invoice submitted. These lists do not include routine office supply purchases made through FSSI. They also do not reflect Misc Voucher reimbursement requests we occasionally receive, travel expenses, or lease and rental costs.

Hope these meet the need. Please let me know if I can provide anything else.

Liz,

Can you clarify a little more for me what is needed? Do you just need a couple representative receipts, invoices, for each FP office, etc., or do you need something more extensive, like everything for each FP office in FY15 or what?

I'm uncertain as to how much to provide. I keep a spreadsheet payment tracking listing for each office, which lists all that we pay. This would give you an idea of our payment volume. I could provide a copy of any receipt/invoice from any vendor on that list,

Would just a list like that be helpful? Or, do you need actual receipts/invoices?

This will help us inform the committee of the types of documents that we will be able to provide.

Hello,

Attached for GSA's approval is a purchase request from the Office of President Clinton. We'd like to order 2,500 small envelopes used for letters and greeting cards sent in President Clinton's role as a former President. Tina has signed as approval from our office.

Once GSA gives the okay, I can place the order with Precise, ccing Liz, and asking them to reach out to her for payment.

Thanks, and I hope everyone has been having a great December!

Hi Helen,

I hope that you had a good weekend. We have some questions regarding the Clinton Office new hires. What date did they start? We typed 2/22/2011 on their appointment affidavits, however, we are uncertain of their exact start date.

Ilya Aspis emailed me some scanned paperwork for Mr. Cooper, however, I have not received Mr. Cooper's originals. I received Mr. Flores Fedex package with original paperwork, however, it is missing some paperwork. We are unable to process Mr. Flores and Mr. Cooper into our HR systems or payroll until the paperwork is completed in it's entirety.

MR. FLORES

Forms missing:

SF61 - need the form to be signed by the appointee. Please have someone in your office sign as the "officer"

Optional Form 306 - Please have him complete and sign the signature page again. Do not have him sign 17a. He should sign 17b with the date that he was "appointed" (first day on the job)

I-9 - Please have whomever reviewed Mr. Flore's passport, please complete Section 2, "certification" section.

Please make a copy of Mr. Flores' passport

SF181 - Mr. Flores did not check off his "racial category" on the bottom of the form (if you let me know which code to check off- I will handwrite it in)

SF256 - Mr. Flores did not enter his code for disability (if you let me know which code- I can handwrite it in)

SF2809 (Federal Employees Health Benefits Election Form) - need to complete part B & part C

Can be done in the first 60 days

TSP-1

SF2817

Optional forms:

SF1152 (Designation of Beneficiary Unpaid Compensation of Deceased Civilian Employee)

SF3102 (Designation of Beneficiary Federal Employee's Retirement System)

SF2823 (Designation of Beneficiary Federal Employees; Group Life Insurance)

MR.COOPER:

Forms missing:

ALL ORIGINALS

Hi Helen,

I hope that you had a good weekend. We have some questions regarding the Clinton Office new hires. What date did they start? We typed 2/22/2011 on their appointment affidavits, however, we are uncertain of their exact start date.

Ilya Aspis emailed me some scanned paperwork for Mr. Cooper, however, I have not received Mr. Cooper's originals. I received Mr. Flores Fedex package with original paperwork, however, it is missing some paperwork. We are unable to process Mr. Flores and Mr. Cooper into our HR systems or payroll until the paperwork is completed in it's entirety.

MR. FLORES

Forms missing:

SF61 - need the form to be signed by the appointee. Please have someone in your office sign as the "officer"

Optional Form 306 - Please have him complete and sign the signature page again. Do not have him sign 17a. He should sign 17b with the date that he was "appointed" (first day on the job)

I-9 - Please have whomever reviewed Mr. Flore's passport, please complete Section 2, "certification" section.

Please make a copy of Mr. Flores' passport

SF181 - Mr. Flores did not check off his "racial category" on the bottom of the form (if you let me know which code to check off- I will handwrite it in)

SF256 - Mr. Flores did not enter his code for disability (if you let me know which code- I can handwrite it in)

SF2809 (Federal Employees Health Benefits Election Form) - need to complete part B & part C

Can be done in the first 60 days

TSP-1

SF2817

Optional forms:

SF1152 (Designation of Beneficiary Unpaid Compensation of Deceased Civilian Employee)

SF3102 (Designation of Beneficiary Federal Employee's Retirement System)

SF2823 (Designation of Beneficiary Federal Employees; Group Life Insurance)

MR.COOPER:

Tina, Please find attached a proposed FY 2015 budget that we can use as a starting point to discuss the FY 2015 budget.

The proposed OFP FY 2015 budget amounts to \$740K which is slightly higher by \$4K than the FY 2014 approved budget (\$736K).

The increase is due to:

(1) \$3,451 increase in the Rent Estimate as the result of a yearly CPI (Customer Price Increase) in the FY 2015 Rent Estimate (this amount is provided by Walter Moldovan, the GSA Realty Specialist assigned to your lease location).

(2) \$498 increase in the estimate DHS charge that is assigned to your GSA lease location (this amount is also provided by Walter Moldovan)

Would you like me to request an increase or re-align monies so no increase is requested.

If you decide to re-align monies, we can re-align the monies as follows:

- Fedex charges can be reduced from \$4,800 to \$1,200 which will cover the CPI charges and the reduction to \$1,200 matches recent year's spending for this line item)

- the remainder \$400 can be reduced in discretionary spending for Other Services to \$91,58

Also, before we finalize your FY 2015 budget; we should discuss your purchase requirements.

Once you have reviewed the files, please contact me so we can begin discussions. Once we finalize your budget, I will request a concurrence of the final approved amounts.

The due date is 6/18
